This Request For Proposal (RFP) amendment 004 is to amend the RFP, distribute responses to inquiries and other communications so far submitted to Public Works and Government Services Canada (PWGSC) Contracting Authority and distribute the Presentation Documents presented at the Bidders' Conference which took place at the Salaberry Armoury/Le Régiment de Hull(RCAC) located at 188 Boulevard Alexandre-Taché, Gatineau, Québec, Canada , J8Y 3L5 on March 7, 2012.

### **Questions and Answers:**

- Q8.** Reconstitution of systems for the purpose of re-charging batteries. What facilities are available and what access do we have to the system?
- A8.** DND takes custody once the systems are delivered and audited. Any movement of systems from this point forward is tracked and controlled by the Performance Evaluation (PE) quartermaster. The system can be signed out by the bidder for several hours daily in order to charge batteries so long as this does not interfere with the conduct of UAPE. During the UAPE block meetings, bidders must discuss timings with the PE quartermaster for battery charging and system maintenance.
- Q9.** Can the Proposal Manager speak to the ISSP PCO directly if they are having trouble with the process of completing the Matrix of Compliance Modules?
- A9.** All questions must be submitted to the Contracting Authority (CA) and follow the formal process for Q&A's. If the regular Q&A process is not able to address specific problems, the Contracting Authority may decide to host a teleconference call between the Bidder's representative and the DND Subject Matter Expert. Questions resulting from this call would be published to MERX/GETS for all Bidders to view.
- Q10.** If there are multiple revisions to the MCM will each revision be consolidated?
- A10.** When a MCM amendment file is released, it will include all amendments to that MCM released to date and is considered the 'latest version'. Bidders should only respond to the requirements in the original MCM file and the latest version of the MCM amendment file, which will mean cutting and pasting responses from previous amendment versions. The modifications will be listed in the same order in each amendment file, with the newest modifications being added at the bottom.

Solicitation No. - N° de l'invitation	Amd. No. - N° de la modif.	Buyer ID - Id de l'acheteur
W8476-112965/A	004	004ra
Client Ref. No. - N° de réf. du client	File No. - N° du dossier	CCC No./N° CCC - FMS No/ N° VME
W8476-112965	004raW8476-112965	

---

The only change that should be made to the original MCM is blacking out items that have been revised. This is as a reminder to Bidders that the response to that requirement should be entered into the amendment file instead of the original MCM file.

Bidders will only need to submit each of the original MCMs and the latest version of each of the MCM amendment files.

- Q11.** During the presentation on the MCMs at the Bidder's Conference, the ISSP PCO stated that some rated requirements have minimum scores. The inclusion of these in the TPS without prior warning could have impacts on a Bidder's ability to bid. Do the minimum scores make the rated requirements essentially mandatory requirements?
- A11.** The minimum score does change the nature of the rated requirement, making it mandatory to reach a pre-determined threshold. Within each MCM, requirements or sections with minimum scores have this threshold clearly indicated through an entry in the 'Min Score' Column.

The rated requirements with minimum scores and sections of rated requirements with minimum scores are found only in the Acquisition Management, OWSS Management and OWSS Technical evaluations. There are no rated requirements with minimum scores in the Acquisition Technical (TPS) evaluation.

- Q12.** When submitting the hard copy of the MCM, where do bidders include the documents that have been referenced in the MCMs? Should the table be broken in order to include the reference material directly below the requirement?
- A12.** NO. When submitting the hard copies of the MCMs, all tables should be submitted complete and unbroken. The references should be provided in a separate section, following the completed original MCM table and MCM Amendment table.

When submitting the electronic copies of the MCMs, Bidders should insert their textual response in the correct cell and, if there is not enough space, or the Bidder would like to include non textual elements, the response should reference the location of the additions in the submission. Apart from changes specified during the amendment process or the completing of the two Bidders columns, there should be no changes to the MCMs or MCM amendment tables provided by DND.

- Q13.** DND showed the attenuator tree that will be used as test equipment in support of the ISS-S P(Bid) Evaluation. What is the supported frequency range of the attenuators?

Solicitation No. - N° de l'invitation	Amd. No. - N° de la modif.	Buyer ID - Id de l'acheteur
W8476-112965/A	004	004ra
Client Ref. No. - N° de réf. du client	File No. - N° du dossier	CCC No./N° CCC - FMS No/ N° VME
W8476-112965	004raW8476-112965	

---

- A13.** The attenuators support a bandwidth of DC to 8.5 GHz. For the ISS P(Bid) Evaluation, DND will dictate the frequency that the radios will use based on the RF capabilities of the radio and the useable frequencies provided by Industry Canada. The frequency that will be used will be within the 225 - 450 MHz band. The attenuator tree's purpose is to simulate distance during relay functionality testing.
- Q14.** Will the winning bidder be identified prior to contract award?
- A14.** The winning bidder will not be announced until the contract is awarded.
- Q15.** The total points from the four electronic MCMs do not add up to 100,000 points. Why is that?
- A15.** The four electronic MCMs, each with a set number of total points available to award, were provided to Bidders for their responses. There is an additional MCM for the P(Bid) evaluation, provided only with the RFP, that also awards points. This was not included with the other MCMs as there is no response required from Bidders and it will be completed by DND during the P(Bid) evaluation. The points from this table do roll up into the total 100,000 points. Bidders can view a breakdown of the points available for each evaluation in Volume 1, Module C, Annex CJ.
- Q16.** The amendment 001 changes the bid closure date from 18 April 2012 to 28 May 2012. Based on the Performance Evaluation (PE) Time Line shown in Volume 1 - Page 11 of 171, is it correct to assume that the P(Bid) and UAPE part of the PE will move accordingly by a period of more or less 6 weeks?
- A16.** NO. The dates presented during the Bidders Conference held on 7 March 2012 for the PE will not change as DND has already tasked the required troops and range areas for the period of August 2012 to 2 November 2012. Also, since PE must be completed before the snow gets on the ground, 2 November 2012 for PE completion is the latest possible completion timeframe for this task. P(Bid) systems deliveries are planed to start on 30 July 2012 with P(Bid) Evaluation and UAPE following right after. Furthermore, no extension of the current solicitation period past 28 May 2012 may be possible as it would require a reduction of the Bidders preparation time between the PE Invitation letter (planed for 15 June 2012) and the P(Bid) systems deliveries on 30 July 2012. Bidders receiving a PE Invitation letter currently have only six weeks lead time for the deliveries at the end of July 2012 which is considered the minimum reasonable timeframe. The following is a recap of critical dates:

Solicitation No. - N° de l'invitation	Amd. No. - N° de la modif.	Buyer ID - Id de l'acheteur
W8476-112965/A	004	004ra
Client Ref. No. - N° de réf. du client	File No. - N° du dossier	CCC No./N° CCC - FMS No/ N° VME
W8476-112965	004raW8476-112965	

---

- Delivery and Audit of the P (Bid) Systems 30 July - 3 August 2012;
- P (Bid) Evaluation 3-20 August 2012;
- UAPE (Block 1) 13 August - 21 September 2012; and
- UAPE (Block 2) 24 September - 2 November 2012.

**Q17.** As per article 6.5.2 in Volume 1 of the ISSP RFP, would you please provide the names of the OEM contacts and their information (address, phone, fax, email ...) for the PRC-117, -148, -152, DAGR, and CORAL-CR-C radios.

**A17.** Known contact information is as follows:

AN/PRC-148 MBITR ("PRC148") from Thales Communications Inc:

David Metz  
Manager, International Business Development  
Thales Communications Inc.  
240-864-7637  
[Dave.Metz@thalescomminc.com](mailto:Dave.Metz@thalescomminc.com)

AN/PRC-152(V)2(C) ("PRC152") and RT-1796 (P)/PRC (C) ("PRC117F") from Harris Corporation:

Susan L. Gray  
International Contracts Manager  
HARRIS Corporation  
RF Communications Division  
585-244-5830  
or

# Administrative Details, Introductions and Agenda Review

Procurement and Finance Manager |SSP

Sean Burke

# Opening Remarks

- Welcome!
- Presentations will be in English
- Slide shows will be in English and French
- Vous pouvez parler en une des deux langues officielles
  - en Anglais ou en Français

## Administrative Details

- Emergency Exits and exterior gathering area
- Designated smoking areas
- Washrooms
- Photography
- Refreshments / Lunch
- Seating / table arrangements

# Inquiries

- Questions allowed at anytime during the conference, please approach the podium
- RFP amendment posting to GETS will capture the Q&A's
- Separate Q&A sessions as part of the Agenda
- One-on-one meetings with Industry - **No**
- Formal inquiries to PWGSC

# Introductions

- Speakers:
  - Mr. Dany Theriault, (Project Manager), DND
  - Mr. Bernard Juteau, (Contracting Authority), PWGSC
  - Ms. Rebecca Mardell, (Project Control Officer), DND
  - Maj Alexander Natale (Human Factors Advisor), DND
  - Mr. Marc-André Rochon, (Systems Engineering Manager), DND
  - Mr. John MacInnis, (IRB Officer), Industry Canada
- Subject Matter Experts:
  - Representatives from DSSPM, DLCSPM, Dir IM Secur, CSEC, CI\$D/IISD
  - Mr. Marc-André Hébert, (Contracting Authority), PWGSC. Mr. Hébert is your only point of contact with Canada during the bid solicitation period

# Morning Agenda

# Project Overview

Project Manager ISSP  
Dany Theriault

## Aim

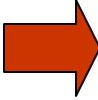

To provide a brief review of selected aspects of the

## ISSP RFP

- Not a Project background review
- No surprise
- Rules of Engagement (ROEs) concerning questions related Technical and Managerial requirements (including Security, Environmental Health and Safety)

## Items of Interest

- Firm vs Optional Quantities

<u>RFP</u>	<u>Current need</u>	
– Firm quantities	= 1,600 ISS-S	1,600 ISS-S
– Optional quantities	= <u>5,024 ISS-S</u>	<u>2,512 ISS-S</u>
– Possible grand total	= 6,624 ISS-S	4,112 ISS-S
		
		6 Task Forces (TFs)

## Items of Interest (con't)

- Technical Performance Specifications (TPS) Evaluation
  - Full TPS in Vol 2 (ISS-A Resulting Contract), annex CB, appendix 1
    - A total of **651** requirements are included
      - **376** are essential requirements (“must” type requirements)
      - **275** are desirable requirements (“should” type requirements)
    - All TPS requirements will be validated during the System Qualification phase of the Acquisition Contract IAW with the Verification Criteria listed in the TPS
  - Only a limited number of TPS requirements have been selected for ISS-A Bid Evaluation purposes and extracted to Vol 1, annex CC, appendices 1 & 3:
    - A total number of **486** TPS will be evaluated (paper + P(Bid))
      - **211** are mandatory requirements (“must” type requirements (pass/fail))
      - **275** are rated requirements (“should” type requirements (points score))

## Items of Interest (con't)

- All commitments that the Contractor made as part of its original submission and for which it was rewarded during the evaluation of its bid will be reflected in the final version of the TPS that will be included in the ISS-A Resulting Contract
- What happens to all the TPS requirements that were not evaluated at Bid Time ?

