This Tender Amendment No. Five (5) is raised to include the following revision.

The following addendum to the tender documents is effective immediately. This addendum shall form part of the contract documents.

All other terms and conditions remain the same.

Addendum No. 5

1. **QUESTION AND ANSWER**

Q1: We are requesting an extension for the Saint John Ferry Terminal project closing December 11, 2012, by three days to December 14, 2012 for the following reasons:

- To review the trestle structure to verify whether the equipment required to execute the work can be safely supported.

Also, are there drawings available of the existing trestle and can an alternate coating for the piles be supplied in lieu of the fusion bonded epoxy coating?

A1: Unfortunately we cannot extend the closing date. Arrangements to visit the site can be made with the Terminal manager , Mr. Mike Adams 649 7704. He has all the plans of the existing structure on site. We cannot review alternatives to the pile coating at this late stage of the tender. Refer to SI02, Enquiries During the Solicitation Period which states that "Enquiries should be receive no later than five (5) calendar days prior to the date set for solicitation closing to allow sufficient time to provide a response. Enquiries received after that time may not result in an answer being provided."
