Solicitation Amendment 003 is raised by Canada to reattach Solicitation Amendment 001 and 002 as a result of formatting concerns raised by potential bidders.

## SOLICITATION AMENDMENT 001

This solicitation amendment is raised to:

1. Address the following clarification questions submitted by potential bidders; and
2. Modify the RFP.

### 1. CLARIFICATION QUESTIONS AND ANSWERS

PW #	RFP Ref.	Title/Topic	CQ#	Clarification Question	CR #	Clarification Response
1	Attachment A to Part 4 Bid Solicitation 47054-124625/A  Evaluation Procedures and Basis of Selection	Proof of Proposal	CQ #1.1	<p>Proof of Proposal Test: The documentation for the proof of proposal test requires: "Upon receiving notification from the Contracting Authority, the Bidder will be given a maximum of 7 business days to start the installation of the proposed solution."</p> <p>This requirement effectively excludes building kiosks to order as is common with these types of projects. We request that Canada revise this requirement to allow for a build to order solution.</p>	CR 1.1	Canada has considered the request; however, the Proof of Proposal requirements will remain the same.
2	Attachment D to Part 4 Bid Solicitation 47054-124625/A  Pricing Requirements and Financial Evaluation Costing Model	Pricing Tables	CQ# 1.2	Pricing Table 2-1 appears to be missing an entry for the Kiosk Enclosure, please could this be added?	CR 1.2	Canada has considered the request and an entry for Kiosk Enclosure has been added to pricing table 2.1. See modifications section of Solicitation Amendment 001 below.
3	Notice Description for Kiosk Replacement RFP on MERX	Contract Period and Options	CQ# 1.3	<p>In the process of reviewing this synopsis and then the RFP which was downloaded from MERX, there was a discrepancy about the term of the contract. In the summary page I see 28 months plus 5 optional 1 year extensions. In the RFP, section 7, it states a term of 60 months plus 5 optional 1 year extensions.</p> <p>I assume the RFP is correct, but wanted to advise.</p>	CR 1.3	The Contract period stated in the Bid Solicitation is correct. The initial contract period is 60 months plus 5 optional 1 year extensions. The Contract period stated in the synopsis has been corrected under the modifications section of Solicitation Amendment 001 below.
4	Bid Solicitation Part 7 Resulting Contract Clauses	Limitation of Liability	CQ# 1.4	<p>With respect to solicitation number 47054-124625/A, could you please clarify the following:</p> <p>Part 7 – Resulting Contract Clauses: In reviewing Part 7 of the RFP, it is noted the standard Limitation of Liability clause is listed in the Table of Contents of the RFP; however, the clause</p>	CR 1.4	Canada has considered the request and inserted SAAC Manual clause N0000C "Limitation of Liability – Information Management/Information Technology" to section 7 "Resulting Contract Clauses" of the Bid Solicitation. The clause has been added to the

PW #	RFP Ref.	Title/Topic	CQ#	Clarification Question	CR #	Clarification Response
				<p>liability with respect to this procurement. As such, we request that the limitation of liability clause, similar to the following, be added to the resulting contract clauses in the RFP.</p> <p><b>30. Limitation of Liability - Information Management/Information Technology</b></p> <p>(a) This section applies despite any other provision of the Contract and replaces the section of the general conditions entitled "Liability". Any reference in this section to damages caused by the Contractor also includes damages caused by its employees, as well as its subcontractors, agents, and representatives, and any of their employees. This section applies regardless of whether the claim is based in contract, tort, or another cause of action. The Contractor is not liable to Canada with respect to the performance of or failure to perform the Contract, except as described in this section and in any section of the Contract pre-establishing any liquidated damages. The Contractor is only liable for indirect, special or consequential damages to the extent described in this Article, even if it has been made aware of the potential for those damages.</p> <p>(b) <b>First Party Liability:</b></p> <p>(i) The Contractor is fully liable for all damages to Canada, including indirect, special or consequential damages, caused by the Contractor's performance or failure to perform the Contract that relate to:</p> <p>(A) any</p>		below.

