2. Note to Bidders

- a) This Request for Proposal, (RFP), is structured so that it will be similar to any resulting Contract. As such the words "Contract" and "Contractor" are to be read as "any resulting Contract" and "proposed Contractor" respectively.
- b) Changes to proposals will not be accepted after the solicitation closing date.
- c) There will be no direct payment by the Crown for any costs incurred in the preparation and submission of proposals resulting from this RFP.

3. Submission of Proposals

Proposals must be submitted **ONLY TO PUBLIC WORKS AND GOVERNMENT SERVICES CANADA (PWGSC) BID RECEIVING UNIT** by the date, time and place indicated on page 1 of the Request for Proposal.

4. Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than five (5) calendar days before the bid closing date. Enquiries received after that time may not be answered.

5. Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in the Province of Ontario.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the bidders.

6. Basis of Payment

6.1 Canadian-Based Contractor

Canadian-based bidders must submit firm prices for items in Canadian Dollars (CAD) or Euros (€), Canadian customs duties, and excise taxes included, where applicable, and Goods and Services Tax (GST) or Harmonized Sales Tax (HST) excluded, FCA Free Carrier, (Contractors Facility *) as per Incoterms 2000.

6.2 Foreign-Based Contractor

Foreign-based bidders must submit firm prices for items in Canadian Dollars (CAD) or Euros (€), Canadian customs duties, excise taxes, Goods and Services Tax (GST) and Harmonized Sales Tax (HST) excluded, FCA Free Carrier, (Contractors Facility **) as per Incoterms 2000.

Delivery location / point: _____

**** Bidders are required to specify above the delivery location / point to be considered as the FCA Plant location / point.**

- 6.3 For the purpose of the bid solicitation, bidders with an address in Canada are considered Canadian-based bidders and bidders with an address outside of Canada are considered foreign-based bidders.

7. Delivery

Delivery is required as soon as possible. Bidders are required to specify their best proposed delivery date at the "Line Item Detail" page in the "Delivery Offered" column.

8. Description and Traceability

- a) The description given in the line items may be a short description. The full description is available in the public domain. The NATO Stock Number may include a part number or numbers in addition to that listed in the description of a line item. It is the responsibility of the bidder to refer to the NATO Stock Number and to ascertain therefrom such other part number as may fulfil the requirements of the NATO Stock Number. Part numbers with a RNCC/RNVC code of 5-9, 6-9 or D-9 are not acceptable part numbers.
- b) Traceability - Items offered shall not be identified as being produced by a NATO Supply Code for Manufacturer (NSCM) unless produced by that manufacturer or its accredited manufacturer/supplier. It is the bidder's responsibility to ensure that they and/or their supplier are legally entitled to manufacture the parts which are being offered.

9. Assurance of Nato Supply Code for Manufacturer (NSCM) Traceability

For the purposes of this solicitation, the NSCM (one or more) specified in this Request for Proposal (RFP) is the only approved source(s) of supply for the part number it is referenced with.

When the specified part number is proposed for supply by the bidder, the related specified NSCM shall only be offered by the bidder if the material to be supplied as the specified part number can be traced with documentary evidence directly to the NATO approved source of supply.

In the event that the bidder proposes to supply, under the specified part number, material which can neither be demonstrated by the bidder as originating directly from the approved source of supply nor as supplied under the specified NSCM with the specific written permission of the approved source of supply, the bidder is obligated to specify the alternate manufacturer for the material proposed under the specified part number and not mention the specified NSCM.

Material supplied for the items specified in any subsequent contract will be subject to investigation by the Crown. Material which can neither be demonstrated by the Contractor as having originated directly from the NSCM specified for the item in the contract, nor as supplied with the specific written permission of this specified NSCM, will be subject to the following action by the Crown.

The Crown may either:

- a) terminate the contract for default with respect to that item, return the item to the Contractor at the Contractor's risk and expense, and demand and receive from the Contractor (who shall forthwith so pay) all reprourement and other costs incurred by the Crown, including any increased costs required for the purpose of expediting production; or
- b) retain the item, and demand and receive from the Contractor (who shall forthwith so pay) the difference between the Contractor's costs relating to the item, as determined by the Crown, and the costs which, in the Crown's opinion, the Contractor would have incurred had it obtained and supplied an item which did not differ in any way from that specifically required under the contract.