**ANNEX AD** to Volume 1 (Cont'd)  
**Appendix 2**

**CERTIFICATION OF COMPLIANCE**

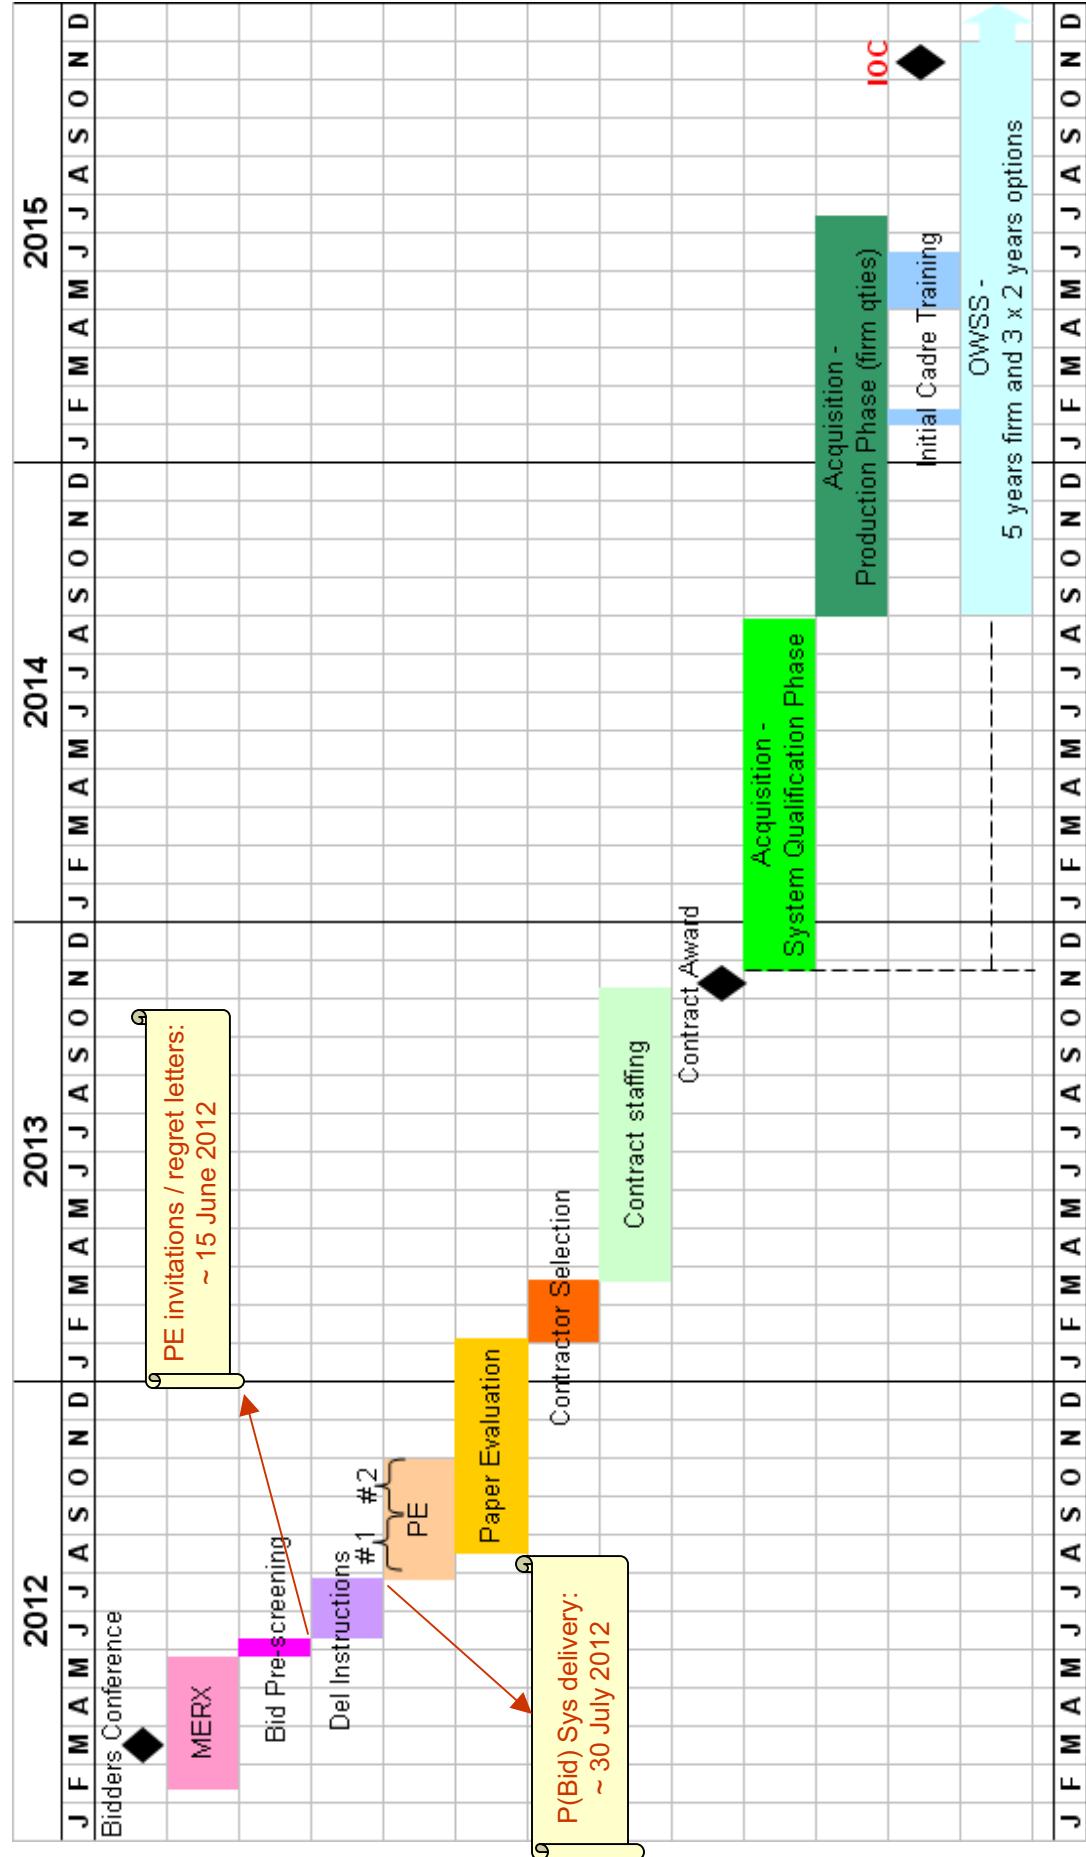

1. We \_\_\_\_\_  
(Insert company name and address)  
have been given opportunity to provide feedback in the establishment of the technical and other work requirements for the Integrated Soldier System Project procurement.
2. We have also thoroughly reviewed and understood the requirements of the complete Request for Proposal (Volumes 1, 2 & 3) and if selected, agree to comply with all requirements detailed therein.
3. By signing this "Certification of Compliance", we certify that we will satisfy all Integrated Soldier System Acquisition (ISS-A) and ISS Optimized Weapon System Support (ISS-OWSS) Contracts requirements, and our products to be delivered against the ISS-A Contract will comply with all ISS-A contract requirements and will be fit for use as defined in the Resulting ISS-A Contract.

\_\_\_\_\_  
(Name of Bidders' Designated Authority in print)

\_\_\_\_\_  
(Date in print)

\_\_\_\_\_  
(Signature of Bidders' Designated Authority)

# Schedule – Overview

## The schedule

- May be shortened depending on the final number of Bids received
  - Use only one UAPE block if we have six bids or less
  - Paper evaluation may also be shortened
- Contract Staffing time based on template approach.

## What's new

- Bid pre-screening (see Vol 1, para 1.5.1)
  - Was not discussed during previous Industry Days and one-on-one sessions
  - Means of reviewing the compliance of bidders on a pre-selected number of mandatory requirements
  - Regret letter will be sent to unsuccessful bidders. Will not be invited to PE
  - Successful Bidders will receive PE Instructions
  - Avoid unnecessary costs to Bidders

# Security requirements

- Proof of Registration with CISD (or national designated security authority);
  - Proof of valid Facility Security Clearance (FSC) with approved Doc Safeguarding at Secret level
  - Proof of approved COMSEC account at the Secret Level submitted NLT 30 Nov 2012
  - Pers requiring access to accountable COMSEC material, classified or protected information, assets or sensitive work site(s) during System Qual must be cleared at the Secret Level. Names with Bid.
  - Pers requiring access to accountable COMSEC material, classified or protected info, assets or sensitive work site(s) for Production & OWSS must be cleared at Secret level after Contract Award.
- Solicitation**
- No CCI involved

## Acquisition Contract

System Qualification	Production
----------------------	------------

Proof of connectivity  
with the fol GFE:

- PRC 152
- PRC 148
- PRC 117
- DAGR
- VMF message exchange

## OWSS Contract

Both contracts awarded at the same time

- Investigate & implement security Cross-Domain Solutions (CDS) between ISS & LCSS
- Integration with new Army equipment that may involve handling of accountable COMSEC material

# COMSEC account

- Why asking for proof of an approved COMSEC account as a condition of Bid ? (Vol 1, part 6 – Security, Financial and other requirements)
  - Evidence that the Bidder is involved in THE business
  - Evidence that the necessary security enablers are in place so that DND should be able to issue GFE – COMSEC assets to the Contractor to do the work
  - Risk mitigation measure to ensure adherence to schedule
  - Some constraints involved:
    - ✓ A COMSEC account is linked to a contract
    - ✓ The Bidder must be Canadian or US (if the Bidder is a Joint Venture, at least one party, Canadian or US, must hold an approved COMSEC account)
    - ✓ Accountable COMSEC Material Control Agreement (ACMCA) still needed

## Access to COMSEC information/assets

### **Vol 2 and Vol 3, section 3 on Security Requirements for Canadian Suppliers:**

The Contractor personnel requiring access to **COMSEC** information/assets **must be a Canadian**, hold a valid security clearance commensurate with the information/assets that will be accessed, have a need-to-know and have undergone a **COMSEC** briefing and signed a **COMSEC** Briefing certificate. **Access by foreign nationals or resident aliens** must be approved by the Head IT Security Client Services at CSEC on a case-by-case basis.

## Questions

- On security related matters:

Please ask now or no later than the start of the session after lunch

- On any other subject, any time throughout the day

Thank you

# Review of Volume 1

## Volume 1 - PART 1 - GENERAL INFORMATION (PW/GSC) (Cont'd)

### 1.6. ISS Acquisition (ISS-A) Contract Best Deliveries

#### 1.6.1. Delivery of ISS-A Contract's Phase A (Qualification)[P1]:

While the complete delivery of the Phase A (Qualification) work must be within 9 months from ISS-A Contract award date, the best delivery period, if shorter than the above 9 months, that can be offered by the Bidder is **7.5** (*NOTE: Bidders to insert final delivery in months from ISS-A contract award date. The number of months can have one decimal. Also see RFP article 4.1 to Volume 2*) months from contract award date.

#### 1.6.2. Delivery of ISS-A Contract's Phase B (Production)[P2]:

1.6.2.1. While the complete delivery of the Phase B (Production) work must be within 220 working days from ISS-A Contract amendment date (RFP Volume 2) exercising the option to proceed with the ISS-A Contract Phase B (Production), the best delivery period, if shorter than the above 220 working days, that can be offered by the Bidder is **180** (*NOTE: Bidders to insert Phase B final delivery period in working days from ISS-A contract amendment date exercising the option to proceed with the Phase B (Production). Also see RFP article 4.2.3.1 to Volume 2*) working days from ISS-A contract amendment date exercising the option to proceed with the Phase B (Production) work.

## Volume 1 - PART 1 - GENERAL INFORMATION (PW/GSC) (Cont'd)

1.6.2.3. In the following table 1, (NOTE: (1) *Bidders to insert final delivery period in working days from ISS-A Contract amendment date (RFP Volume 2) exercising the option to proceed with the ISS-A Contract Phase B).*

## Volume 1 - PART 2 - BIDDER INSTRUCTIONS (PWGSC)

- Bids will remain open for acceptance for a period of not less than seven hundred forty (740) days from the closing date of the bid solicitation (2.1);
- The bid and any resulting contract must be signed by all the members of the joint venture, if any (2.1);
- Bids must be submitted only to PWGSC Bid Receiving Unit by the date, time and place indicated on page 1 of the bid solicitation (2.2);
- All enquiries must be submitted in writing to the Contracting Authority (Mr. Marc-André Hébert) no later than fifteen (15) calendar days before the bid closing date (2.3);

## Volume 1 - PART 2 - BIDDER INSTRUCTIONS (PWGSC) (Cont'd)

- Any resulting contracts must be interpreted and governed, and the relations between the parties determined, by the laws in force in the province of (the name of the Canadian province or territory of their choice) (2.4); (**Same province for both contracts**)
- Bidders must provide ten (10) P(Bid) Systems. Bidders must be prepared to support them throughout the demonstration period (2.6.2);
- All Bidders must deliver their P(Bid) in lockable containers (2.6.4.1);
- The dates, location and contact details for delivery of the P(Bid) and the invitation to PE Activities will be directed to the point of contact in your bid "Section I - General Bid", see RFP article 3 third bullet to Annex AA o Volume 1. (2.6.4.2 & 2.6.4.3) ;

## Volume 1 - PART 2 - BIDDER INSTRUCTIONS (PWGSC) (Cont'd)

- Notification of Radio Characteristics or Pre-Certified RF Equipment - must be submitted no later than 02:00 PM Eastern Daylight Saving Time, on 25 April 2012. (2.6.5 & 2.6.6);
- All Prices in the Bid will be adjusted, during the month before the award of the ISS Acquisition Contract (2.9.2);

## Volume 1 - PART 3 - BID PREPARATION INSTRUCTIONS (PWGSC)

### 3.1. Bid Structure

Canada **requests** that bidders provide their bid in separately bound sections as follows:

Section I: General Bid

#### Integrated Soldier System Acquisition (ISS-A):

- |              |  |
|--------------|--|
| Section II:  | ISS-A Technical Bid                              |
| Section III: | ISS-A Management Bid                             |
| Section IV:  | ISS-A Financial Bid                              |
| Section V:   | ISS-A Industrial and Regional Benefits (IRB) Bid |

#### ISS Optimized Weapon System Support (ISS-OWSS):

- |               |   |
|---------------|---|
| Section VI:   | ISS-OWSS Technical Bid                              |
| Section VII:  | ISS-OWSS Management Bid                             |
| Section VIII: | ISS-OWSS Financial Bid                              |
| Section IX:   | ISS-OWSS Industrial and Regional Benefits (IRB) Bid |

Data: Canada Reference Documents

## Volume 1 - PART 3 - BID PREPARATION INSTRUCTIONS (PWGSC) (Cont'd)

- The Bidders must submit a hard master copy of their bid (Master Bid Set) (3.2.1);
- The numbers of copies of the Bidders Master Bid Set sections **should** be submitted at the solicitation closing date and time indicated on page 1 of the bid solicitation. If not, a time frame within which to meet the requirement will be provided. Failure to meet that time frame will render the bid non-responsive (3.2);
- Bidders are to assume that **Canada has no prior knowledge of their facilities, capabilities and experience.** Canada will **not take into consideration any references in a bid to additional information not submitted with the bid** (3.2.15);

## Volume 1 - PART 3 - BID PREPARATION INSTRUCTIONS (PWGSC) (Cont'd)

3.2.6. The Table 2 below provides the Bidders with a summary of the sections to be included in the Master Bid Set (Cross marks) and the numbers of additional copies per section/sub-section to be included with their bid package (Numbers of copies).