PW #	RFP Ref.	Title/Topic	CQ#	Clarification Question	CR #	Clarification Response
				<p>property rights to the extent the Contractor breaches the section of the General Conditions entitled "Intellectual Property Infringement and Royalties";</p> <p>(B) physical injury, including death.</p> <p>(ii) The Contractor is liable for all direct damages affecting real or tangible personal property owned, possessed, or occupied by Canada.</p> <p>(iii) Each of the Parties is liable for all direct damages resulting from any breach of confidentiality under the Contract. Each of the Parties is also liable for all indirect, special or consequential damages in respect of any unauthorized disclosure of the other Party's trade secrets (or trade secrets of a third party provided by one Party to another under the Contract) relating to information technology.</p> <p>(iv) The Contractor is liable for all direct damages relating to any encumbrance or claim relating to any portion of the Work for which Canada has</p>		

PW #	RFP Ref.	Title/Topic	CQ#	Clarification Question	CR #	Clarification Response
				<p>encumbrances or claims relating to intellectual property rights, which are addressed under (i)(A) above.</p> <p>(v) The Contractor is also liable for any other direct damages to Canada caused by the Contractor in any way relating to the Contract, including:</p> <p>(A) any breach of the warranty obligations under the Contract, up to the total amount paid by Canada (including any applicable taxes) for the goods and services affected by the breach of warranty; and</p> <p>(B) any other direct damages, including all identifiable direct costs to Canada associated with re-procuring the Work from another party if the Contract is terminated either in whole or in part for default, up to an aggregate maximum for this</p>		

PW #	RFP Ref.	Title/Topic	CQ#	Clarification Question	CR #	Clarification Response
				<p>of .75 times the total estimated cost (meaning the dollar amount shown on the first page of the Contract in the cell titled "Total Estimated Cost" or shown on each call-up, purchase order or other document used to order goods or services under this instrument) , or \$2,000,000 .</p> <p>(C) In any case, the total liability of the Contractor under subparagraph (v) will not exceed the total estimated cost (as defined above) for the Contract or \$2,000,000 whichever is more.</p> <p>(vi) If Canada's records or data are harmed as a result of the Contractor's negligence or willful act, the Contractor's only liability is, at the Contractor's own expense, to restore Canada's records and data</p>		

PW #	RFP Ref.	Title/Topic	CQ#	Clarification Question	CR #	Clarification Response
				<p>Canada is responsible for maintaining an adequate back-up of its records and data.</p> <p>(c) <b>Third Party Claims:</b></p> <p>(i) Regardless of whether a third party makes its claim against Canada or the Contractor, each Party agrees that it is liable for any damages that it causes to any third party in connection with the Contract as set out in a settlement agreement or as finally determined by a court of competent jurisdiction, where the court determines that the Parties are jointly and severally liable or that one Party is solely and directly liable to the third party. The amount of the liability will be the amount set out in the settlement agreement or determined by the court to have been the Party's portion of the damages to the third party. No settlement agreement is binding on a Party unless its authorized representative has approved the agreement in writing.</p> <p>(ii) If Canada is required, as a result of joint and several liability, to pay a third party in respect of damages</p>		

PW #	RFP Ref.	Title/Topic	CQ#	Clarification Question	CR #	Clarification Response
				<p>reimburse Canada by the amount finally determined by a court of competent jurisdiction to be the Contractor's portion of the damages to the third party. However, despite Sub-article (i), with respect to special, indirect, and consequential damages of third parties covered by this Section, the Contractor is only liable for reimbursing Canada for the Contractor's portion of those damages that Canada is required by a court to pay to a third party as a result of joint and several liability that relate to the infringement of a third party's intellectual property rights; physical injury of a third party, including death; damages affecting a third party's real or tangible personal property; liens or encumbrances on any portion of the Work; or breach of confidentiality.</p> <p>(iii) The Parties are only liable to one another for damages to third parties to the extent described in this Sub-article (c).</p>		
5	Bid Solicitation	Bid Solicitation Closing (page 1 of	CQ #1.5	As an interested party looking to respond to this solicitation, we would like to, by way of this communication, formally request	CR #1.5	Canada has considered the request and extended the bid solicitation close date to September 24, 2012 at 2:00 PM

PW #	RFP Ref.	Title/Topic	CQ#	Clarification Question	CR #	Clarification Response
				<p>Currently the RFP states a due date of Monday 10 September 2012 at 14:00 hrs.</p> <p>Understanding that the current provider (s) of the system is (are) an incumbent (s), we feel that the added time allotted would give us, and other vendors, sufficient time to define and present the solution as required in the RFP.</p> <p>Therefore, we would like to request a due date of <u>Monday 01 October of 2012 at 14:00 hrs.</u></p>		Solicitation Amendment 001 below.

