3. Debriefings

After contract award, bidders may request a debriefing on the results of the bid solicitation process. Bidders should make the request to the Contracting Authority within 15 working days of receipt of the results of the bid solicitation process. The debriefing may be in writing, by telephone or in person.

PART 2 - BIDDER INSTRUCTIONS**1. Standard Instructions, Clauses and Conditions**

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the Standard Acquisition Clauses and Conditions (<http://ccua-sacc.tpsgc-pwgsc.gc.ca/pub/acho-eng.jsp>) Manual issued by Public Works and Government Services Canada.

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The 2003 (2012-03-02) Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

2. Submission of Bids

Bids must be submitted only to Public Works and Government Services Canada (PWGSC) Bid Receiving Unit by the date, time and place indicated on page 1 of the bid solicitation.

Due to the nature of the bid solicitation, bids transmitted by facsimile to PWGSC will not be accepted.

2.1 Revision of Bids

A bid submitted in accordance with these requirements may be amended by letter or facsimile provided the revision is received at the office designated for the receipt of bids, on or before the date and time set for the receipt of proposals. The revision must be on the Bidder's letterhead or bear a signature that identifies the Bidder, and must clearly identify the change(s) to be applied to the original proposal. The revision should also include the information identified in Standard Instructions and Conditions (2003), Section 5, 2. (e). Fax #: (204) 983-0338

3. Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than ten (10) calendar days before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the questions or may request that the Bidder do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies to all bidders. Enquiries not submitted in a form that can be distributed to all bidders may not be answered by Canada.

4. Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Nunavut.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the bidders.

PART 3 - BID PREPARATION INSTRUCTIONS

1. Bid Preparation Instructions

Canada requests that bidders provide their bid in separately bound sections as follows:

Section I: Technical Bid (3 hard copies)

Section II: Financial Bid (1 hard copy)

Section III: Certifications (1 hard copy)

Prices must appear in the financial bid only. No prices must be indicated in any other section of the bid.

Canada requests that bidders follow the format instructions described below in the preparation of their bid:

- (a) use 8.5 x 11 inch (216 mm x 279 mm) paper;
- (b) use a numbering system that corresponds to the bid solicitation.

In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process [Policy on Green Procurement](http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html) (<http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html>). To assist Canada in reaching its objectives, bidders are encouraged to:

- 1) use paper containing fibre certified as originating from a sustainably-managed forest and/or containing minimum 30% recycled content; and

- 2) use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duotangs or binders.

Section I: Technical Bid

In their technical bid, bidders should explain and demonstrate how they propose to meet the requirements and how they will carry out the Work.

Section II: Financial Bid

Bidders must submit their financial bid in accordance with the Basis of Payment. The total amount of Goods and Services Tax (GST) or Harmonized Sales Tax (HST) must be shown separately, if applicable.

NOTE: Per Article 24 of The Agreement Between The Inuit of the Nunavut Settlement Area and Her Majesty the Queen in Right of Canada, the total assessed price will be used for evaluation purposes only and will be calculated by reducing the total actual bid price by a percentage equal to the total number of points assigned through evaluation of the bid in accordance with the Nunavut Settlement Area Bid Criteria. Refer to Annex A - Nunavut Land Claims Agreement for more details.

Section III: Certifications

Bidders must submit the certifications required under Part 5.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

1. Evaluation Procedures

- (a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the bids.

1.1 Technical Evaluation

1.1.1 Mandatory Technical Criteria

- 1.1.1.1 In order to supply the quality of personnel required, the Bidder must have the following: demonstrated experience and capability of handling marine construction projects.
- 1.1.1.2 The Construction Inspector(s) to perform the Work described in the Statement of Work must have a minimum of five (5) years of related experience, or a minimum of two (2) years experience with a relevant accredited engineering technology diploma. The Construction Inspector(s) must also have as a minimum awareness training in Health and Safety related to Hazardous Occurrence Recognition and Reporting on construction sites. The name(s) of the proposed individual(s) and evidence of the required experience/education and health and safety training must be submitted at the time of bid closing.

1.1.2 Point Rated Technical Criteria

EVALUATION CRITERION	CRITERION WEIGHT FACTOR
1. Qualification and Experience of the Bidder	25
2. Past Achievements of Key Personnel	25
3. Work Plan	25
Total for Technical Portion	75

Note: The information will be rated from 1 to 10 for each technical criterion/element. The rating is then multiplied by the weight factor shown in the Evaluation Criteria Table to produce a weighted rating. The technical score is obtained by dividing the sum of the weighted ratings by 10.

Qualification and Experience of the Bidder

Describe the background and experience of the Bidder. Information should include size of the technical staff, and areas of specialty available in-house.

Provide a description of at least two (2) projects completed within the last ten (10) years, which the Bidder has performed marine construction inspection services and are similar to the work required in the Statement of Work (Annex C). The information provided should include the location of the project, the construction cost, and the name of the client.

Past Achievements of Key Personnel

Describe the experience and performance of key personnel to be assigned to this project, regardless of their past association with the current Bidder. This is the opportunity to emphasize the strengths of the individuals, to recognize their past responsibilities, commitments and achievements.

Information on each individual should contain:

- 1) A brief résumé of each individual of the Bidder's staff who will be assigned to this project. Résumés shall include relevant experience, expertise, competence, health and safety training, and number of years of experience.
- 2) Professional accreditation and accomplishments of all proposed personnel.
- 3) The extent to which the proposed personnel have successfully performed services for projects comparable to the Pangnirtung Harbour project described in the Statement of Work (Annex C).

