PART 1 - GENERAL INFORMATION

1. Security Requirement

There is no security requirement associated with the requirement.

2. Requirement

The requirement is detailed under the "Line Item Detail".

3. Debriefings

After contract award, bidders may request a debriefing on the results of the bid solicitation. Bidders should make the request to the Contracting Authority within 15 working days of receipt of notification that their bid was unsuccessful. The debriefing may be provided in writing, by telephone or in person.

4. Interpretation

The mandatory requirements stated in this Request for Proposal use the words "shall" or "must" or "mandatory". Proposals not meeting all of the mandatory requirements will be given no further consideration.

PART 2 - BIDDER INSTRUCTIONS

1. Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the Standard Acquisition Clauses and Conditions (<http://ccua-sacc.tpsgc-pwgsc.gc.ca/pub/acho-eng.jsp>) Manual issued by Public Works and Government Services Canada.

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The 2003 (**2011-05-16**) Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

Subsection **5.4 of 2003**, Standard Instructions - Goods or Services - Competitive Requirements, is amended as follows:

Delete: sixty (60) days
Insert: ninety (90) days

Subsection **12.1 of 2003**, Standard Instructions - Goods or Services - Competitive Requirements, is amended as follows:

Replace subsection 1. (a) and (b) with the following:

1. Canada may reject an offer where any of the following circumstances is present:

- (a) the Bidder is subject to a Vendor Performance Corrective Measure, under the Vendor Performance Corrective Measure Policy, which renders the Bidder ineligible to bid on the requirement;
- (b) an employee, or subcontractor included as part of the bid, is subject to a Vendor Performance Corrective Measure, under the Vendor Performance Corrective Measure Policy, which would render that employee or subcontractor ineligible to bid on the requirement, or the portion of the requirement the employee or subcontractor is to perform;

1.1 SACC Manual Clauses

B1000T	Condition of Material	2007-11-30
--------	-----------------------	------------

2. Submission of Bids

Bids must be submitted only to Public Works and Government Services Canada (PWGSC) Bid Receiving Unit by the date, time and place indicated on page 1 of the bid solicitation.

3. Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than **seven (7) calendar days** before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the questions or may request that the Bidder do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies to all bidders. Enquiries not submitted in a form that can be distributed to all bidders may not be answered by Canada.

4. Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of

their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the bidders.

PART 3 - BID PREPARATION INSTRUCTIONS

1. Bid Preparation Instructions

Canada requests that bidders follow the format instructions described below in the preparation of their bid:

- (a) use 8.5 x 11 inch (216 mm x 279 mm) paper;
- (b) use a numbering system that corresponds to the bid solicitation;

In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process Policy on Green Procurement

(<http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html>). To assist Canada in reaching its objectives, bidders are encouraged to:

- 1) use paper containing fibre certified as originating from a sustainably-managed forest and/or containing minimum 30% recycled content; and
- 2) use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duotangs or binders.

2. Technical Bid

In their technical bid, bidders must state under the "Line Item Detail" if they propose the part number requested or an equivalent product.

2.1 Equivalent Products

In order to be considered for the evaluation of an equivalent product, Bidders must provide all required technical information.

2.1.1 Products that are equivalent in form, fit, function and quality to the item(s) specified in the bid solicitation will be considered where the Bidder:

- (a) designates the brand name, model and/or part number of the substitute product;

- (b) states that the substitute product is fully interchangeable with the item specified;
 - (c) provides complete specifications and descriptive literature for each substitute product;
 - (d) provides compliance statements that include technical specifics showing the substitute product meets all mandatory performance criteria that are specified in the bid solicitation; and
 - (e) clearly identifies those areas in the specifications and descriptive literature that support the substitute product's compliance with any mandatory performance criteria.
- 2.1.2 Products offered as equivalent in form, fit, function and quality will not be considered if:
- (a) the bid fails to provide all the information requested to allow the Contracting Authority to fully evaluate the equivalency of each substitute product; or
 - (b) the substitute product fails to meet or exceed the mandatory performance criteria specified in the bid solicitation for that item.
- 2.1.3 In conducting its evaluation of the bids, Canada may, but will have no obligation to, request bidders offering a substitute product to demonstrate, at the sole cost of bidders, that the substitute product is equivalent to the item specified in the bid solicitation.

