This Request For Proposal (RFP) amendment 016 is to amend the RFP, distribute responses to inquiries and other communications so far submitted to Public Works and Government Services Canada (PWGSC) Contracting Authority.

Questions and Answers:

Q113. Section 3.1.8 of APPENDIX 8 TO ANNEX CB TO VOLUME 2 states:

"High Density Polyethylene (HDPE). A narrow strip of HDPE (plastic sheeting) must be used in the fabrication of the PALS attachment straps. The thickness of the HDPE must be .015" and must meet the specification at Vol.2, Annex CB, App. 8., Att., 2 and must be in the colour black. For the dimensions of the strip required for the attachment straps refer to Table I- Strap Lengths."

This (0.015" (1/64")) seems excessively thin; can PWGSC/DND confirm that this is the correct thickness? Would the Crown accept .063" thick (1/16")?

A113. 0.015" (1/64") is the right thickness for the HDPE.

Modifications to the RFP:

130. At Document: Volume 2, Annex CB, Appendix 8, Attachment 1, Figure 1: PALS Webbing Attachment Strap - Cross Section.:

DELETE: "HDPE plastic strip 0.15" thick" and

INSERT: "HDPE plastic strip 0.015" thick"

ALL OTHER TERMS AND CONDITIONS OF THE SOLICITATION REMAIN UNCHANGED