Work Plan

The Bidder is to demonstrate capability to perform the services and meet project challenges. A detailed breakdown of work tasks and deliverables, as defined by the Design Build Terms of Reference (attached) is to be provided.

2. Basis of Selection

1. To be declared responsive, a bid must:

- a. comply with all the requirements of the bid solicitation; and
- b. meet all mandatory technical evaluation criteria; and
- c. obtain the required minimum of 45 points overall for the technical evaluation criteria which are subject to point rating. The rating is performed on a scale of 75 points.

2. Bids not meeting (a) or (b) or (c) will be declared non-responsive. The responsive bid with the lowest evaluated price will be recommended for award of a contract.

PART 5 - CERTIFICATIONS

Bidders must provide the required certifications to be awarded a contract. Canada will declare a bid non-responsive if the required certifications are not completed and submitted as requested.

Compliance with the certifications bidders provide to Canada is subject to verification by Canada during the bid evaluation period (before award of a contract) and after award of a contract. The Contracting Authority will have the right to ask for additional information to verify bidders' compliance with the certifications before award of a contract. The bid will be declared non-responsive if any certification made by the Bidder is untrue, whether made knowingly or unknowingly. Failure to comply with the certifications or to comply with the request of the Contracting Authority for additional information will also render the bid non-responsive.

1. Certifications Precedent to Contract Award

The certifications listed below should be completed and submitted with the bid, but may be submitted afterwards. If any of these required certifications is not completed and submitted as requested, the Contracting Authority will so inform the Bidder and provide the Bidder with a time frame within which to meet the requirement. Failure to comply with the request of the Contracting Authority and meet the requirement within that time period will render the bid non-responsive.

1.1 Federal Contractors Program - Certification

Suppliers who are subject to the Federal Contractors Program (FCP) and have been declared ineligible contractors by Human Resources and Skills Development Canada (HRSDC) are no longer eligible to receive federal government contracts over the threshold for solicitation of bids as set out in the Government Contracts Regulations. Suppliers may be declared ineligible contractors either as a result of a finding of non-compliance by HRSDC, or following their voluntary withdrawal from the FCP for a reason other than the reduction of their workforce to less than 100 employees. Any bids from ineligible contractors, including a bid from a joint venture that has a member who is an ineligible contractor, will be declared non-responsive.

The Bidder, or, if the Bidder is a joint venture the member of the joint venture, certifies its status with the FCP, as follows:

- d. () has not been declared an ineligible contractor by HRSDC, and has a valid certificate number as follows:

Further information on the FCP is available on the HRSDC Web site
(<http://www.hrsdc.gc.ca/eng/labour/equality/fcp/index.shtml>).

1.2 Former Public Servant Certification

Certification

By submitting a bid, the Bidder certifies that the information submitted by the Bidder in response to the above requirements is accurate and complete.

1.3 Status and Availability of Resources

The Bidder certifies that, should it be awarded a contract as a result of the bid solicitation, every individual proposed in its bid will be available to perform the Work as required by Canada's representatives and at the time specified in the bid solicitation or agreed to with Canada's representatives. If for reasons beyond its control, the Bidder is unable to provide the services of an individual named in its bid, the Bidder may propose a substitute with similar qualifications and experience. The Bidder must advise the Contracting Authority of the reason for the substitution and provide the name, qualifications and experience of the proposed replacement. For the purposes of this clause, only the following reasons will be considered as beyond the control of the Bidder: death, sickness, maternity and parental leave, retirement, resignation, dismissal for cause or termination of an agreement for default.

If the Bidder has proposed any individual who is not an employee of the Bidder, the Bidder certifies that it has the permission from that individual to propose his/her services in relation to the Work to be performed and to submit his/her résumé to Canada. The Bidder must, upon request from the Contracting Authority, provide a written confirmation, signed by the individual, of the permission given to the Bidder and of his/her availability. Failure to comply with the request may result in the bid being declared non-responsive.

1.4 Education and Experience

The Bidder certifies that all the information provided in the résumés and supporting material submitted with its bid, particularly the information pertaining to education, achievements, experience and work history, has been verified by the Bidder to be true and accurate. ANNEX A - NUNAVUT LAND CLAIMS AGREEMENT

http://www.collectionscanada.gc.ca/webarchives/20071124140800/http://www.ainc-inac.gc.ca/pr/agr/pdf/nunav_e.pdf

The requirements of the Nunavut Land Claims Agreement will apply to the proposed procurement. Proponents are therefore requested to maximize aboriginal employment, subcontracting and on-the-job training opportunities, and involve local, regional and Aboriginal citizens and businesses, in carrying out the work under this project. The benefits that apply to this procurement are contained in: Article 24 of The Agreement Between The Inuit of the Nunavut Settlement Area and Her Majesty the Queen in Right of Canada.

In compliance with the requirements of Article 24 - Government Contracts, of the Agreement Between The Inuit of the Nunavut Settlement Area and Her Majesty the Queen in Right of Canada, the following conditions shall apply in the award of any Contract resulting from this solicitation:

1. Contractor Selection

Any contract resulting from this solicitation will be awarded to the responsive bidder whose total assessed bid price is the lowest. In order to be considered responsive, a bid must satisfy all mandatory terms, conditions, and specifications of this solicitation document.