**Table 2**

	Bidders Proposal Sections								
	I	II	III	IV	V	VI	VII	VIII	IX
	ISS-Acquisition					ISS-OWSS			
G	T	MCM	M	MCM	F	IRB	T	M	F
PAPER COPIES:							T	MCM	LCC
3.2.1 One (1) Master Bid Set which includes the following original sections and sub-sections:	X	X	X	X	X	X	X	X	X
3.2.2 Number of additional hard copies of sections and sub-sections:	1	3	3	0	6	2	2	0	1
ELECTRONIC COPIES: (MS Office 2000)									
3.2.3 One (1) Master Bid Set which includes the following original sections and sub-sections on one CD/DVD set:	X	X	X	X	X	X	X	X	X
3.2.4 Number of additional electronic copies of sections and sub-sections. Each section or sub-section copy should be on a separate CD/DVD set:	1	8	10	0	4	7	7	0	4

## Volume 1 - PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION (PWGSC)

PARTS 3 and 4 relationship	PART 3 article 3.5	PART 4 article 4.1	EVALUATION PROCEDURES AND BASIS OF SELECTION
	BID PREPARATION INSTRUCTIONS

Section VI: ISS-OWSS Technical Bid	Ann. CF to Vol. 1	Ann. OG to Vol. 1	
Section VII: ISS-OWSS Management Bid	Ann. CH to Vol. 1	Ann. CI to Vol. 1	
Section VIII: ISS-OWSS Financial Bid	Ann. AC to Vol. 1	Ann. AB to Vol. 3	
Section IX: ISS-OWSS Industrial and Regional Benefits (IRB) Bid	Ann. BB to Vol. 1	Ann. BB to Vol. 1	

Volume 1 - PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION (PWGSC)  
(Cont'd)

- Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contracts. (4.3.1.1.1);
- The maximum funding available for the ISS Acquisition Contract Phases A (Qualification) resulting from the bid solicitation is \$7,200,000.00 (Goods and Services Tax or Harmonized Sales Tax extra, as appropriate) (4.3.1.1.2);

## Volume 1 PART 5 - CERTIFICATIONS (PWGSC)

- Federal Contractors Program - \$200,000 or more (5.1.1);
- Certification of Compliance (5.1.2);
- Missing Certified Data Form (If applicable) (5.1.3);
- Conflict of Interest Certification (5.1.4);
- Software Publisher Certification and Software Publisher Confirmation (If applicable) (5.1.5);
- Baseline system, certification & Draft Plans, certification (5.1.6);

## Volume 1 PART 6 - SECURITY, FINANCIAL AND OTHER REQUIREMENTS (PWGSC)

- Security requirement (6.1);
- Controlled Goods Requirement (6.2);
- Insurance Requirements (6.4);
- Interface Control Document (ICD) where an ICD Certification is required (6.5);
- Technical Assistance Agreements and Export Approvals where a TAA Certification is required (6.6);

## Volume 1 – Annexes

List of Modules and Annexes:

Module A (Reserved to General and Financial requirements)

**Annex AA “Section I - General Bid” Preparation Instructions**

**Annex AB “Section IV - ISS-A Financial Bid” Preparation Instructions**

**Annex AC “Section VIII - ISS-OWSS Financial Bid” Preparation Instructions**

Annex AD Certifications Template

Appendix 1 Federal Contractors Program - \$200,000 or more;

Appendix 2 Certification of Compliance;

Appendix 3 Missing Certified Data Form (If applicable);

Appendix 4 Conflict of Interest Certification;

Appendix 5 Software Publisher Certification (If applicable);

Appendix 6 Software Publisher Confirmation (If applicable);

**Annex AE Cost-per-Point Calculation**

Annex AF Non-Disclosure Agreement

Module B (Reserved to Industrial and Regional Benefits requirements)

Annex BA “Section V – ISS-A Industrial and Regional Benefits (IRB) Bid” Preparation Instructions and Evaluation Plan

Annex BB “Section IX – ISS-OWSS Industrial and Regional Benefits (IRB) Bid” Preparation Instructions and Evaluation Plan

Module C (Reserved to Technical and Management requirements)

## Volume 1 – Annex AA “Section I - General Bid” Preparation Instructions

1. **Signature of Bid**
2. **Bid Outline**
3. **Executive Summary:**
4. **Related Material**
5. **Submission of Canada reference documents (Data)**

### 6. **Certifications**

The Bidders proposal Section I must provide, when applicable, the certifications in RFP articles 5.1.1 to 5.1.6 to Volume 1.

### 7. **Security, financial and other requirements**

### 8. **Provision of Bidder Information**

The Bidders proposal Section I must provide the Bidder-populated information from the following bid solicitation references:

- a) RFP article 1.6.1 to Volume 1;
- b) RFP article 1.6.2.1 to Volume 1;
- c) RFP article 1.6.2.3 with the fill in COLUMN A, TABLE 1 to Volume 1;
- d) RFP article 2.4 to Volume 1, Applicable Laws;
- e) RFP article 5.6 Contractor Representative to Volume 2;
- f) RFP article 5.6 Contractor Representative to Volume 3;

### 9. **Executive Briefing Package**

The Bidders proposal Section I should provide a separate CD/DVD with Photos of the kit, pictures and diagrams, glossy product brochures, etc... The Executive Briefing Package will be used by the ISSP to brief senior management and, eventually, announcements of the successful Bidder.

## Volume 1 – Annex AE Cost-per-Point Calculation

### 1. Cost-per-Point:

The Bidder cost-per-point is determined by dividing the “ISSP WORK TOTAL BID PRICE” by the “Overall Score Grand Total”.

### 2. ISSP WORK TOTAL BID PRICE:

The “ISSP WORK TOTAL BID PRICE” is calculated as follows:

ISSP WORK TOTAL BID PRICE =

ISS-A WORK TOTAL BID PRICE at “RFP item 7.0 to Appendix 1 (Purchase of Optional Quantities) to Annex AB to Volume 2” +

ISS-OWSSS WORK TOTAL BID PRICE at “RFP item 14.0 to Annex AB to Volume 3”

### 3. Overall Score Grand Total:

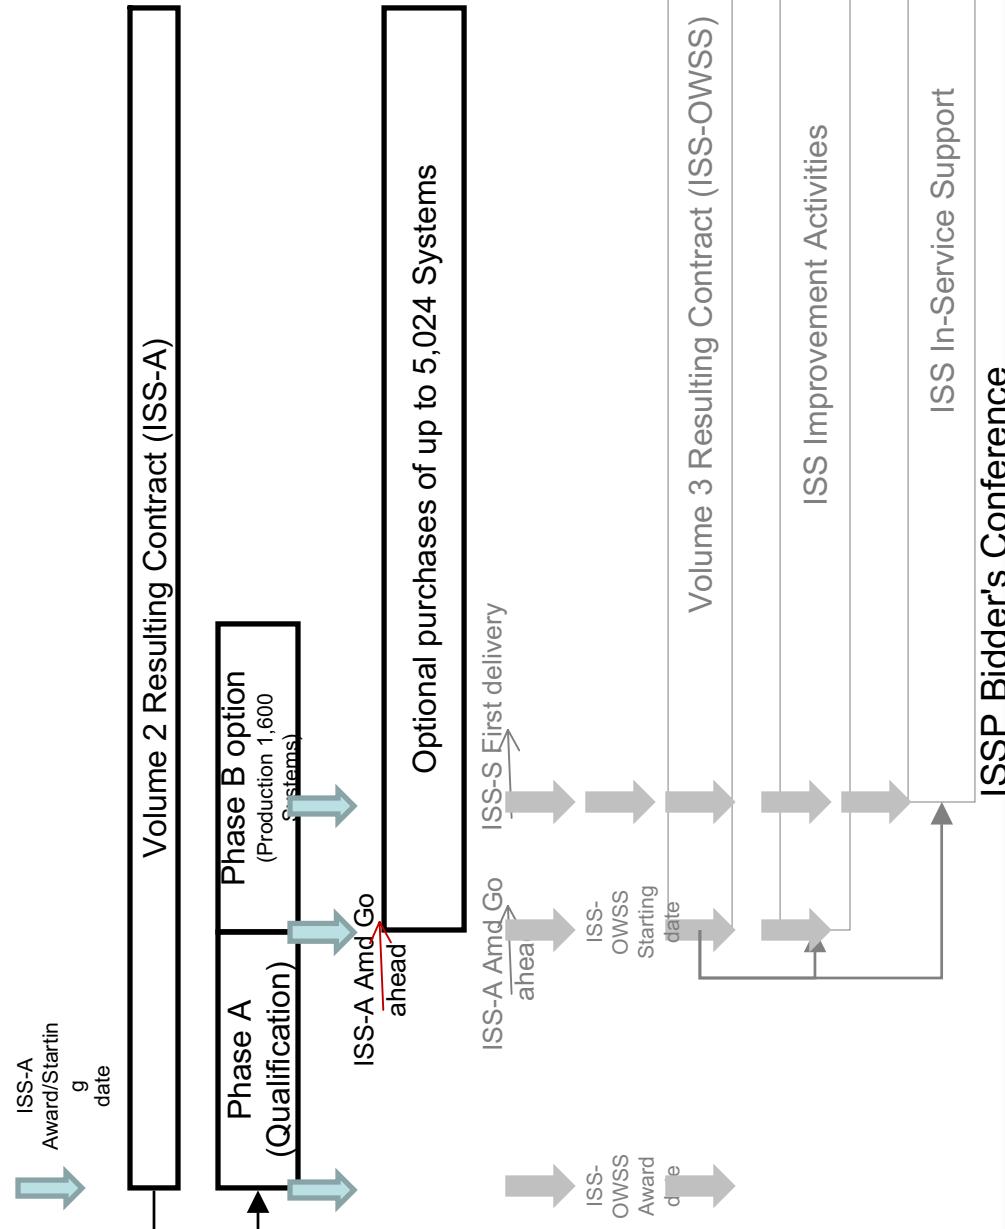

The “Overall Score Grand Total” is the score found at RFP paragraph 5 to Annex CJ to Volume 1.

## Volume 2 – RESULTING CONTRACT (Integrated Soldier System Acquisition (ISS-A))

# Review of Volume 2

## Volume 2 – RESULTING CONTRACT (Integrated Soldier System Acquisition (ISS-A)) (Cont'd)

Competitive  
solicitation for ISSP  
implementation

## Volume 2 – Part 7 ISS-A RESULTING CONTRACT (Cont'd)

- The Contractor agrees to accept and be bound by Canada's interpretation of the meaning of the specifications (1.1.6);
- The Contractor is only authorized to perform the Work required to complete the requirement Phase A (1.1.8);
- The Contractor grants to Canada the option to proceed with the Phase B (Production) (4.2.1);
- The Contractor grants to Canada an option to purchase, for three (3) years from contract amendment date exercising the option to proceed with the Phase B (Production), up to an additional five thousand twenty four (5,024) ISS-Suites (4.3.1);
- Goods must be delivered Delivered Duty Paid (DDP) at the places of destination stipulated in the Annex CF Incoterms 2000 (7.1.2);

