Questions and Answers

Q1. For the width and depth – can you please clarify if this is outside dimension or inside dimension? If it's outside dimension would you please also be able to advise what the required inside seat dimension is required?

A1. These are overall dimensions of the furniture. Inside seat dimensions are as follows:

Group A - Inside seat dimensions:

A1 Arm Chair : 20.5"D x 26"W

A2 (Sectional) Sofa : 20.5"D x 78"W

Group B - Inside seat dimensions:

B1 + B2 Lounge Chair with tablet: 21"D x 25"W

Q2. For the seat height – I imagine that it's from the floor to the top of the seat cushion – is that correct?

A2. Confirmed.

Q3. For the fabric examples provided there are no specifics on fibre makeup of the fabric, ie.

Cotton/polyester blend, % of each required, etc. Does this mean it's open to interpretation?

A3. Figures: I,II,III : Fabric content to have approximately 90% wool + 10% nylon blend, textured similar to photo, with PFOA free - Stain Resistant Finish

Figure: IV : Fabric content 100% wool, texture similar to photo, with PFOA free Stain Resistant Finish.

Figure V : Fabric content 100% Recycled Polyester, texture similar to photo, with PFOA free Stain Resistant Finish.

Figure VI : Fabric content 100% Recycled Polyester, texture similar to photo, with PFOA free Stain Resistant Finish.

Figure VII : as noted on photo: PU Leather similar to Maharam, Alloy 466064, Colour: 018 Mercury.

Q4. The fabrics shown in Annex A-1 are understandably generic however some additional information is required in order to ensure suitable selections for example: Figures IV, V and VI all have a pattern. Since there is no sense of scale in these photos, the repeat of each of these fabrics would be helpful. Also, Figures I, II, and III have a definite texture however the photos are not to scale. Non-enlarged photos would give a sense of the level of texture. We will do our best to match colours based on the photos.

A4. See Answer #3

Q5. In Annex A-1 figure VII identifies the leather as Maharam, Alloy Colour 018 Mercury. Is this the leather to be used or do we match to it. It is important to note that the grade of leather has a significant impact on the cost. So, in fairness to all proponents, will the grade be pre-determined?

A5. Maharam Alloy may be used, or textile same as Maharam Alloy, in a colour matching or very similar to 018 Mercury. Product is 100% polyurethane.

Q6. Group B2 chair has a tablet arm. Can you please provide further details on the tablet? We require size and finish (laminated or wood? If laminated what is the colour? Is it a woodgrain?) Also, what is the edge of the tablet? It looks like a pvc. Different manufacturers will have their own tablet style (round, square) and edge detail so please clarify what is critical.

A6. Refer to Annex A, 4.3 and 4.4. Finish to be hardwood maple, clear stain. Tablet to be rotating and removable.

For Clarification:

Refer to Annex A . 4.0 Detailed Requirements

All references to Upholstered Sectional 3 (three) seat Sofa Type A2. : A three seater sofa is acceptable in lieu of a sectional sofa.
