## Amendment 001 - Intermediate Technician

### Question from bidder with response back from Public Works and Government Services Canada.

**Q1.** At Part 7 of the RFP it says Resulting Contract Clauses, para 3. Security Clearance, item #2, 2. The Contractor personnel requiring access to PROTECTED/CLASSIFIED information, assets or sensitive work site(s) must EACH hold a valid personnel security screening at the requisite level of **RELIABILITY or SECRET**, granted or approved by CIISD/PWGSC. Can we confirm that the proposed resource must have enhanced **OR** Secret at bid closing ? If that's the case then MT3 will need to be modified.

**A1.** The proposed resource must have Secret at bid closing as per MT3 found under Part 4 - Evaluation Procedures and Basis of Selection and which reads as follows:

MT3 At bid closing, the Bidder must provide proof of valid personnel security screening at the SECRET level. As proof of compliance, at a minimum, the following must be provided:

- Name of the proposed technician;
- Level of valid Security Clearance obtained;
- Security expiry date; and
- Security Screening Certificate and Briefing Form file number.

**Q2.** Will a clearance held by DND be acceptable?

**A2.** In regards to your question 2, and as per the security requirement of the Supply Arrangement, the Security Clearance is to be granted or approved by CIISD/PWGSC and as per the following:

**The Supplier must hold the following minimum security requirement in order to remain a Supplier. The Supply Arrangement Authority may verify the Supplier's security clearance with the Canadian and International Industrial Security Directorate (CIISD),**

**PWGSC at any time during the life of the Supply Arrangement.**

### SECURITY REQUIREMENT FOR CANADIAN SUPPLIER:

#### PWGSC FILE # E60ZH-070002SRCL2

1. The Supplier must, at all times during the performance of the Supply Arrangement hold a valid Facility Security Clearance at the level of SECRET **issued by the Canadian Industrial Security Directorate (CIISD), Public Works and Government Services Canada (PWGSC).**

2. The Supplier personnel requiring access to PROTECTED/CLASSIFIED information, assets or sensitive work site(s) must EACH hold a valid RELIABILITY or SECRET, **granted or approved by CIISD/PWGSC.**

3. The Supplier MUST NOT remove any PROTECTED/CLASSIFIED information or assets from the identified work site(s), and the Contractor/Offeror must ensure that its personnel are made aware of and comply with this restriction.

4. Subcontracts which contain security requirements are NOT to be awarded without the prior written permission of CIISD/PWGSC.

5. The Offeror shall comply with the provisions of:

- (a) The Security Requirements Check List (SRCL) E60ZH-070002SRCL2, described in Annex "B ";
- (b) The Industrial Security Manual (Latest Edition).

[Note to suppliers: In the case of Joint Ventures or Amalgamations, the highest level of corporate security attainable through CIISD of PWGSC is the lowest level held by any single member of the JV or amalgamation. For example: a Joint Venture with five (5) members is comprised of four members holding a valid Facility Security Clearance (FSC) at the Secret level and one member holding a valid Designated Organization Screening (DOS). The highest corporate security level for which the Joint Venture would be considered under this SA framework would be DOS, until such time as the member holding a valid DOS clearance has requested sponsorship via the Supply Arrangement Authority and obtained a valid FSC at the secret level issued by CIISD.]

The solicitation closing date is changed:
