## AMENDMENT 004

The purpose of this amendment is to answer questions from potential bidders.

**Question 11 pertains to Phase 1 of the solicitation process.**

### Question 11:

The request for proposal refers to an "EXHIBIT DESIGNER" while the "STATEMENT OF WORK" ANNEX "A" mentions that the government is looking for "a company working in the field of designing and creating immersive multimedias environments accessible to the general public in order to create a new experience at the Bisosphere".

As a potential firm (and it's team of designers and multidisciplinary producers), we believe we can meet the technical required criteria. Would we be deemed compliant if we specialize in interactive and immersive experiences without necessarily being an exhibit firm? Therefore, we would present an interactive and immersive experience that will be scenic in design, eventfull and/or artistic.

### Answer 11:

All proposals received will be evaluated in accordance with the technical evaluation criteria established for Phase 1 of the evaluation procedures. The mandatory technical criteria of Phase 1 are clearly identified in Part 4 of the request for proposal document.

Bidders not meeting all of the mandatory requirements for Phase 1 will be given no further consideration. The top three (3) ranked bidders meeting the Basis of Selection for Phase 1 will then be invited for Phase 2 of this request for proposal project.

**All other terms and conditions of this solicitation document remain unchanged.**
