This Amendment number 007 is raised to responds to the following vendor's quetions:

QUESTION 1

Amendment #5, Question/Answer 2 - The revision noted in the amendment modified the scoring for rated requirements R.2, R.3, R.4 and R.5, thus it appears that the "Tools and Technologies" element has been removed from rated requirements R.2, R.3, R.4 and R.5; however, the amendment does not indicate what changes are to be made to the RFP that correspond to this revised scoring. Please confirm that in addition to the revised scoring, the "Tools and Technologies" section in rated requirements R.2, R.3, R.4 and R.5 is to be removed.
