14 May 2012

The following changes to the Request for Proposal Documents are effective immediately. These changes will form part of the RFP/Contract documents.

Proposals will be evaluated based on Technical Criteria and Price.

Section 2: Selection

2.1 General

DELETE:

The responsive bid with the lowest evaluated price will be recommended for award of a contract.

ADD:

The responsive submission receiving the highest total point rating (technical + price) will be considered highest ranked and will be recommended for award of a contract.

Total Scores will be established in accordance with the following:

Technical Rating	70 Points
Price Rating	30 Points
Total Score	100 Points

2.2 Financial Evaluation

ADD:

Price proposal envelopes corresponding to response proposals which have achieved the pass mark of 65 points are opened upon completion of the technical evaluation. An average price is determined by adding all the price proposals together and dividing the total by the number of price proposals being opened.

All price proposals which are greater than twenty-five percent (25%) above the average price will be set aside and receive no further consideration.

The remaining price proposals are rated as follows:

The lowest priced proposal receives a Price Score of 30

The second, third, fourth and fifth lowest prices receive Price Scores of 24, 18, 12, and 6 respectively. All other price proposals receive a Price Score of 0.

On the rare occasions where two (or more) price proposals are identical, the matching price proposals receive the same rating and the corresponding number of following ratings are skipped.

The top ranked proposal is the one with the highest Total Score (Technical Score plus Price Score). In the case of a tie, the Offeror submitting the lower cost for the services will be selected.

Refer to the additional changes made to the RFP document issued 11 May 2012.