## Volume 2 – Part 7 ISS-A RESULTING CONTRACT (Cont'd)

### • 26. Licensed Software

#### 26.1. With respect to the provisions of Supplemental General Conditions 4003:

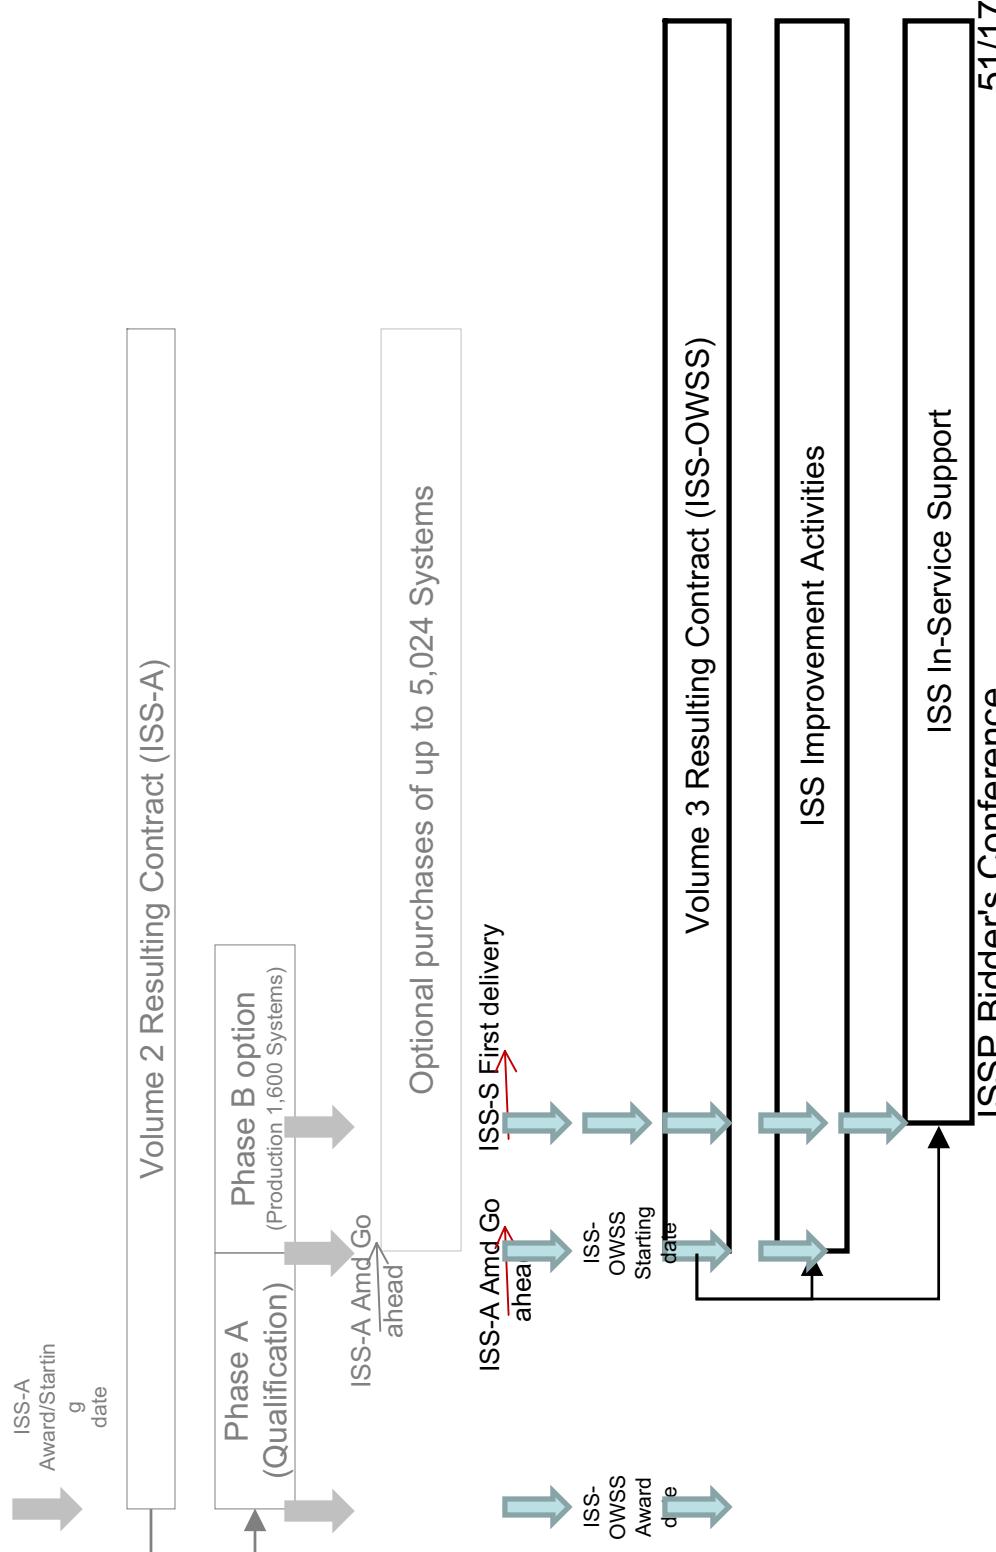

Language of Licensed Software (4003 2.5)	The Licensed Software must be delivered as follows: <ul style="list-style-type: none"><li>•ISS-S Battle Management System (BMS) in English and French;</li><li>•ISS-S Configuration Application Software in English and French;</li><li>•ISS-S Battle Management System (BMS) for the CF31 laptop PC in English and French; and</li><li>•System Executive Planning Suite (SEP-S) for the CF31 laptop PC in English only.</li></ul>
Type of License being Granted (4003 04, 05, 06)	Device License.
Media on which Licensed Software must be Delivered (4003 10)	Each BMS and SEP-S, for the CF31 laptop PC, is to be provided to the Department of National Defence on CD-ROM/DVD.
Term of License (4003 11)	Perpetual license as already provided under 4003
Source Code Escrow Required (4003 16)	Yes
Canada's Responsibilities	Canada will be responsible for the installation on CF31 laptop PC of all BMS and SEP-S Software.

## Volume 3 – RESULTING CONTRACT (ISS Optimized Weapon System Support (ISS-OWSS))

# Review of Volume 3

## Volume 3 – RESULTING CONTRACT (ISS Optimized Weapon System Support (ISS-OWSS)) (Cont'd)

Competitive  
solicitation for ISSP  
implementation

## Volume 3 – Part 8 ISS-OWSS RESULTING CONTRACT (Cont'd)

- The Contractor agrees to accept and be bound by Canada's interpretation of the meaning of the specifications. (1.1.5);
- The Contractor grants to Canada the option to purchase spares at the price set out in the "Spares catalogue" (1.4);
- The period of the Contract is from the date of the Contract appearing on page 1 of this Contract to Contract Starting Date, plus 5 years (4.2.1);
- The services under the Contract will not be provided before the Contract Starting Date (4.1.1);
- The Contractor grants to Canada the option to extend the term of the Contract by up to three (3) additional 2 year periods, one period at a time (4.2.1);

Volume 3 – Part 8 ISS-OWSS RESULTING CONTRACT (Cont'd)

- Goods must be delivered FCA Free Carrier Incoterms 2000 (7.1);

# Performance Evaluation

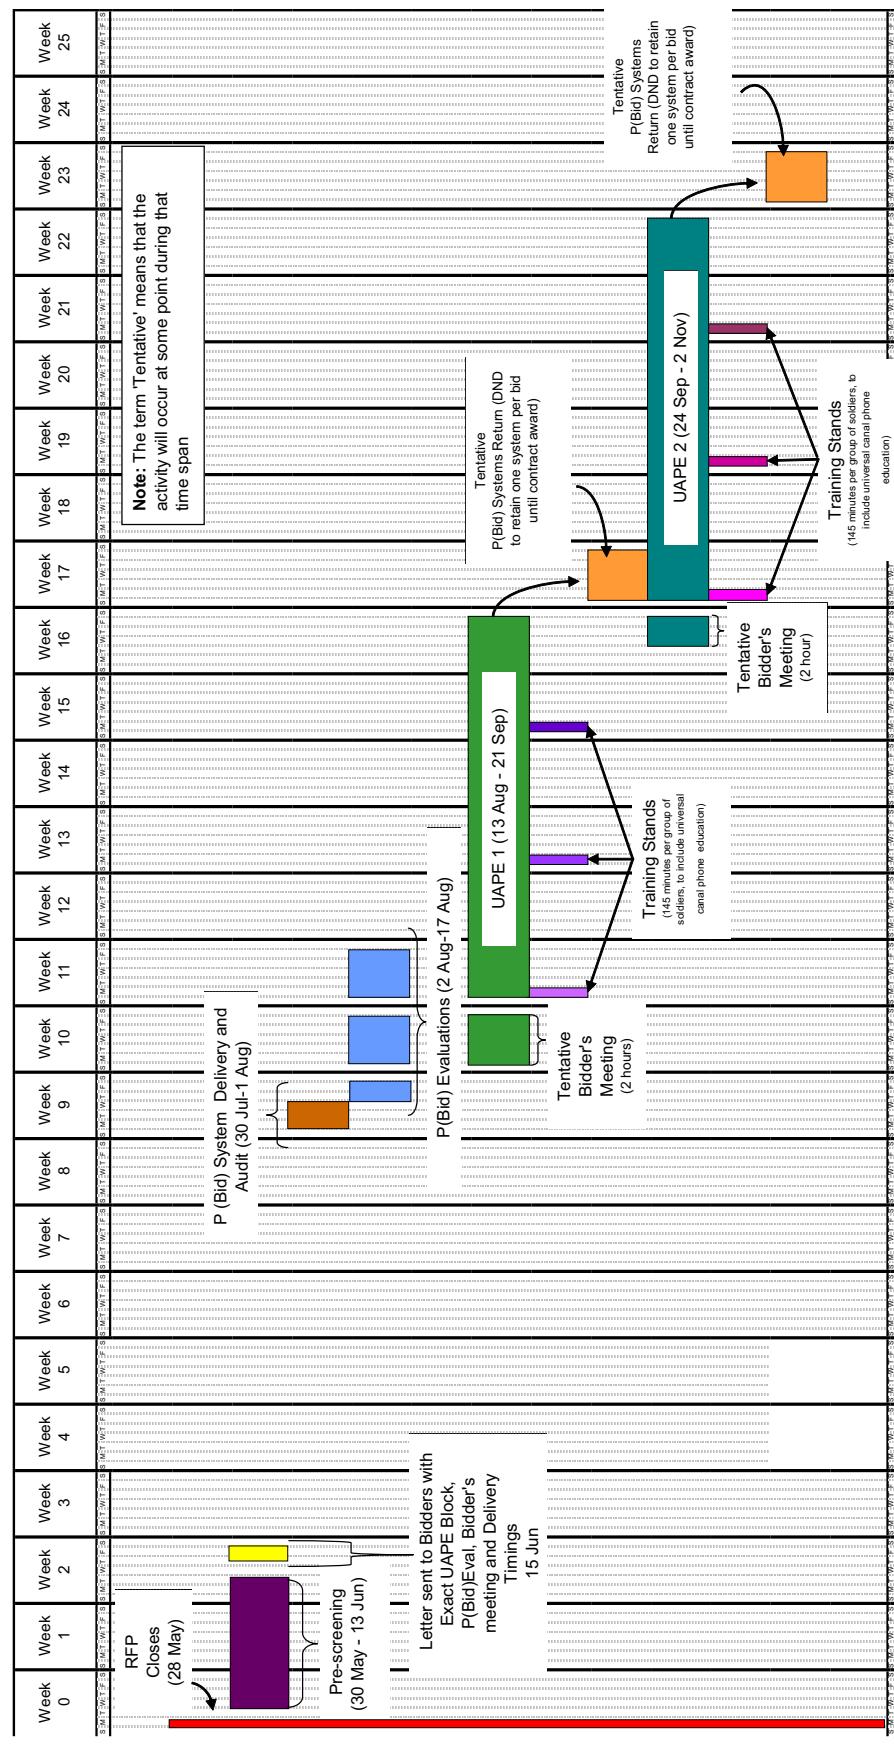

## Orientation and Reminders

Major Alexi Natale  
Human Factors Advisor ISSP  
Officer in Charge of PE

# Performance Evaluation

- Sequence of Events
- PE Camp Location
- Facilities for Bidders
- Bias Control and Expected Conduct
- Photo Equipment
- Open Base Policy and Arrival Procedure
- PE Camp Rules
- Delivery and Audit Procedures
- Preceding the Training Stand
- LAV III Compatibility

# Sequence of Events

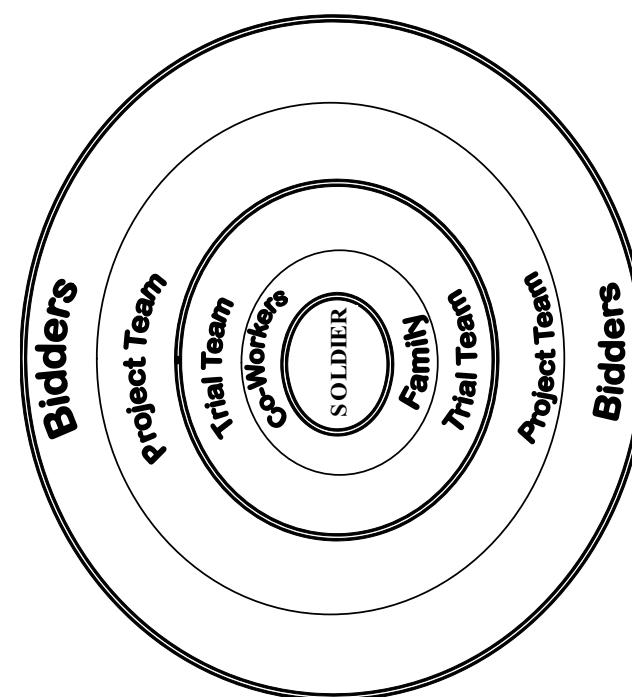

## PE Location within CFB Petawawa

- We are currently coordinating with the base operation staff for a location for the classrooms and Bidders administrative area.
- You will receive a detailed map and instruction of the location with your invitation to participate in the Performance Evaluation.

## Facilities for Bidders

- Bidders will be assigned a plot of ground to park vehicles and conduct Bid system maintenance.
- The plots will be equipped with power supplying 120 volt 15 amp circuits.
- Accommodations –The area in and around Petawawa has limited hotel space availability during the summer. Bidders are advised to book early and or seek alternate accommodations (e.g. renting cottages etc).

# Bias and Expected Conduct during PE

- Bidders contact with Evaluation Soldiers will be limited to two potential scenarios:
  - **Training Test Stands / Universal Canal Phone Education** (for all three exposures)
  - **MLCS pouch configuration discussion**
- Interaction with Evaluation Soldiers beyond what is listed above is strictly prohibited and failure to comply will result in the Bidder disqualification.

# Bias Control during PE

- Bidders imposed bias will be reported, logged and dealt with case by case in one of the two manners listed below:
  - Minor Incidents**, an action by a bidder that has, or appears to have, some indirect influence on the UAPE outcome or integrity (for example socializing with PE soldiers during coffee breaks) – Bidders will be warned, a second incident will result in disqualification.
  - Major Incident**, an action by a bidder that has, or appears to have, a direct impact on the UAPE outcome and integrity (for example offering a PE soldier a gift, hospitality, other benefit, questioning or trying to get feedback from PE Soldiers on Bid systems, intentionally trying to be in contact with PE Soldiers outside the prescribed scenarios). An incident of this nature will result in immediate disqualification.

# Photo Equipment

- Bidders are forbidden from taking pictures during PE to protect commercially sensitive aspects of competing bidders systems.

# Open Base Policy and Arrival Procedure

- CFB Petawawa is an open base so bidders will not be stopped at the front gate to the camp.
- Bidders will arrive at the time specified in the invite to Participate in PE. Upon arrival at the base Bidders must report to the PE Command Post located in the PE Camp. At this point Bidders representatives will be issued ID Badges which must be worn at all times.

# PE Camp Rules

- Number of personnel per Bidder in the PE Camp:
  - P(Bid)Eval – 5
  - Universal Canal phone Education – 5
  - UAPE and all other activities – 3
  - Staff may be rotated
- The PE camp cannot be used as bidders overnight accommodations.

