Amendment no. 004 is raised to:

1. DELETE: solicitation closing date at 14:00 EDT on November 8, 2012
INSERT: solicitation closes at 14:00 EDT on November 15, 2012
2. DELETE the Purchase Description released with the solicitation
INSERT a revised Purchase Description
3. A pre-award sample is now required - after bid closing.
Note that if the bidder is awarded the contract, the pre-award sample will form part of the 214 deliverables.

If, however, the contract is not awarded to the bidder, the pre-award sample will simply be returned.

1.1 TECHNICAL EVALUATION

1.1.1 MANDATORY TECHNICAL CRITERIA

PRE-AWARD SAMPLE AND SUPPORTING DOCUMENTATION

As part of the technical evaluation, to confirm a bidder's capability of meeting the technical requirements, one (1) pre-award sample of the item, including all accessories, will be required after the bid closing date upon a written request from PWGSC.

The Bidder must ensure that the required pre-award sample is manufactured in accordance with the technical requirement and is representative of the bid submitted. Rejection of the pre-award sample will result in the bid being declared non-responsive.

The Bidder must deliver the required pre-award sample at no charge to Canada and must ensure that it is received within 20 calendar days from request. Failure to submit the required pre-award sample within the specified time frame will result in the bid being declared non-responsive. The sample submitted by the Bidder will remain the property of Canada.

The pre-award sample will be evaluated for quality of workmanship and conformance to specified materials and measurements.

Minor observations (up to a maximum of 5) will not be a reason to reject the samples unless, in the opinion of the technical evaluators, they are considered to render the item unserviceable. However, only one deviation will result in the bid being declared non-responsive.

The requirement for a pre-award sample will not relieve the successful bidder from submitting samples as required by the contract terms or from strictly adhering to the technical requirement of this Request For Proposal and any resultant contract.

In the event that a component, (i.e. zipper, hook and loop etc.) is not available to the Bidder in a time frame to manufacture the pre-award sample, the Bidder may use a similar substitute component. Also, the Bidder must include

a letter explaining the substitution submitted with the pre-award sample, together with a statement that, should the Bidder be awarded the contract, all materials will be strictly in accordance with the technical requirement.

A Request for a Proposal already submitted may be amended prior to closing time by sending the amended correspondence to Bid Receiving, the envelope/fax bearing the Solicitation No. W8486-135769/A and the new closing date 15 November 2012.