2.2 Substitute Products - Samples

If the Bidder offers a substitute product, Canada reserves the right to request a sample from the Bidder in order to determine its equivalency in form, fit, function, quality and performance to the item specified in the bid solicitation.

The Bidder must, upon request from the Contracting Authority, provide a sample to the Technical Authority, transportation charges prepaid, and without charge to Canada, within **fourteen (14)** calendar days from the date of request. The sample submitted by the Bidder will remain the property of Canada and will not be considered as part of the deliverables in any resulting contract. If the sample does not meet the requirements of the bid solicitation or the Bidder fails to comply with the request of the Contracting Authority, the bid will be declared non-responsive.

2.3 Canadian Military Technical Data (Shock test)-

Items 001 and 002 must have successfully met the testing requirements of Specification D-03-003-007/SG-000 Grade 1, Type A prior to the bid closing. In all cases, bidders must provide with their bid the certificate of successful completion of shock testing, including the part numbers of the proposed products and an acceptable drawing. Bids unable to meet this requirement will be given no further consideration.

A copy of specification D-03-003-007/SG-000, GRADE 1 TYPE A will be sent under separate cover, but only upon request from the bidder.

CANADIAN MILITARY TECHNICAL DATA (PROVIDED UPON REQUEST)

Canadian military specifications and/or drawings are required for this procurement, but will be provided only upon request to Public Works and Government Services Canada (PWGSC). Therefore, in order for the bidder to obtain technical documents in a timely manner, the bidder must order the material no later than 10 days prior to bid closing. This request for technical data must be in writing, by email to nancy.chartrand@pwgsc.gc.ca. Technical data not ordered within the acceptable time period will not be actioned, and no extension to the bid closing date or time will be granted for this reason.

3. Financial Bid

- 3.1 Bidders must submit their financial bid in accordance with the Basis of Payment identified in **Part 6 - RESULTING CONTRACT CLAUSES**, at **Article 6.1 Basis of Payment -Firm Price**.
- 3.2 The Bidder must submit firm unit prices in "Line Item Detail" only. No prices must be indicated in any other section of the bid.
- 3.3 Pricing - Multi-Item Bid Solicitation
Bidders do not have to quote a price for all items identified in the bid solicitation. However, Bidders must quote a price for all items with identical Nato Stock Numbers in order to be evaluated.
- 3.4. SACC Manual Clauses

C3011T	Exchange Rate Fluctuation	2010-01-11
--------	---------------------------	------------

4. Certifications and Additional Information

Bidders must submit the certifications required under Part 5.

4.1 Additional Information

Canada requests that bidders submit the following information:

4.1.1 Delivery Date

Delivery is highly desirable for June 30, 2012

The bidder is to state the delivery offered:

Item 001: _____ **Weeks/Calendar days** from the effective date of the contract.

Item 002: _____ **Weeks/Calendar days** from the effective date of the contract.

Item 003: _____ **Weeks/Calendar days** from the effective date of the contract.

Item 004: _____ **Weeks/Calendar days** from the effective date of the contract.

Item 005: _____ **Weeks/Calendar days** from the effective date of the contract.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

1. Evaluation Procedures

- 1.1 Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria.
- 1.2 An evaluation team composed of representatives of Canada will evaluate the bids.
- 1.3 Proposals not meeting all of the requirements identified as “mandatory” will be considered non responsive and no further consideration will be given to the bid.