## Delivery and Audit Procedures

- The delivery and audit team will determine if the Bidders meet all the mandatory delivery requirements of the RFP article 3.3.1 to Appendix 2 to Annex CB to Volume 1. If any of the mandatory delivery requirements in article 3.3.1 are not met, the Contracting Authority (CA) will so inform the Bidder and provide the Bidder forty-eight (48) hours from 8 pm local time on the date of delivery of the Bidder's container(s) to meet all the mandatory requirements. Failure to comply with the request of the CA and meet all mandatory requirements within that time period will render the bid non-responsive.

# Delivery and Audit Procedures

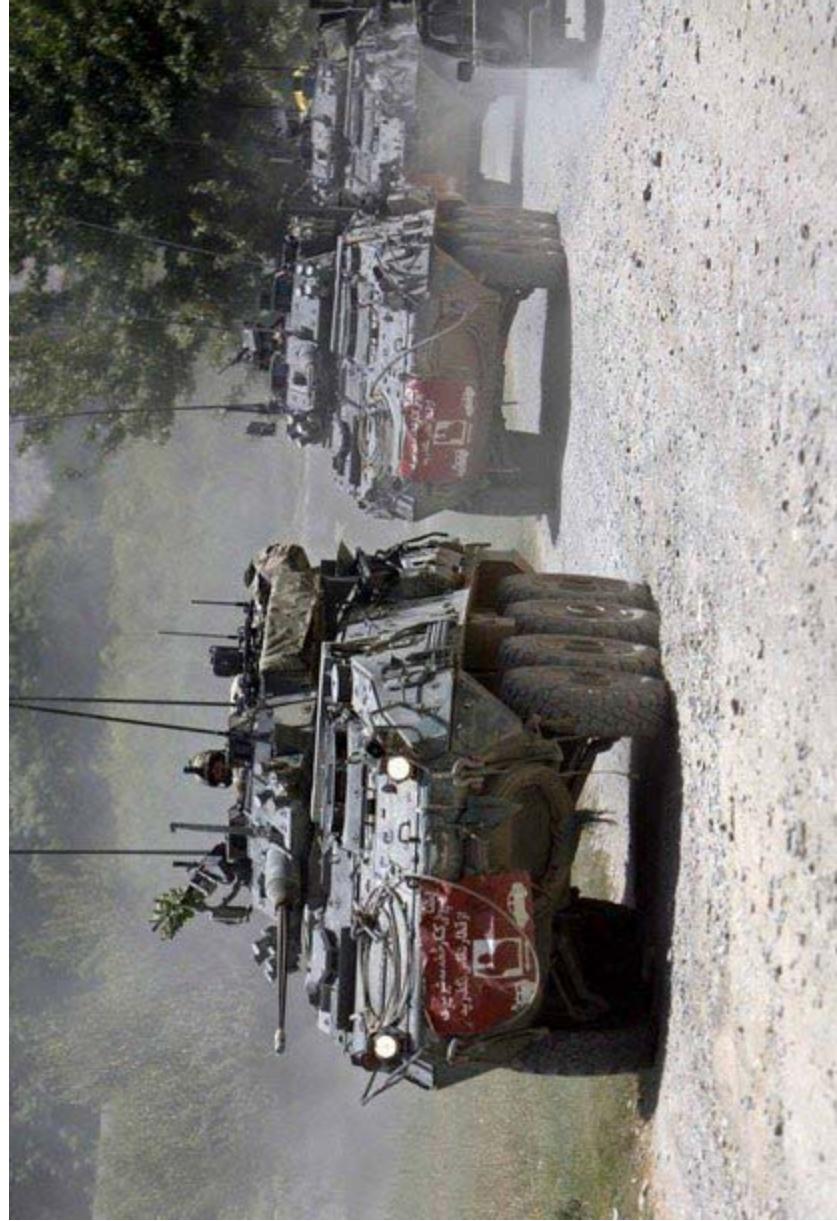

These are the PE mandatory delivery requirements as per the checklist:

Serial	Requirement
1	The Bidder must deliver 10 proposed ISS-S systems (referred to as the P (Bid) System) excluding the DAGR Interface Cables, the CORAL-CR-C Interface Cables and the LCSS Radio Interface Cable Sets. The P(Bid) Systems delivered must match the Equipment Breakdown Structure (EBS) except for the exclusions noted above.
2	The Bidder must deliver 24 MLCS Platforms - twelve (12) of small size and twelve (12) of medium size
3	The Bidder must deliver twelve (12) sets of MLCS ISS pouches
4	The Bidder must deliver 3 complete inventory list of all equipment supplied containing applicable serial numbers and software versions
5	The Bidder must deliver one proposed SEP-Suite software on a CD/DVD.
6	The Bidder must deliver one laptop with the SEP-Suite software installed, and all hardware that is required by the SEP-Suite to configure the ISS-S.
7	The Bidder must deliver one copy of the Equipment Breakdown Structure (EBS), prepared in accordance with DID CM-002, which represents the above P(Bid) system.
8	The Bidder must deliver the proposed ISS-S systems in a single container or series of lockable containers which must be clearly identified by company name.
9	The Bidder must deliver the P(BID) to the designated Canadian Forces Base on the date and location stated in the PE invitation in accordance with article 2.6.4 of Volume 1, Invitations to PE activities.
For the purpose of the PE,	
<ul style="list-style-type: none"> <li>• The MLCS' main fabric, binding tapes, webbing and all other MLCS materials must be submitted in monochrome colour Coyote Brown or a close visual match to Coyote Brown;</li> <li>• the 1000 denier Cordura must be a commercially available cloth in accordance with Mil-C-43734D Class 3</li> </ul>	
10	

# Preceding the Training Stand

- Custom canal phones will not be evaluated during UAPE.
- Universal Canal phones. Bidders will be granted the opportunity to train the Evaluation Soldiers on their respective universal canal phones such that they mitigate the number of fitting issues. Bidders are limited to 30 minutes for each group of ten (10) Evaluation soldiers. Time of access to soldiers will be prior to the Training Stand. Bidders' will be expected to run this sessions three (3) times during their six (6) week UAPE block.

