Amendment 001 is being created for the following:

The following Questions are being asked by potential bidders:

Question 1

I have an interest in submitting a proposal for the RFP W7707-135604/A Survey of Underwater Warfare System for DRDC-A. I was wondering if you could clarify Annex D Conflict of Interest in Future Bid Solicitations.

I am a one person company that gets subcontracts from the major sonar suppliers. My concern in reading Annex D is that if I performed the work for the survey and the Crown decides to make a procurement of a sonar identified in the survey that it would be a conflict of interest if I accepted a subcontract with the sonar supplier for that procurement. Is this correct or have I extrapolated too much?

Question 2

We are considering submitting a bid on the subject solicitation. However, our company is a potential supplier for the equipment related to this market survey. If we were awarded the contract to conduct the market survey, will we be disqualified or in any way precluded from participating in a possible future procurement of the equipment?

Answer applies to both Question 1 and Question 2

It would (strictly speaking) be a conflict of interest for the contractor to perform the market survey and then accept work (even as a subcontractor) related to the delivery of the equipment.

*** All other terms and conditions remain the same.**
