Insert attached revised Annex B, Basis of Payment

Questions:

Q2: What does the Crown consider to be Master Price List/Manufacturers' Suggested Retail Price List? Does this also refer to the bidders' list or catalogue prices?

R2: Section A-1 at Annex B, Basis of Payment should read "Miscellaneous Builders/Architectural Hardware/Supplies shall be charged in accordance with the Manufacturer's Suggested Retail Price (MSRP)." This does not mean Bidder's list or catalogue prices. See changes in revised Annex B, Basis of Payment.

Q3: In order to ensure that the discounts are being evaluated fairly, what benchmark is in place to ensure that best value is being offered to the Crown through the discounts proposed in Section A-1 as well as in Section B-1?

R3: At Section A-1 of the Basis of Payment, the estimated expenditures for each manufacturer will be reduced by the discount off the Manufacturer's Suggested Retail Price List offered by the Bidder to determine the value used in the Financial Evaluation.

At Section B-1 of the Basis of Payment, the estimated expenditures are provided for information purposes only to allow the Bidder to offer an additional discount if available. This section will not be part of the Financial Evaluation. Offerors should identify the price list to which the discount applies. At the time of Call-Up, Canada will determine if the discounted price offered is fair and reasonable. See changes in revised Annex B, Basis of Payment.

ANNEX "B" BASIS OF PAYMENT

Basis of Payment

This applies to the Standing Offer(s) for each respective areas: Borden and surrounding area, Kingston and surrounding area, Petawawa and surrounding area, Trenton and surrounding area and GTA and surrounding area.

1. Call-ups by Users in "area(s) and surrounding area" Identified for Service in the SO:
Offeror(s) will be paid in Canadian dollars, firm unit and/or lot price(s), GST and HST extra, Customs duties and Excise taxes included, FOB Destination, **including delivery charges**, as indicated in "Column A".
2. Call-ups by Users Outside of "area(s) and surrounding area" Identified for Service in the SO:
Offeror(s) will be paid in Canadian dollars, firm unit and/or lot price(s), GST and HST extra, Customs duties and Excise taxes included, FOB Destination, **delivery charges extra**, as indicated in "Column B".
2. The unit prices offered below are ceiling prices, subject to downward adjustment only, for the Standing Offer period.
3. Minimum order for delivery is \$50.00. For delivery purposes, an order can consist of delivery(ies) for one or multiple call-up contracts.
4. For items listed in Section A-1 below, discounts must be taken from Manufacturer's Suggested Retail Price List.

1. Each invoice must show the discount amount as a separate line item. A sentence on the invoice stating the discount has been included in the unit price is NOT acceptable.
2. The Offeror must invoice separately for each call-up delivered/completed, unless otherwise requested by the Project Authority.
3. If the Project Authority requests consolidated invoicing, the Contractor must submit consolidated invoices that cover all call-ups that have been delivered/completed for that Project Authority during the month prior to the date of the invoice.
4. Any request from a Project Authority for consolidated invoicing must be in writing and must be signed by an authorized representative of that Identified User.