# LAV III Compatibility

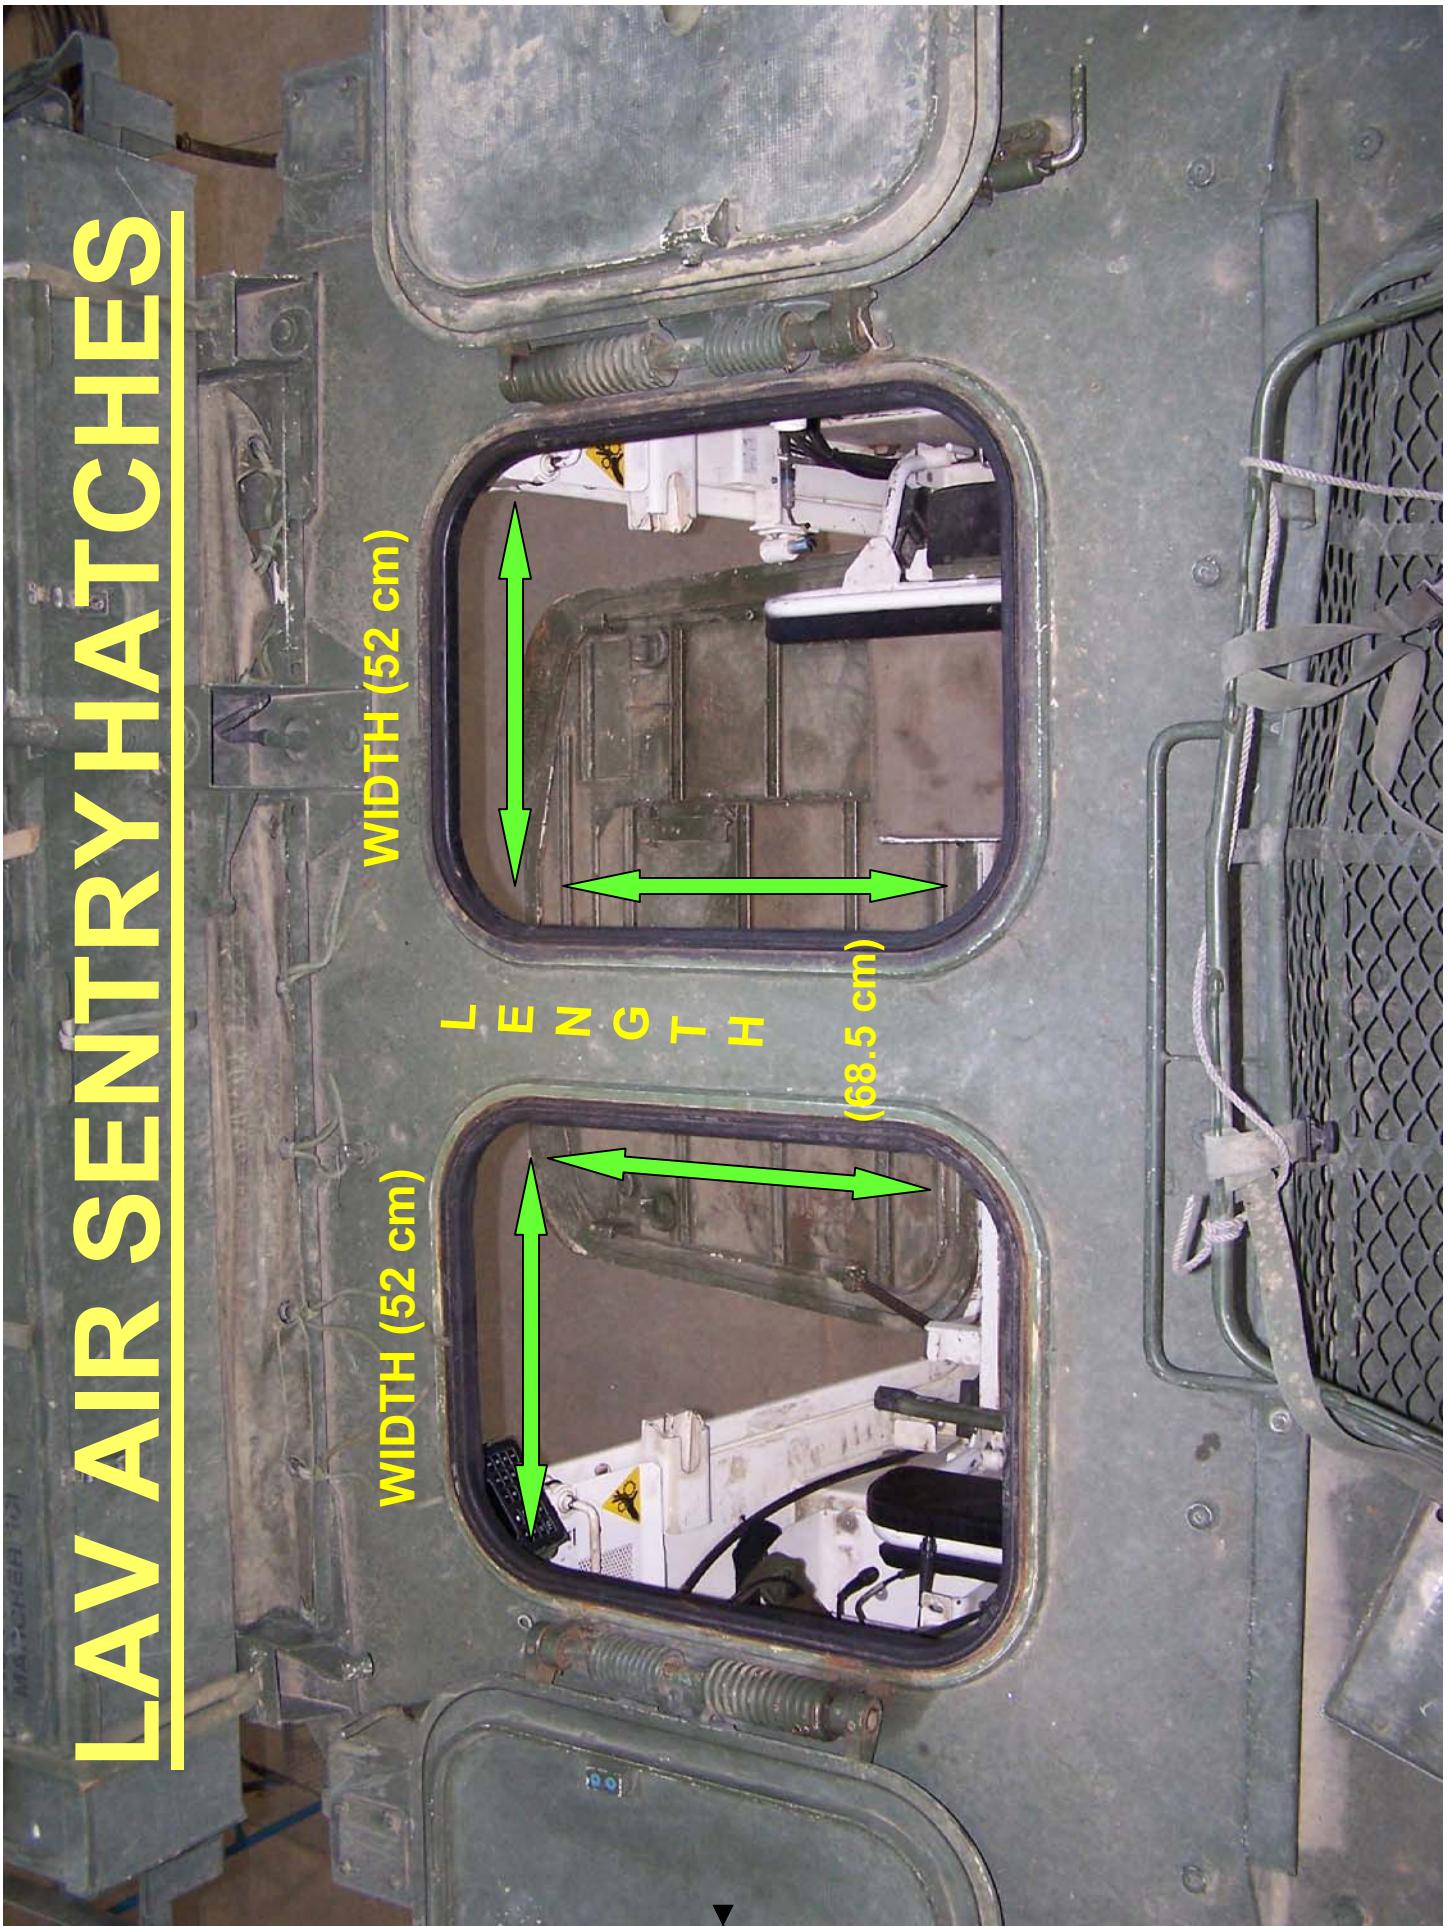

7 March 2012

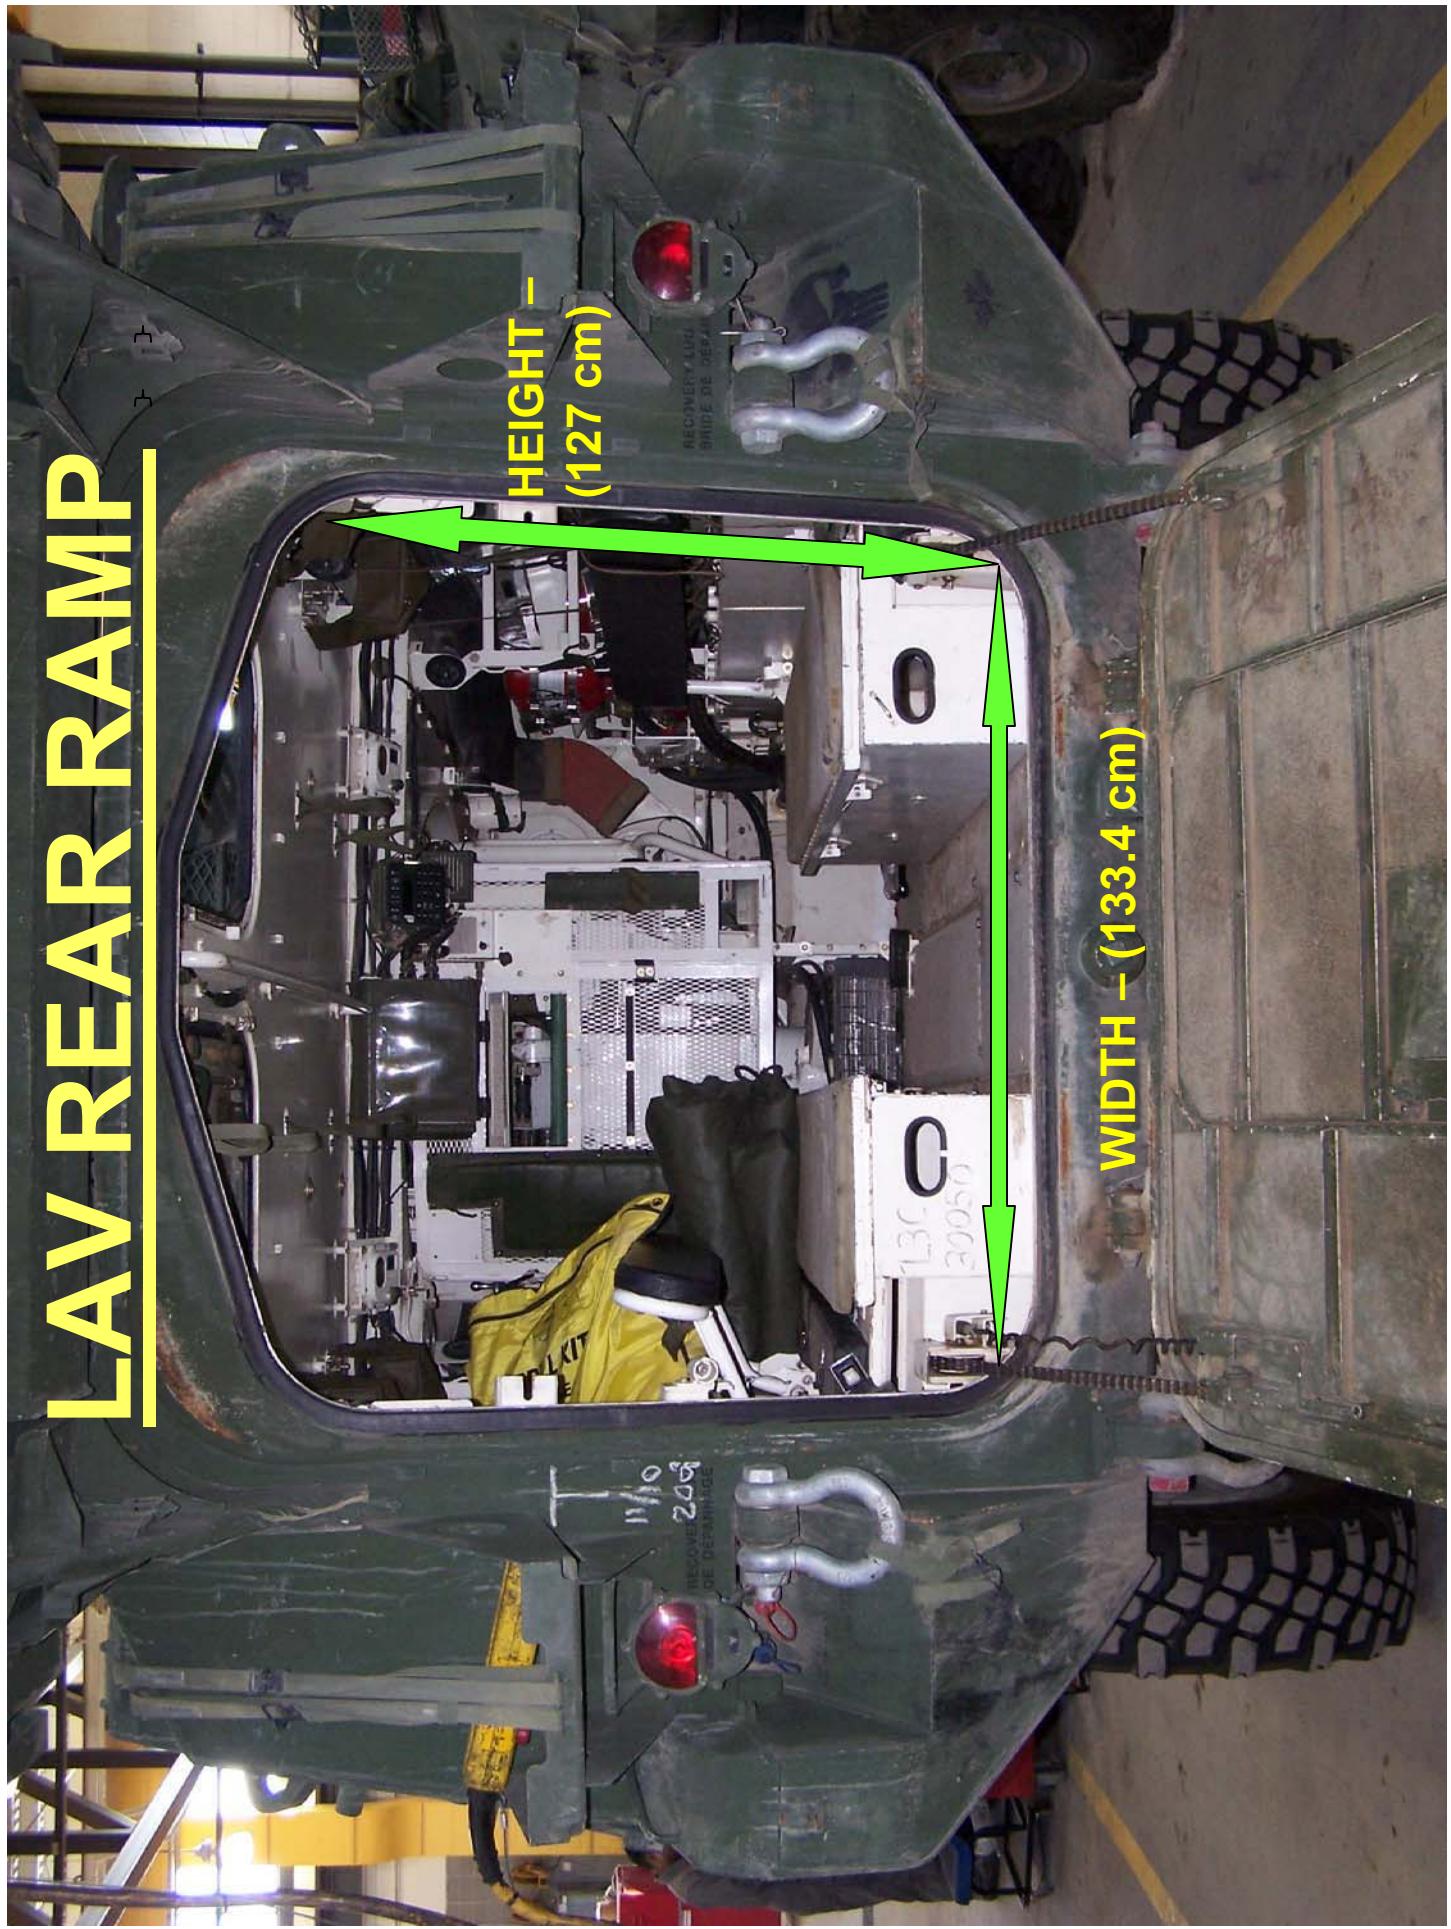

ISSP Bidder's Conference

103/174

# Technical Evaluation

Systems Engineering Manager ISSP

Marc-André Rochon

# Technical Evaluation

- Technical Performance Specification (TPS)
- TPS Evaluation
- P(Bid) Evaluation

# Technical Performance Specification (TPS)

# ISS Requirements

- All Acquisition Contract technical requirements are found in the TPS: Appendix 1 to Annex CB to Volume 2
  - Mix of “must” and “should” requirements
  - All commitments that the Contractor made as part of its original submission and for which it was rewarded during the evaluation of its bid will be reflected in the final version of the TPS that will be included in the Acquisition Contract.

# ISS Technical Performance Specification

From Appendix 1 to Annex CB to Volume 2:

Para	TPS Reference	Requirement Statement	Verification Method	Verification Criteria	SAT
2.2.1.1.0-2	TPS-5380	The ISS MLCS Platform <b>must</b> be provided in two different sizes; medium and small, as per the TDP found in Annex CB, Appendix 7, MLCS Platform TDP.	Inspection	The Contractor must show that the ISS MLCS Platform is provided in both medium and small sizes, as per Annex CB, Appendix 7, MLCS Platform TDP.	No
2.1.1.2.0-6	TPS-5106	The ISS-S <b>must</b> be fitted to the soldier without needing to be secured to any head borne equipment and without affecting the correct securing of the helmet.	Contractor's Choice	The Contractor must prove that the ISS-S meets this requirement.	No
2.2.2.5.11.0-2	TPS-2422	The ISS-S <b>should</b> have the capability to receive and display text messages.	Demo	The Contractor must demonstrate that the ISS-S Users who are selected as recipients can receive and display text messages.	Yes
2.2.5.1.1.0-4	TPS-4261	The ISS-CS <b>must</b> perform network synchronisation and meet the functional and performance requirements defined in this specification in a GPS-denied environment.	Test	The Contractor must prove through testing that the ISS-S meets the requirement. Test to be done using at least three (3) ISS-S nodes.	No
2.2.5.3.1.0-18	TPS-380	A minimum group of forty-five (45) ISS-CS <b>must</b> operate as a single ISS-S communications network for voice and data where all nodes are within 1 radio hop (i.e. no relay).	Analysis	Analysis: The Contractor must provide an analysis of how their ISS-S solution meets the requirement.	No

# Battery Charger Set

- TPS contains very few requirements for the Battery Charger Set
  - User requirements and ISS-S recharging CONOPS are not fully articulated yet
  - Battery Charger Set technical and operational characteristics is very dependent on the ISS-S solution that is provided
- Purchasing 344 firm (168 for Initial Training and 176 for Operational Stock, as per Annex CF to Volume 2)
- The decision to exercise options for additional Battery Charger Sets depends on the solution provided by the Contractor and on its effectiveness in satisfying the user requirement

# TPS Evaluation

# TPS Evaluation

- Some requirements are evaluated as part of the P(Bid) Evaluation
  - Appendix 3 to Annex CC to Volume 1
- Other requirements are evaluated as part of the TPS Paper Evaluation
  - Appendix 1 to Annex CC to Volume 1

# P(Bid) Evaluation

# P(Bid) Evaluation

- Daily Routine and logistics for P(Bid) Evaluation
  - ISS P(Bid) Evaluation → One (1) bid per day
  - MLCS P(Bid) Evaluation → Two (2) bids per day

# Frequency Assignment for PE

- Radio characteristics must be provided to the Contracting Authority at **no later than 1400 Eastern Daylight Savings Time on 25 April 2012**
- Radio characteristics must be provided by either:
  - Filling-out and providing sections 2, 3 and 4 of the DND 552 form;
  - If the RF equipment is already certified in Canada, providing a copy of the Technical Acceptance Certificate from Industry Canada; or
  - If the RF equipment is already in use by the United States military, providing a copy of the completed US Department of Defence (DoD) form 1494.
- Details are in sections 2.6.5 and 2.6.6 of RFP Volume 1.

