2. Summary

Environment Canada has a requirement for the supply of Print and/or Online Subscription to Information Products as detailed in the Statement of Work in Annex A.

Environment Canada (EC) is a federal government department with over six thousand employees located in both the National Capital Region and in regional offices across the country. Environment Canada Library Services (EC Library Services) supports the science and technology (S&T), policy, regulatory and outreach activities of Environment Canada. Within the general framework of the department's mandate, EC Library Services has an essential role to contribute to the creation and diffusion of knowledge by maximizing access to authoritative, trusted and timely information resources and services. EC Library Services purchases approximately 300 print and electronic serials and databases through a subscription agent each year. A description of titles purchased for subscription year 2012 is contained in Appendix 1 of Annex A, for information purposes only. The quantity and titles will fluctuate annually.

Pursuant to section 01 of Standard Instructions 2003 and 2004, Bidders must submit a complete list of names of all individuals who are currently directors of the Bidder. Furthermore, as determined by the Special Investigations Directorate, Departmental Oversight Branch, each individual named on the list may be requested to complete a Consent to a Criminal Record Verification form.

3. Debriefings

After contract award, Bidders may request a debriefing on the results of the bid solicitation. Bidders should make the request to the Contracting Authority within 15 working days of receipt of notification that their bid was unsuccessful. The debriefing may be provided in writing, by telephone or in person.

PART 2 - BIDDER INSTRUCTIONS

1. Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the Standard Acquisition Clauses and Conditions (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) Manual issued by Public Works and Government Services Canada.

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The 2003 (2012-07-11), Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

The text under Subsection 4 of Section 01 - Code of Conduct and Certifications of 2004 referenced above is replaced by:

Bidders should provide, with their bid or promptly thereafter, a complete list of names of all individuals who are currently directors of the Bidder. If such a list has not been received by the time the evaluation of bids is completed, Canada will inform the Bidder of a time frame within which to provide the information. Failure to provide such a list within the required time frame will render the bid non-responsive. Bidders must always submit the list of directors before contract award.

Canada may, at any time, request that a Bidder provide properly completed and Signed Consent Forms (Consent to a Criminal Record Verification form - PWGSC-TPSGC 229) for any or all individuals named in the aforementioned list within a specified delay. Failure to provide such Consent Forms within the delay will result in the bid being declared non-responsive.

The text under Subsection 5 of Section 01 - Code of Conduct and Certifications of 2003 referenced above is replaced by:

The Bidder must diligently maintain the list up-to-date by informing Canada in writing of any change occurring during the validity period of the bid, and must also provide Canada, when requested, with the corresponding Consent Forms. The Bidder will also be required to diligently maintain the list and when requested, provide Consent Forms during the period of any contract arising from this bid solicitation.

Subsection 5.4 of 2003, Standard Instructions - Goods or Services - Competitive Requirements, is amended as follows:

Delete: sixty (60) days
Insert: one hundred eighty (180) days

Add Subsection 5.9 to 2003, Standard Instructions - Goods or Services - Competitive Requirements, Canada also reserves the following rights:

Although bids should be properly signed when submitted at bid closing, for this bid solicitation, if Canada determines that the Bidder has not signed the bid as required, Canada will provide the Bidder with an opportunity to submit a proper signature page. Bidders can sign their bids by copying the front page of this bid solicitation, signing it, and submitting it as part of their bid or by including a signature page in a prominent location in their bids.

2. Submission of Bids

Bids must be submitted only to Public Works and Government Services Canada (PWGSC) Bid Receiving Unit by the date, time and place indicated on page 1 of the bid solicitation. Bids sent directly to the Contracting Authority will not be considered.

Due to the nature of the bid solicitation, bids transmitted by facsimile to Public Works and Government Services Canada will not be accepted.

3. Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later ten (10) calendar days before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the questions or may request that the Bidder do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies to all bidders. Enquiries not submitted in a form that can be distributed to all bidders may not be answered by Canada.

4. Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in the province of Ontario.

Bidders may, at their own discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of its choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the Bidders.

5. Withdrawal of Information Product with Third Party Terms and Conditions

Bidder agrees that in the the Client requests the supply of Online Information Products during the Contract period, that if a Publisher submits their own terms and conditions such as but not limited to; a License Agreement, by which the Client must sign in order to get access to the Online Information Product bought through the Contractor, the Contractor agrees that in such event, the Online Information Product(s) will be removed from any resulting contract and Canada will proceed to procure that Online Information Product directly with the Publisher. The Publisher is considered a Third Party with regards to the contract between Canada and the Contractor. Bidders who do not accept the terms of Canada's contract will be declared non-responsive.

PART 3 - BID PREPARATION INSTRUCTIONS

1. Bid Preparation Instructions

Canada requests that bidders provide their bid in two separately bound sections as follows:

SECTION I - FINANCIAL BID (1 hard copy)

SECTION II - CERTIFICATIONS (1 hard copy)

Prices must appear in the financial bid only. No prices must be indicated in any other section of the bid

Canada requests that bidders follow the format instructions described below in the preparation of their bid:

- (a) use 8.5 x 11 inch (216 mm x 279 mm) paper;
- (b) use a numbering system that corresponds to the bid solicitation.

