Amendment Number 001 is being issued to make revisions to the Request for Proposal (RFP) document and to provide answers to bidders questions received to date.

**At Statement of Work, Appendix 1 to Annex A  
At Section B), Item 4.**

Delete:

4. Helicopter to be provided must be an R44 capable of carrying pilot and 3 spotters which must be fuelled at the Stayner airport and flying time to and from airport must be included in the survey time which should total an 8 hour day for surveying.

Insert:

4. The Helicopter to be provided must be capable of carrying pilot and three spotters, and fuel for up to 2 hours with surveying time not to exceed 4 hours.

**At Annex B, Basis of Payment**

**At Optional Requirement, Item 4 for Year 1, Year 2, Year 3, Year 4 and Year 5**

Delete: Survey based on approximately 8 hours

Insert: Survey based on approximately 4 hours

**Questions and Answers**

Q1. As per the SOW, Specifications, Article 3.1 APPLICATION RATE

.1 Aerial application for Spring Aedes mosquito species larvae:

.1 The rate of application of Vectobac 200G must be in accordance with the permit issued to the Contractor by MOE of product per hectare.

Since the product is the responsibility of the contractor, the actual rate of application is required to evaluate this tender. If it is left to the contractor, the minimum quantity will be used for pricing purposes in order to stay competitive.

Please state the required application rate for spring and summer treatments.

- A1. The rate of application for both spring and summer treatments will be a minimum of 4.5 Kg of product per hectare, however, for the spring treatment the screen sizing to be 10/14 mesh and the summer treatment screen sizing to be 5/8 mesh.
- Q2. Does a company that has no experience in aerial spraying, but has a new employee with 20 years experience in aerial spraying qualify under mandatory technical criteria?
- A2. No, the Mandatory Technical Criteria states "The Bidder must have a minimum of 5 years documented experience in aerial spraying" and "must provide details of three (3) contracts performed that were similar in scope and size related to aerial spraying of Mosquito Larvecide."

- 
- Q3. Under Scope of Work Part B, Para 4. Helicopter to be provided is a R44 capable of carrying pilot and 3 spotters which is to be fuelled at Stayner airport and flying time to and from airport to be included in the survey time which should total 8 hour day for surveying?
- A3. The statement should read: The Helicopter to be provided must be capable of carrying pilot and three spotters, and fuel for up to 2 hours with surveying time not to exceed 4 hours.

All other terms and conditions remain unchanged.