# ISS P(Bid) Evaluation Logistics

From Attachment 1 to Appendix 2 to Annex CB to Volume 1:

Timings	Activity	Location	Remarks
0800-0830	ISS-S Systems Pick-up	Storage Facility Transit Evaluation Site – Preparation Area	Bidder to confirm their system is complete and transportation to Evaluation Site.
0830-0900	Introduction and Briefing	Evaluation Site – Preparation Area	PMO ISSP to provide to Bidder a general briefing on the conduct of the P (Bid) Evaluation.
0900-1130	System Preparation	Evaluation Site – Preparation Area	Opportunity for Bidder to prepare and set-up their system for the conduct of the P (Bid) Eval.
1130-1230	Lunch		
1230-1730	P (Bid) Evaluation	Evaluation Site – Classroom: Serial 1-30 and 51-62 will be completed indoors. Outdoor: Serial 32-49 will be conducted outdoors.	The Bidder is expected to be ready to start the P (Bid) Evaluation at 1230.

# ISS P(Bid) Evaluation Logistics

- 5 ISS-S are required for the ISS P(Bid) Evaluation
- Laptop with SEP-Suite software that was delivered for the PE
- Use maps as indicated in the Instructions to Bidder column of Table 1 to Appendix 3 to Annex CC to Volume 1
- Bidders run the inspections, demonstrations and tests as instructed by the DND evaluators
- ISS P(Bid) evaluation team is comprised of 5 DND evaluators
- Lunch provided to bidder by Canada
- Tables, chairs and 120V power will be provided

# MLCS P(Bid) Evaluation Logistics

- At DND evaluators' request, pick-up 5 small MLCS and 5 medium MLCS, and 5 sets of ISS MLCS Pouches
- Bidders are not permitted to witness the MLCS P(Bid) evaluation
- MLCS P(Bid) evaluation team is comprised of 3 DND evaluators

# P(Bid) Evaluation – Requirement Samples

From Appendix 3 to Annex CC to Volume 1:

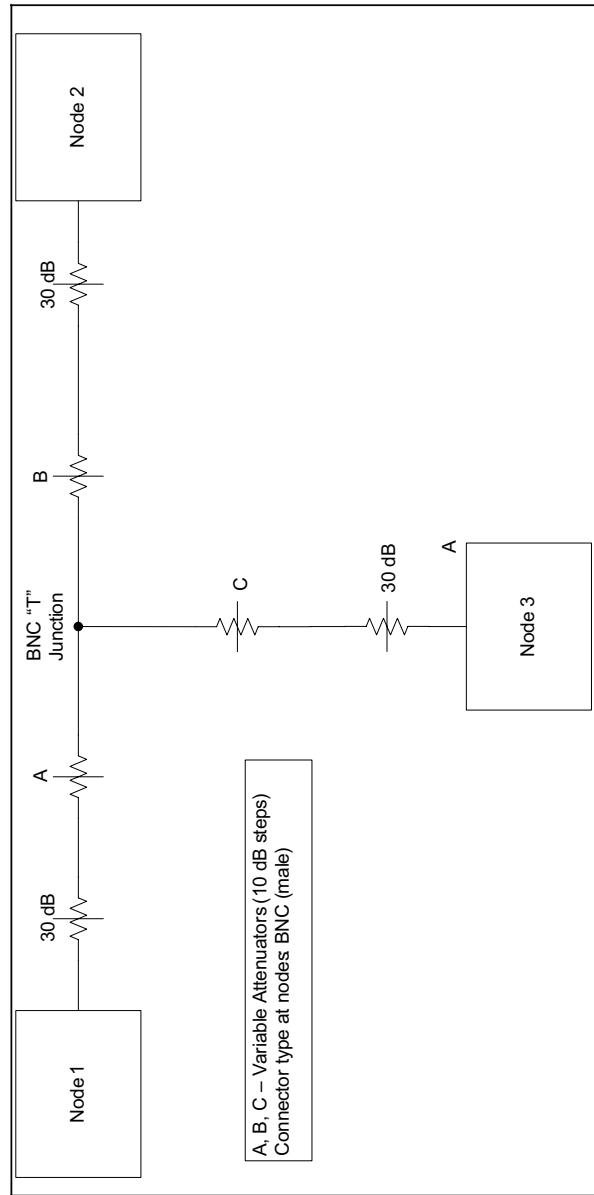

Serial	TPS Reference	Requirement Statement Category	Evaluation Method	Instructions to Bidder	Evaluation Criteria and Scale	Max Score
2	TPS-2482	The Tactical User Interface must not be head or helmet mounted.	P(Bid) Visual Inspection	The Bidder must ....	The Bidder's proposed ISS-S will be deemed compliant if ....	8
45	TPS-2420	The ISS-S should have a Text Messaging capability that allows the ISS-S User to type free text messages and send them to one or more other Users.	R  P(Bid) Demonstration of Function	Node 1 should ....	The proposed ISS-S will be evaluated .....	279
46	TPS-2422	The ISS-S should have the capability to receive and display Text messages.	R  P(Bid) Demonstration of Function	Node 2, Node 3 and Node 4 should confirm that ....	The proposed ISS-S will be evaluated .....	279
8	TPS-2523	The ISS-S computer hosting the BMS application must .....	M	In order to perform Serial 8, Node 1 must ....	The Bidder's proposed ISS-S will be deemed compliant if ....	

# P(Bid) Evaluation DND-Provided Equipment

- Stop Watch
  - Serial 8, 38 and 58 → BMS start-up, ISS-S Network join and Battery replacement
- Postal Scale
  - Serial 59 → Total ISS-S with batteries to operate a 24 hour battlefield day, excluding GFE Interface Cables
- Magnetic Compass
  - Serials 12, 15 and 35 → Electronic Compass evaluation
- Attenuator Tree
  - Serial 51 → Communications Relay
- Hand Drawings
  - Serials 27, 28, 34, 36, 44, 49, 58 → Creation, manipulation and exchange of Hand Drawings
- Measuring Tape and Ruler
  - Serials 60 and 61 → MLCS Platform and ISS MLCS Pouches

# ISS P(Bid) Evaluation: Attenuator Tree

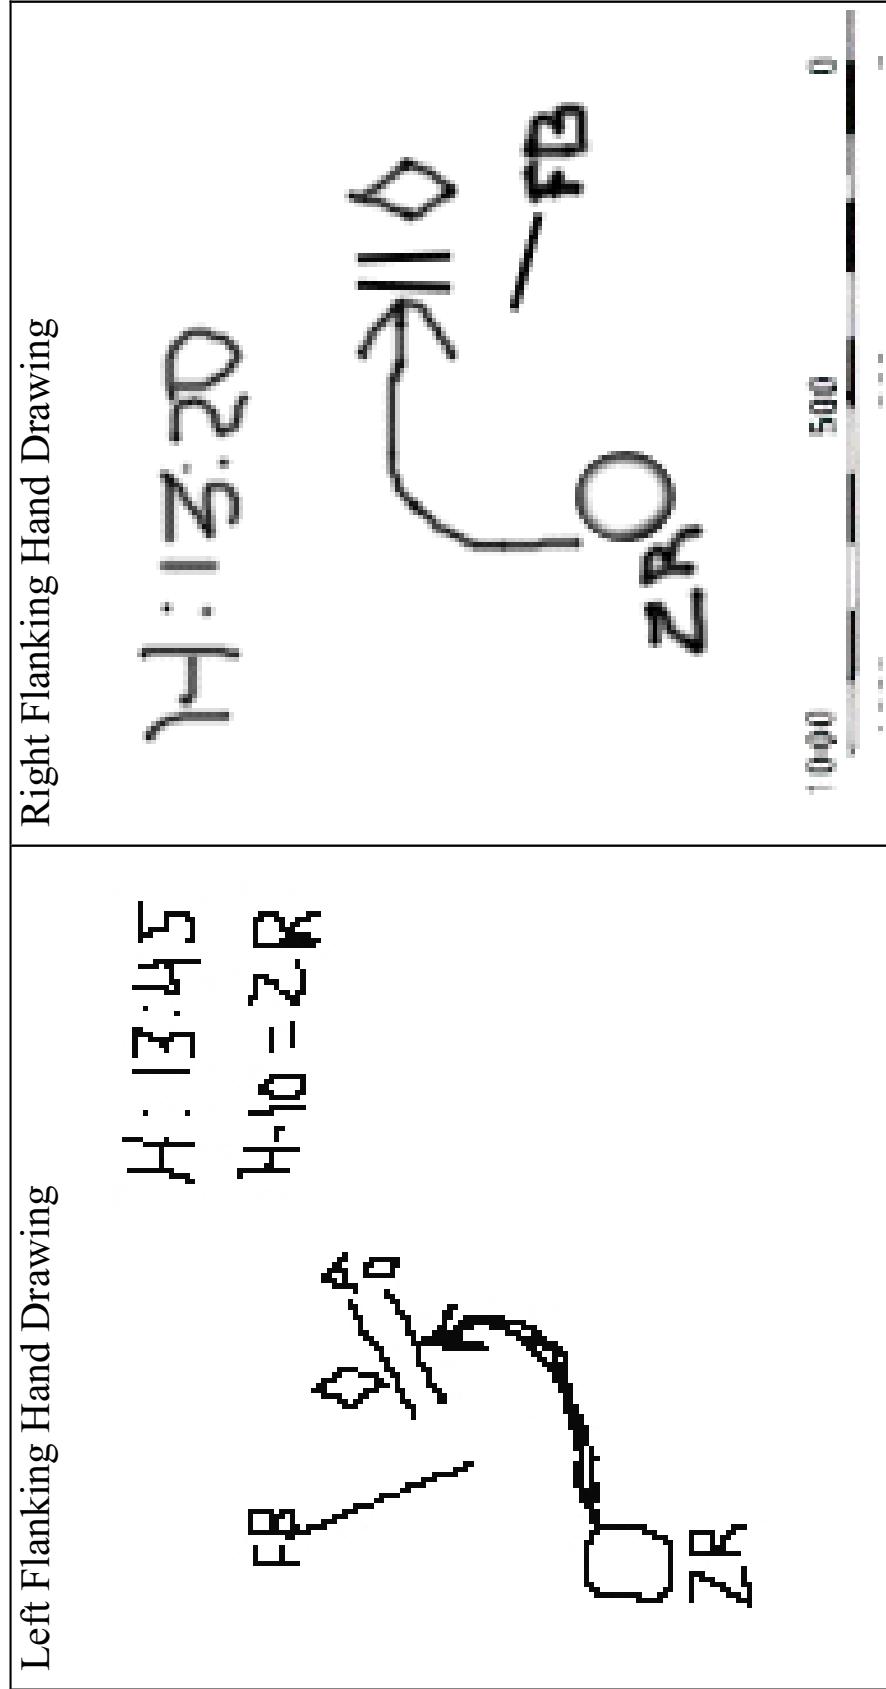

From Appendix 10 to Annex CB to Volume 2:

It is the responsibility of the bidder to provide the necessary adaptors to connect their radio antenna port to the attenuator tree.  
The cables are RG-142 with an impedance of 50 Ohms. The bidder is responsible for providing impedance matching if necessary.

# ISS P(Bid) Evaluation: Hand Drawings

From Appendix 10 to Annex CB to Volume 2:

# ISS P(Bid) Evaluation: ISS-S Weight

- Reference: Serial 59 (TPS-3919) of Appendix 3 to Annex CC to Volume 1
- $\text{ISS-S Weight} = (\text{ISS-S Weight with ISS Rechargeable Batteries for a 24 hour BD} + \text{ISS-S Weight with ISS Non-Rechargeable Batteries for a 24 hour BD}) \text{ divided by } 2$
- The evaluators will also weigh individual Power Domain Battery Packs

# ISS P(Bid) Evaluation: ISS-S Weight

- The number of ISS Rechargeable Batteries and ISS Non-Rechargeable Batteries that will be weighed:
  - Must be the number of Power Domain Battery Packs that are required to operate the ISS-S for a 24 hour Battlefield Day (BD);
    - Appendix 3 to Annex CB to Volume 2
  - And must be as indicated in the Power Consumption Test and Analysis
    - Appendix 11 to Annex CB to Volume 2
- The Bidder must ensure that the battery information that is provided is consistent throughout the bid:
  - Life Cycle Costing Compliance Matrix in **Appendix 1 to Annex CG to Volume 1**
  - P(Bid) Evaluation in **Appendix 3 to Annex CC to Volume 1**
  - TPS Compliance Matrix in **Appendix 1 to Annex CC to Volume 1**
  - Financial Bid Presentation Sheet as per **Annex AB to Volume 1**

# Financial Proposals

Contracting Authority PWGSC

Bernard Juteau

## Table of contents

- 1. Annex AB “Section IV - ISS-A Financial Bid” Preparation Instructions to Volume 1
  - “Section IV ISS-A Financial Bid” minimum contents;
  - Relationship between lists of material and certain items in the Financial Bid Presentation Sheet (FBPS);
  - Review of the ISS-A FBPS;
    - Multiple power domains;
    - Central power domain (Variation 1);
    - Central power domain (Variation 2);
- 2. Annex AC “Section VIII - ISS-OWSS Financial Bid” Preparation Instructions to Volume 1
  - “Section VIII - ISS-OWSS Financial Bid” minimum contents;
  - Relationship between lists of material and certain items in the FBPS;
  - No Review of the ISS-OWSS FBPS. Very similar to ISS-A FBPS;

1. Annex AB “Section IV - ISS-A Financial Bid” Preparation Instructions to Volume 1

**1. Annex AB “Section IV - ISS-A  
Financial Bid” Preparation  
Instructions to Volume 1**

## 1. Annex AB “Section IV - ISS-A Financial Bid” Preparation Instructions to Volume 1 (Cont’d)

- The annex AB has 42 pages of detailed instructions on “Section IV - ISS-A Financial Bid” minimum content and on how to fill in the volume 2 annex AB (ISS-A FBPS).  
Bidders must submit with their proposal “Section IV ISS-A Financial Bid”:

- The following lists:

- the *Recommended Spare Parts List* (RSPL) (SOW para. 6.7.2.0-2, CDRL LS-003);
- the *Consumable and Bulk Items List* (CBIL) (SOW para. 6.7.2.0-4, CDRL LS-012); and
- the *Recommended Support Equipment Requirements List* (RSERL) (SOW para. 6.7.4.0-1, CDRL LS-002).

