2. BASIS OF SELECTION

The lowest priced responsive bid which meets the requirement of the Federal Contractor's Program for Employment Equity indicated herein will be recommended for award of a contract.

Contractors will not be reimbursed for the cost of responding to this Request for Proposal

PART 5 - CERTIFICATIONS

Bidders must provide the required certifications to be awarded a contract. Canada will declare a bid non-responsive if the required certifications are not completed and submitted as requested.

Compliance with the certifications bidders provide to Canada is subject to verification by Canada during the bid evaluation period (before award of a contract) and after award of a contract. The Contracting Authority will have the right to ask for additional information to verify the bidders' compliance with the certifications before award of a contract. The bid will be declared non-responsive if any certification made by the Bidder is untrue, whether made knowingly or unknowingly. Failure to comply with the certifications or to comply with the request of the Contracting Authority for additional information will also render the bid non-responsive.

5.1 Certifications required with the Bid

Bidders must submit the following duly completed certifications as part as their bid.

5.1.1 CODE OF CONDUCT CERTIFICATIONS - CONSENT TO A CRIMINAL RECORD VERIFICATION

5.1.1.1 Bidders must submit with their bid, by the bid solicitation closing date:

The above should be completed and submitted with the bid by the bid solicitation closing date. If the above is not completed and submitted with the bid by the bid solicitation closing date, the Contracting Authority will so inform the Bidder and provide the Bidder with a time frame within which to meet the requirement. If any of these required certifications is not completed or submitted as requested, the Contracting Authority will so inform the Bidder and provide the Bidder with a time frame within which to meet the requirement.