2. Technical Evaluation

- 2.1 At time of bid closing, a proposal must include all technical information requested in this RFP, to enable a full and complete evaluation of the product(s) offered.
- 2.2 The technical evaluation is for the purpose of determining if the goods and/or services offered meet all mandatory technical criteria.

3. Financial Evaluation

- 3.1 Unit prices will be evaluated in accordance with the proposed prices identified in the "Line Item Detail" and the mandatory Basis of Payment as detailed in Part 6 - RESULTING CONTRACT CLAUSES, at Article 6.1 Basis of Payment - Firm Price herein.
- 3.2 Bidders must quote a price for all destinations with the same Nato Stock Number (NSN).

4. Basis of Selection

- 4.1 A bid must comply with all requirements of the bid solicitation to be declared responsive. The responsive bid with the or lowest evaluated price on an aggregate basis per Nato Stock Number (NSN) will be recommended for award of a contract.

PART 5 - CERTIFICATIONS

Bidders must provide the required certifications to be awarded a contract. Canada will declare a bid non-responsive if the required certifications are not completed and submitted as requested.

Compliance with the certifications bidders provide to Canada is subject to verification by Canada during the bid evaluation period (before award of a contract) and after award of a contract. The Contracting Authority will have the right to ask for additional information to verify bidders' compliance with the certifications before award of a contract. The bid will be declared non-responsive if any certification made by the Bidder is untrue, whether made knowingly or unknowingly. Failure to comply with the certifications or to comply with the request of the Contracting Authority for additional information will also render the bid non-responsive.

1. Certifications Precedent to Contract Award

The certifications listed below should be completed and submitted with the bid but may be submitted afterwards. If any of these required certifications is not completed and submitted as requested, the Contracting Authority will so inform the Bidder and provide the Bidder with a time frame within which to meet the requirement. Failure to comply with the request of the Contracting Authority and meet the requirement within that time period will render the bid non-responsive.

1.1 Federal Contractors Program - over \$25,000 and below \$200,000

Suppliers who are subject to the Federal Contractors Program (FCP) and have been declared ineligible contractors by Human Resources and Skills Development Canada (HRSDC) are no longer eligible to receive federal government contracts over the threshold for solicitation of bids as set out in the Government Contracts Regulations. Suppliers may be declared ineligible contractors either as a result of a finding of

non-compliance by HRSDC, or following their voluntary withdrawal from the FCP for a reason other than the reduction of their workforce to less than 100 employees. Any bids from ineligible contractors, including a bid from a joint venture that has a member who is an ineligible contractor, will be declared non-responsive.

The Bidder, or, if the Bidder is a joint venture the member of the joint venture, certifies its status with the FCP, as follows:

The Bidder or the member of the joint venture

- (a) () is not subject to the FCP, having a workforce of less than 100 full-time or part-time permanent employees, and/or temporary employees having worked 12 weeks or more in Canada;
- (b) () is not subject to the FCP, being a regulated employer under the Employment Equity Act, S.C. 1995, c. 44;
- (c) () is subject to the requirements of the FCP, having a workforce of 100 or more full-time or part-time permanent employees, and/or temporary employees having worked 12 weeks or more in Canada, but has not previously obtained a certificate number from HRSDC, having not bid on requirements of \$200,000 or more;
- (d) () has not been declared an ineligible contractor by HRSDC, and has a valid certificate number as follows: _____.

Further information on the FCP is available on the HRSDC Web site.

[Http://www.hrsdc.gc.ca/eng/labour/equality/fcp/index.shtml](http://www.hrsdc.gc.ca/eng/labour/equality/fcp/index.shtml)

2. Certifications Required with the Bid

Bidders must submit the following duly completed certifications with their Bid.

2.1 Canadian Military Technical Data (Shock test)-

Bidders must provide with their bid the certificate of successful completion of shock testing, including the part numbers of the proposed products and an acceptable drawing by the bid closing date and time. Bids unable to meet this requirement will be given no further consideration.

PART 6 RESULTING CONTRACT CLAUSES