## M1.2 At Part 7 of Bid Solicitation 47054-124625/A (page 54 of 54)

### INSERT: 30. Limitation of Liability - Information Management/Information Technology

1. This section applies despite any other provision of the Contract and replaces the section of the general conditions entitled "Liability". Any reference in this section to damages caused by the Contractor also includes damages caused by its employees, as well as its subcontractors, agents, and representatives, and any of their employees. This section applies regardless of whether the claim is based in contract, tort, or another cause of action. The Contractor is not liable to Canada with respect to the performance of or failure to perform the Contract, except as described in this section and in any section of the Contract pre-establishing any liquidated damages. The Contractor is only liable for indirect, special or consequential damages to the extent described in this section, even if it has been made aware of the potential for those damages.
2. First Party Liability:
  - a. The Contractor is fully liable for all damages to Canada, including indirect, special or consequential damages, caused by the Contractor's performance or failure to perform the Contract that relate to:
    - i. any infringement of intellectual property rights to the extent the Contractor breaches the section of the general conditions entitled "Intellectual Property Infringement and Royalties";
    - ii. physical injury, including death.
  - b. The Contractor is liable for all direct damages caused by the Contractor's performance or failure to perform the Contract affecting real or tangible personal property owned, possessed, or occupied by Canada.
  - c. Each of the Parties is liable for all direct damages resulting from its breach of confidentiality under the Contract. Each of the Parties is also liable for all indirect, special or consequential damages in respect of its unauthorized disclosure of the other Party's trade secrets (or trade secrets of a third party provided by one Party to another under the Contract) relating to information technology.
  - d. The Contractor is liable for all direct damages relating to any encumbrance or claim relating to any portion of the Work for which Canada has made any payment. This does not apply to encumbrances or claims relating to intellectual property rights, which are addressed under (a) above.

- e. The Contractor is also liable for any other direct damages to Canada caused by the Contractor's performance or failure to perform the Contract that relate to:
- i. any breach of the warranty obligations under the Contract, up to the total amount paid by Canada (including any applicable taxes) for the goods and services affected by the breach of warranty; and
  - ii. any other direct damages, including all identifiable direct costs to Canada associated with re-procuring the Work from another party if the Contract is terminated either in whole or in part for default, up to an aggregate maximum for this subparagraph (ii) of the greater of .75 times the total estimated cost (meaning the dollar amount shown on the first page of the Contract in the block titled "Total Estimated Cost" or shown on each call-up, purchase order or other document used to order goods or services under this instrument), or \$2,000,000.00.
- In any case, the total liability of the Contractor under paragraph (e) will not exceed the total estimated cost (as defined above) for the Contract or \$2,000,000.00, whichever is more.
- f. If Canada's records or data are harmed as a result of the Contractor's negligence or willful act, the Contractor's only liability is, at the Contractor's own expense, to restore Canada's records and data using the most recent back-up kept by Canada. Canada is responsible for maintaining an adequate back-up of its records and data.
3. Third Party Claims:
- a. Regardless of whether a third party makes its claim against Canada or the Contractor, each Party agrees that it is liable for any damages that it causes to any third party in connection with the Contract as set out in a settlement agreement or as finally determined by a court of competent jurisdiction, where the court determines that the Parties are jointly and severally liable or that one Party is solely and directly liable to the third party. The amount of the liability will be the amount set out in the settlement agreement or determined by the court to have been the Party's portion of the damages to the third party. No settlement agreement is binding on a Party unless its authorized representative has approved the agreement in writing.
  - b. If Canada is required, as a result of joint and several liability, to pay a third party in respect of damages caused by the Contractor, the Contractor must reimburse Canada by the amount finally determined by a court of competent jurisdiction to be the Contractor's portion of the damages to the third party. However, despite paragraph (a), with respect to special, indirect, and consequential damages of third parties covered by this section, the Contractor is only liable for reimbursing Canada for the Contractor's portion of those damages that Canada is required by a court to pay to a third party as a result of joint and several liability that relate to the infringement of a third party's intellectual property rights; physical injury of a third party, including death; damages affecting a third party's real or tangible personal property; liens or encumbrances on any portion of the Work; or breach of confidentiality.
  - c. The Parties are only liable to one another for damages to third parties to the extent described in this sub-article 3.

## SOLICITATION AMENDMENT 002

This solicitation amendment is raised to:

