### Solicitation Amendment No. 3

This solicitation amendment is raised to answer questions from potential bidders and clarify a mandatory evaluation criterion MT15.

#### Questions and Answers:

**Question 2:** Reference – Attachment 1 to Part 4 – Stream 5 -Sr ILS Technician requirements (page 16 of 56). With respect to the subject solicitation, would a Line Systems Technician/Manager Line Systems Technician QL6B qualification from CF School of Communications and Electronics suffice to fully address both MT14 and MT15 mandatory requirements?

**Answer 2:** A Line Systems Technician/Manager Line Systems Technician QL6B qualification from CF School of Communications and Electronics, or a qualification in a technical Military Operation Code (MOC) at the journeyman level in Electrical/Communications or related IM/IT field of study would be an acceptable equivalent to a Technologist Diploma. To be compliant bidders would need to provide a copy of the former military members Military Personnel Records Resume (MPRR) or equivalent documentation. Mandatory requirement MT14 remains unchanged. Mandatory requirement MT15 is revised as detailed below.

At “2. Mandatory Technical Criteria” on page 16 of the Solicitation:
