### Enquiries - Bid Solicitation - Clause # 2.3

To ensure consistency and quality of information provided to bidders, significant enquiries received and the replies to such enquiries will be provided simultaneously to bidders to which the bid solicitation has been sent, without revealing the sources of the enquiries.

Here are the questions which we have received until now:

Question 1 : Will bids that take exception at any level to the terms and conditions be considered non-compliant?

**Answer 1 : This Request for proposal is a competitive bid solicitation; any bid taking exception at any level of our terms and conditions will be considered non-compliant.**

Question 2 : Annex "A", Sections A.1.2 and A.1.3:  
What is the actual wattage of the laser being used?

**Answer 2 : As stated in Annex "A", section A.1.3, the exact specifications of the system are considered to be sensitive, including the laser power. It is also stated in Annex "A", Section A.1.2, that the system shall be "kW-class".**

Question 3 : Appendix 1 of Annex "A", 2.2 Optical Design:  
Is the 200 ppm propagation loss requirement real?

**Answer 3 : DRDC confirms the required propagation loss to be at most 200 ppm.**

Question 4 : What is the expected expansion ratio of the system?

**Answer 4 : This question can be answered by providing the desired output aperture of the optical system which shall be in between 10 inches and 12 inches.**

All other terms and conditions of the solicitation remain the same.
