ADDENDUM 001

The following changes in the tender documents are effective immediately. This addendum will form part of the contract documents.

BIDDER'S QUESTIONS

1. Would Public Works accept refurbished equipment if the warranty and specification of the tender were met as if the equipment was new. We are receiving feedback from our suppliers that new equipment may not be available in time to meet the March 2013 project deadline.

Answer:

Refurbished equipment will be accepted, provided the system warranty includes all system sub components and parts for a minimum of one year from date of commissioning from defects in workmanship or material. The contractor will replace at no cost to PWGSC defective material, equipment and parts.

All other terms and conditions remain unchanged.