*(In spite of the fact that DND requests the 3 lists above mentioned after the beginning of the phase B, it is a mandatory requirement that these lists, with all unit prices, be provided with the Bidder financial proposal.)*

- **Status and Availability of Resources certification;**
- **Education and Experience certification;**

1. Annex AB “Section IV - ISS-A Financial Bid” Preparation Instructions to Volume 1 (Cont’d)

**Bidders must submit with their proposal “Section IV ISS-A Financial Bid” : (Cont’d)**

**•a filled-in copy of the ISS-A Financial Bid Presentation Sheet (FBPS) (Volume 2);**

**VOLUME 2 PART 7 – ISS-A RESULTING CONTRACT**

**List of Modules and Annexes:**

**Module A**

- Annex AB ISS-A Price Proposal Presentation Sheet  
Part 1 (Phase A System Qualification);  
Part 2 (Optional Goods and/or Services Phase B (Production));  
Part 3 (Miscellaneous Work (Not phased specific));  
Appendix 1 (Purchase of Optional Quantities);  
Appendix 2 (Optional Quantities Discount Factor Table);  
Appendix 3 (Parts 1, 2 & 3's Claim for Exchange Rate Adjustments);  
Appendix 4 (Appendices 1 & 2's Claim for Exchange Rate Adjustments);

1. Annex AB “Section IV - ISS-A Financial Bid” Preparation Instructions to Volume 1 (Cont’d)

**ISS-A Financial Bid Presentation Sheet (FBPS) :**

- Prices are submitted for a first period and then are adjusted on account of fluctuations in the Canadian economy for all subsequent periods, except for phase A;
- Prices must be submitted in Canadian currency;
- Prices provided GST or HST excluded, Incoterm 2000 DDP Delivery Duty Paid;
- Transportation costs information must be provided;
- Bidders may request Canada to assume the risk for exchange rate fluctuation;
- The procedures on how to fill-in the ISS-A (FBPS) are in volume 1 annex AB article 8 and beyond;

1. Annex AB “Section IV - ISS-A Financial Bid” Preparation Instructions to Volume 1 (Cont’d)

### **ISS-A Financial Bid Presentation Sheet (FBPS) : (Cont’d)**

- The ISS-A FBPS can be found in the Annex AB to Volume 2;
- The ISS-A FBPS is also provided on an \*.xls format (Microsoft Excel 2000) in the RFP Electronic Package under file name “ISS\_A\_FBPS\_V1.xls”, (See RFP Article 2.7 to Volume 1).

## 1. Annex AB “Section IV - ISS-A Financial Bid” Preparation Instructions to Volume 1 (Cont'd)

13.1.1.9 GPS power cable	Each	1600
13.1.1.10 PC power cable	Each	1600
<b>13.1.1.11 Internal Rechargeable Battery Box</b>	<b>Each</b>	<b>1600</b>

## 1. Annex AB “Section IV - ISS-A Financial Bid” Preparation Instructions to Volume 1 (Cont’d)

- the *Recommended Spare Parts List* (RSPL);
- the *Consumable and Bulk Items List* (CBIL); and
- the *Recommended Support Equipment Requirements List* (RSERL);

**ISS-A spares** Negotiation of the actual cost after contract award

Item 17.0:

- At least \$2,000,000.00 CAN GST/HST of ISS P(Prod) spares (RSPL);
  - Calculation based on the purchase of 200 ISS-ES;
  - Must be the same firm unit prices in the RSPL and FBPS item 17.1 to 17.4.
- ISSP Bidder's Conference

2. Annex AC “Section VIII - ISS-OWSS Financial Bid” Preparation Instructions to Volume 1

**2. Annex AC “Section VIII - ISS-OWSS  
Financial Bid” Preparation Instructions to  
Volume 1**

2. Annex AC “Section VIII - ISS-OWSS Financial Bid” Preparation Instructions to Volume 1  
(Cont'd)

- The annex AC has 17 pages of detailed instructions on “Section VIII - ISS-OWSS Financial Bid” minimum content and on how to fill in the volume 3 annex AB.  
Bidders must submit with their proposal “Section VIII ISS-OWSS Financial Bid”:

- The equivalent of the following lists:

- the *Recommended Spare Parts List* (RSPL) ([ISS-A SOW](#) para. 6.7.2.0-2, CDR<sub>L</sub> LS-003);
- the *Consumable and Bulk Items List* (CBIL) ([ISS-A SOW](#) para. 6.7.2.0-4, CDR<sub>L</sub> LS-012); and
- the *Recommended Support Equipment Requirements List* (RSERL) ([ISS-A SOW](#) para. 6.7.4.0-1, CDR<sub>L</sub> LS-002).

- A filled-in copy of the file “**ISS\_LCC\_Templates\_Vx.XLS**”;
- Status and Availability of Resources certification;
- Education and Experience certification;

2. Annex AC “Section VIII - ISS-OWSS Financial Bid” Preparation Instructions to Volume 1  
(Cont’d)

**Bidders must submit with their proposal “Section VIII ISS-OWSS Financial Bid”:** (Cont’d)

- a filled-in copy of the ISS-OWSS Financial Bid Presentation Sheet (FBPS) (Volume 3);**

VOLUME 3 PART 8 - RESULTING CONTRACT      Financial Bid Presentation Sheet

List of Modules and Annexes:

Module A

Annex AB    ISS-OWSS Price Proposal Presentation Sheet  
Appendix 1 (Claim for Exchange Rate Adjustments);

2. Annex AC “Section VIII - ISS-OWSS Financial Bid” Preparation Instructions to Volume 1  
(Cont'd)

**ISS-OWSS Financial Bid Presentation Sheet (FBPS) :**

- Prices are submitted for a first period and then are adjusted on account of fluctuations in the Canadian economy for all subsequent periods;
- Prices must be submitted in Canadian currency;
- Prices quoted GST or HST excluded, Incoterm 2000 FCA Free Carrier;
- Bidders may request Canada to assume the risk for exchange rate fluctuation;
- The procedures on how to fill-in the ISS-OWSS (FBPS) are in volume 1 annex AC article 8 and beyond;

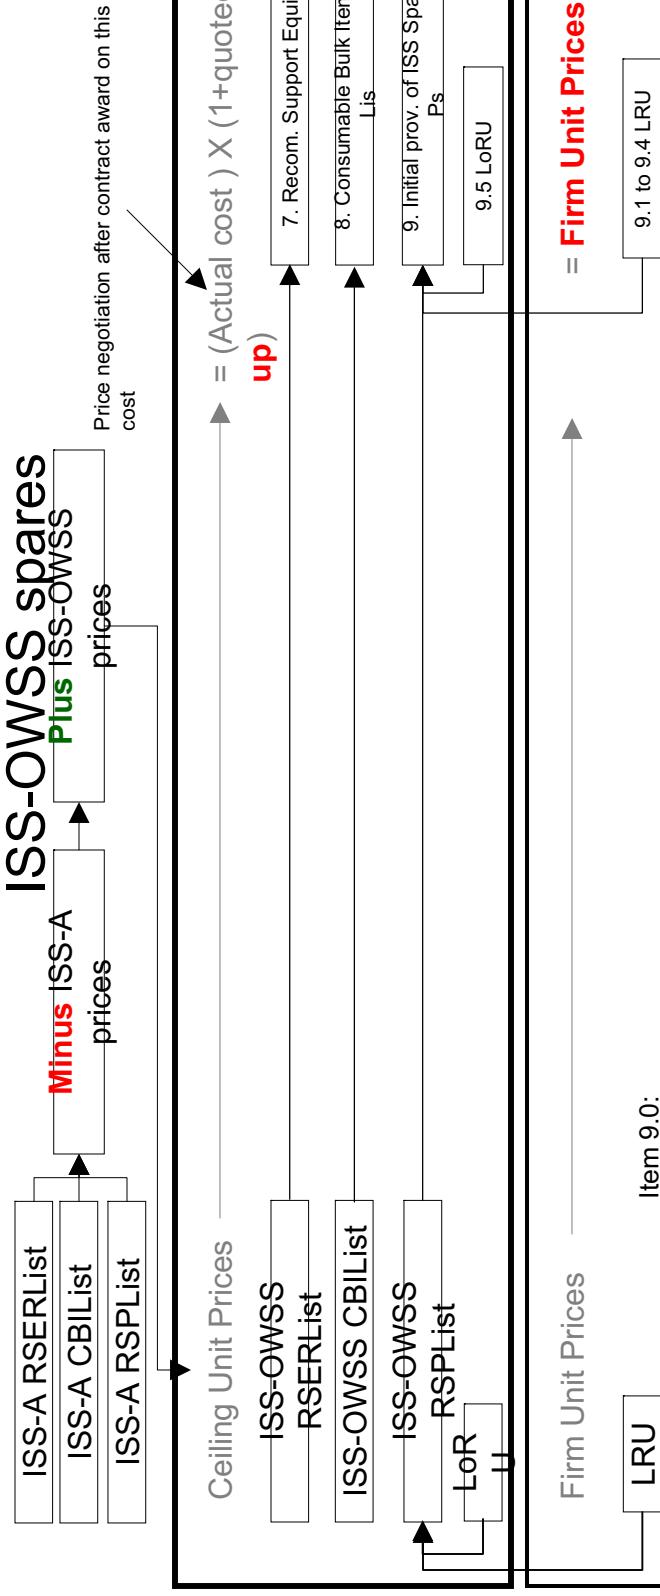

2. Annex AC “Section VIII - ISS-OWSS Financial Bid” Preparation Instructions to Volume 1  
(Cont’d)

**ISS-OWSS Financial Bid Presentation Sheet (FBPS) :**  
**(Cont’d)**

- The ISS-OWSS FBPS can be found in the Annex AB to Volume 3;
- The ISS-OWSS FBPS is also provided on an \*.xls format (Microsoft Excel 2000) in the RFP Electronic Package under file name “ISS\_OWSS\_FBPS\_V1.xls”, (See RFP Article 2.7 to Volume 1).

## 2. Annex AC “Section VIII - ISS-OWSS Financial Bid” Preparation Instructions to Volume 1 (Cont'd)

- The equivalent of:
  - the *Recommended Spare Parts List* (RSPL) (**ISS-A SOW**);
  - the *Consumable and Bulk Items List* (CBL) (**ISS-A SOW**); and
  - the *Recommended Support Equipment Requirements List* (RSERL) (**ISS-A SOW**).

7 March 2012

- Calculation based on the purchase of 1680 ISS-ES;
- Must be the same firm unit prices in the RSPL and FBPS item 9.1 to 9.4.

• **END**

## Canada's Industrial and Regional Benefits (IRBs)

165/174	ISSP Bidder's Conference
---------	--------------------------

# Canada's Industrial and Regional Benefits (IRBs) Policy

Industrial & Regional Benefits Directorate

Industry Canada

John MacInnis

# General information on IRB Proposals

- Companies are expected to submit two IRB proposals:
  - One for the Acquisition resulting Contract
  - One for the OWSS resulting Contract
- These two IRB proposals become two separate IRB obligations
- The OWSS IRB obligation comes into effect at the same time as the OWSS contract comes into effect

# IRB Proposal

- Bidder must submit IRB Proposals with their bids containing the following eight mandatory elements:
  - IRB Proposal must equal a minimum of 100% of the bid price, measured in Canadian Content Value
  - Identify acceptable IRB Transactions equal to a minimum of 30% of the bid price at bid closing (commit to identify more later, at specified time intervals)
  - Achieve a minimum of 15% of the bid price in work with Small and Medium size Businesses
  - Achieve a minimum of 5% of the bid price in work related to the Enhanced Priority Technology List (EPTL)
  - Accept liquidated damages and holdbacks
  - Achieve minimum point score for both IRB Plans and IRB Transactions
  - Accept IRB Terms and Conditions
  - Include all requested IRB Plans, IRB Transaction Sheets, and the IRB Compliancy Checklist

\* The mandatory elements are outlined in Clause 5 of Annex BA and of Annex BB of Volume 1 of the RFP.

# Evaluation of IRB Proposals

- Industry Canada will evaluate the IRB Proposals
    - with the Regional Development Agencies
  - IRB proposals are evaluated on a pass/fail basis only
- \* The IRB Evaluation Plan is outlined in detail in Clause 9 of Annex BA and of Annex BB of Volume 1 of the RFP.

# The Contracts

- The resulting Contracts include specific IRB commitments.
- Annual reviews of achievements are performed by Industry Canada during the performance period.
  - Prime Contractor reports achievements annually.
  - Industry Canada verifies achievements.
- Liquidated Damages are applied for non-compliance.
