This Solicitation Amendment # 003 is raised to amend the following:

1) Provide answers to supplier questions;

Question: ITEM 3.10.6 Rear Wall

This complete section from (A to G) is not applicable to this type of trailer. This section basically covers a regular type Van Trailer which has solid sides and rear doors.

(A) Asks for two rear full height, full width barn type doors ect. There is no frame work to install barn type doors on this trailer.

Answer: There are retractable wall semi trailers with rear structures that permit the installation of rigid barn-style rear doors. For example see www.tag.qc.ca/html/flatbed-semitrailers/retractag-semitrailers.htm and www.tag.qc.ca/html/photos/retractag/pages/008_jpg.htm

Question: ITEM 3.10.7 Retractable Tarpaulin System

Retractable Tarpaulin System is the type of trailer that is originally asked for in the specification. This trailer has a roll up Tarpaulin full width type flap system on a aluminum arch frame, which slides forward as the complete tarp system moves forward to give an open flat deck trailer.

Is this type of trailer acceptable?

Answer: The type of trailer requested includes a foldable tarpaulin on a sliding frame that, when extended forward or aft, leaves an open flat-deck trailer. If the above meets all of the requirements in the purchase description, it would be acceptable.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.