1. Address the following clarification questions submitted by potential bidders; and
  2. Modify the RFP.
- 

### 1. CLARIFICATION QUESTIONS AND ANSWERS

PW #	RFP Ref.	Title/Topic	CQ #	Clarification Question	CR#	Clarification Response
1	Attachment C to Part 4  Technical Proposal Evaluation & Submission Tables	Rated Requirements	CQ #2.1	RFP requirement R49 mentions usage of BMC Event manager to which the KMS should provide a mechanism to automatically send notifications to the client' BMC Event manager. Is it possible for CBSA to confirm the mode in which this interface has to be configured, e.g. pull mode or push mode and nature of information about the nature of notifications going through that channel?	CR #2.1	It's a "push" mode. The information of the notifications include but are not limited to State changes, Application out of service, Loss of communications to the Kiosk(s), Out of paper etc...
2	Annex A Statement of Work  Section 6 General Project Requirements	Application Programming Interface	CQ #2.2	We understand from reading the RFP that the matcher delivered shall come with an API to render services such as de-duplication, insert and match, deletion, decision threshold or update of records. Does CBSA expect this API being web services based, Java enabled or both?	CR #2.2	Web Service is not expected, but acceptable. The API must be callable and accessible from Java
3	Attachment C to Part 4  Technical Proposal Evaluation & Submission Tables	Rated Requirements	CQ #2.3	The RFP states in requirement R78 some desirable solution features by stating that bidder's solution SHOULD include those features. Conditional statement brings up some ambiguity related to others dealing with the same topic but appearing as mandatory ones. Could CBSA help for a less ambiguous statement in the RFP related sections	CR #2.3	The Desirable Solution Features listed under R78 of Attachment C to Part 4 Bid Solicitation # 47054-124625 Technical Proposal Evaluation and Submission Tables - Rated Requirements would benefit CBSA by:  - Allowing a degree of flexibility and control by CBSA (i.e. Image Adjustable Quality, Printer Fonts, KMS source code, Camera software updates) over the proposed functionalities - Providing scalability (Middleware API Future Device Support, Document Reader Authentication) to support future capabilities - Allowing a degree of customization for CBSA to meet internal requirements (Dongle, Matcher Audit)
4	Attachment A to part 4 Bid Solicitation 47054-	Proof of Proposal	CQ #2.4	In step 5 Attachment A to part 4, Bidders are supposed to come with a Kiosk solution under these conditions: "upon receiving notification from the	CR #2.4	This question is related to the "design" of the Kiosk. The Design doesn't have to be the finished look as in production. However it must be testable so the relative

PW #	RFP Ref.	Title/Topic	CQ #	Clarification Question	CR#	Clarification Response
	<b>Evaluation Procedures &amp; Basis of Selection</b>			<p>maximum of 7 business days to start the installation of the proposed solution. The installation must be completely functional, ready for use (confirmed by Canada) within 5 business days of the Bidder starting the installation (7.5 hrs/day) and include the following:</p> <ul style="list-style-type: none"> <li>a. 4 copies of Iris Matcher software</li> <li>b. 1 Kiosk</li> <li>c. 1 Enrolment Centre Iris Camera including associated software and cabling</li> <li>d. 1 Kiosk in Pieces"</li> </ul> <p>Does this Kiosk has to be the ultimate Kiosk design presented by the bidder or does the bidder may dispose of any design changes, modifications or interpretations adaptations (related to original RFP) until RFU is pronounced by the Client ?</p>		<p>In the SOW 7b) Enclosure , we have the clause stating "b) The final Kiosk Enclosure's layout must be accepted and approved by the Client, within two months of Contract Award"</p>
5	<b>Bid Solicitation</b>		<b>CQ #2.5</b>	<p>In the proposal for RFP, what is the level of description expected for the design of the kiosk's enclosure?</p>	<b>CR #2.5</b>	<p>Nothing has been asked in the RFP, from Bidders, to provide description of the Kiosk's enclosure. But they are welcome to provide any description, drawing, picture etc... Nothing prevents them to submit those information</p>
6	<b>Bid Solicitation</b>	<b>Bid Solicitation Closing (page 1 of 253)</b>	<b>CQ #2.6</b>	<p>We understand that an important aspect of the Nexus project's success is the support level during 5 years, at least. What is the service level expected by CBSA? Indeed, after a careful review of the CBSA's RFP for the Trusted Traveller Kiosk for the NEXUS project, we respectfully <u>requests an extension of 21 days</u> for the final submission of proposals to October 1, 2012.</p> <p>This requested extension will allow all vendors time to review answers to questions and refine solutions, and submit a high quality response to CBSA. In our respect for the importance of this initiative for the CBSA and the NEXUS project, we recommend this extension to ensure the best possible responses and to enhance the competitive environment for this project.</p>	<b>CR #2.6</b>	<p>The service level is outlined in section 27 "Service Level for Kiosk Availability and Service Credits" of the Statement of Work in Annex A of the Resulting Contract of the Bid Solicitation as well the support package and maintenance is in the Pricing section, Attachment D to Part 4.</p> <p>Canada communicated an extension to the solicitation close date under Solicitation Amendment 001 to September 24th at 2:00 PM Eastern Daylight Savings Time. This remains unchanged.</p>