10. Foreign Suppliers (GST/HST)

Foreign Suppliers should be aware that Goods and Services Tax (GST) or Harmonized Sales Tax (HST) registration with Canada Revenue Agency is required in order to invoice for the GST or HST. Any contracts awarded to foreign suppliers should not include the GST/HST.

PART 3 - EVALUATION PROCEDURES, BASIS OF SELECTION AND CERTIFICATION

1. Evaluation Procedures

Bids will be evaluated in accordance with the Basis of Selection specified below.

2. Basis of Selection

To be considered responsive, a bid must meet all of the following mandatory requirements of this solicitation:

1. Technical requirement (NSN, part number or substitute/equivalent)
2. All other clauses, terms and conditions stipulated in this RFP

Bids not meeting all of the mandatory requirements will be given no further consideration. Among the compliant bids, the lowest price per a line item will be the determining factor in awarding the Contract.

For evaluation purposes bids submitted in foreign currencies will be converted into Canadian dollars at Bank of Canada rate of exchange applicable at bid closing.

3. Certifications

Bidders must provide the required certifications to be awarded a contract. Canada will declare a bid non-responsive if the required certifications are not completed and submitted as requested.

Compliance with the certifications bidders provide to Canada is subject to verification by Canada during the bid evaluation period (before award of a contract) and after award of a contract. The Contracting Authority will have the right to ask for additional information to verify the bidders' compliance with the certifications before award of a contract. The bid will be declared non-responsive if any certification made by the Bidder is untrue, whether made knowingly or unknowingly. Failure to comply with the certifications or to comply with the request of the Contracting Authority for additional information will also render the bid non-responsive.

4. Certifications Precedent to Contract Award

The certifications listed below should be submitted with the bid, but may be completed and submitted afterwards. If any of these required certifications is not completed or submitted as requested, the Contracting Authority will so inform the Bidder and provide the Bidder with a time frame within which to meet the requirement. Failure to comply with the request of the Contracting Authority and meet the requirement within that time period will render the bid non-responsive.

5. Federal Contractors Program - Certification

5.1 Federal Contractors Program - \$200,000 or more

1. The Federal Contractors Program (FCP) requires that some suppliers, including a supplier who is a member of a joint venture, bidding for federal government contracts, valued at \$200,000 or more (including all applicable taxes), make a formal commitment to implement employment equity. This is a condition precedent to contract award. If the Bidder, or, if the Bidder is a joint venture and if any member of the joint venture, is subject to the FCP, evidence of its commitment must be provided before the award of the Contract.

Suppliers who have been declared ineligible contractors by Human Resources and Skills Development Canada (HRSDC) are no longer eligible to receive government contracts over the threshold for solicitation of bids as set out in the Government Contracts Regulations. Suppliers may be declared ineligible contractors either as a result of a finding of non-compliance by HRSDC, or following their voluntary withdrawal from the FCP for a reason other than the reduction of their workforce to less than 100 employees. Any bids from ineligible contractors, including a bid from a joint venture that has a member who is an ineligible contractor, will be declared non-responsive.

2. If the Bidder does not fall within the exceptions enumerated in 3.(a) or (b) below, or does not have a valid certificate number confirming its adherence to the FCP, the Bidder must fax (819-953-8768) a copy of the signed form LAB 1168, Certificate of Commitment to Implement Employment Equity, to the Labour Branch of HRSDC.

3. The Bidder, or, if the Bidder is a joint venture the member of the joint venture, certifies its status with the FCP, as follows:

The Bidder or the member of the joint venture

- (a) () is not subject to the FCP, having a workforce of less than 100 full-time or part-time permanent employees, or temporary employees having worked 12 weeks or more in Canada;
- (b) () is not subject to the FCP, being a regulated employer under the Employment Equity Act, S.C. 1995, c. 44;
- (c) () is subject to the requirements of the FCP, having a workforce of 100 or more full-time or part-time permanent employees, or temporary employees having worked 12 weeks or more in Canada, but has not previously obtained a certificate number from HRSDC (having not bid on requirements of \$200,000 or more), in which case a duly signed certificate of commitment is attached;
- (d) () is subject to the FCP, and has a valid certificate number as follows: _____ (e.g. has not been declared an ineligible contractor by HRSDC.)

Further information on the FCP is available on the HRSDC Web site. [Http://www.hrsdc.gc.ca/eng/labour/equality/fcp/index.shtml](http://www.hrsdc.gc.ca/eng/labour/equality/fcp/index.shtml)