In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process Policy on Green Procurement

(<http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html>).

To assist Canada in reaching its objectives, bidders are encouraged to :

- 1) use 8.5 x 11 inch (216 mm x 279 mm) paper containing fibre certified as originating from a sustainably-managed forest and/or containing minimum 30% recycled content; and
- 2) use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duotangs or binders.

SECTION I: FINANCIAL BID

1.1 Bidders must submit their financial bid in accordance with the Service Fee Schedule found in Annex B section B5. The total amount of Goods and Services Tax or Harmonized Sales Tax must be shown separately, if applicable.

1.2 SACC Manual Clauses

C3011T (2010-01-11), Exchange Rate Fluctuation

SECTION II: CERTIFICATIONS

Bidders must submit the certifications required under Part 5.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

1. Evaluation Procedures

- (a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the bids.

1.1 Financial Evaluation

1.2.1 Mandatory Financial Criteria - Bidder must complete the Service Fee Schedule found in Annex C, Section C2.

Column A - 4 possible scenarios with respect to a portion of the requirement that may be procured as per Annex A - Statement of Work.	Column B - Subscriptions Acquisition, Subscriptions Management and Delivery of Subscriptions functions		
	Contractor's Firm "all-inclusive"* Service Fee, expressed as a %, GST/HST extra, if applicable.		
	Initial Period	Option Periods	
		Option Period #1	Option Period #2
	Jan 1, 2013 to Dec 31, 2013	Jan 1, 2014 to Dec 31, 2014	Jan 1, 2015 to Dec 31, 2015
Scenario 1 0% - 24.99% of the requirement	_____ %	_____ %	_____ %
Scenario 2 25% - 49.99% of the requirement	_____ %	_____ %	_____ %
Scenario 3 50% - 74.99% of the requirement	_____ %	_____ %	_____ %
Scenario 4 75% - 100% of the requirement	_____ %	_____ %	_____ %

In the Financial Bid, the Bidder must provide their firm "all-inclusive" service fee based on the 4 scenarios presented. For example, if the Client were to procure only 40% of the requirement listed in Annex A - Statement of Work, Appendix 1 - List of Titles, then Contractor's service fee for the Subscription Acquisition, Management and Delivery Services for Print Information Product Subscriptions will be: ____%. (Bidder to fill in the % in accordance with the ranges provided in the 4 scenarios in the table above).

The Financial Bid will be evaluated in accordance with Annex C.

2. Basis of Selection

2.1 To be declared responsive, a bid must:

(a) comply with all the requirements of the bid solicitation; and

(b) provide with Bid completed tables as detailed in Annex B, Section B.5.

2.2 Bids not meeting a) or b) above will be declared non-responsive.

2.3 The responsive bid with the lowest combined Bid Service Fee for Senerio 4 (Initial Period plus Option Periods) will be recommended for award of a contract. In the event of identical Bid Service Fees, the same selection process will be conducted for Scenerio 3, then if needed Scenerio 2 and then if needed Scenerio 1 until the lowest Bid Service Fee is determined. If there are still identical bids after the selection process noted above, the successful bidder will be chosen using the Treasury Board Contracting Policy on identical bids.

<http://buyandsell.gc.ca/policy-and-guidelines/supply-manual/section/5/65>

PART 5 - CERTIFICATIONS

Bidders must provide the required certifications to be awarded a contract. Canada will declare a bid non-responsive if the required certifications are not completed and submitted as requested.

Compliance with the certifications Bidders provide to Canada is subject to verification by Canada during the bid evaluation period (before award of a contract) and after award of a contract. The PWGSC Contracting Authority will have the right to ask for additional information to verify the Bidders' compliance with the certifications before award of a contract. The bid will be declared non-responsive if any certification made by the Bidder is untrue, whether made knowingly or unknowingly. Failure to comply with the certifications or to comply with the request of the PWGSC Contracting Authority for additional information will also render the bid non-responsive.

1. Code of Conduct Certifications - Certifications Required Precedent to Contract Award

1.1 Bidders should provide, with their bids or promptly thereafter, a complete list of names of all individuals who are currently directors of the Bidder. If such a list has not been received by the time the evaluation of bids is completed, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Bidders must submit the list of directors before contract award, failure to provide such a list within the required time frame will render the bid non-responsive.

The Contracting Authority may, at any time, request that a Bidder provide properly completed and Signed Consent Forms (Consent to a Criminal Record Verification form - PWGSC-TPSGC 229) for any or all individuals named in the aforementioned list within a specified delay. Failure to provide such Consent Forms within the delay will result in the bid being declared non-responsive.

<http://www.tpsgc-pwgsc.gc.ca/app-acq/forms/formulaires-forms-eng.html>

2 Certifications Precedent to Contract Award

The certifications listed below should be submitted with the bid but may be completed and submitted afterwards. If any of these required certifications is not completed or submitted as requested, the Contracting Authority will so inform the Bidder and provide the Bidder with a time frame within which to meet the requirement. Failure to comply with the request of the PWGSC Contracting Authority and meet the requirement within that time period will render the bid non-responsive.
