AMENDMENT 001

Included in the present amendment :

- Question & answer #01to 04
- Contracting Authority info

QUESTION & ANSWER #01 to 04

Q1

The description of item No. 6 in Schedule B does not match image 6 or the description in Appendix 1 of Schedule A. Image 6 is of a base for cabinet frames for 4-5 drawers with 24 compartments, which is not in your list in Appendix 1 of Schedule A. Do you have a requirement for this?

A1

The image, which was provided for information purposes, is not appropriate. The required base must be able to keep a rack at least 4" off the floor. A base for a cabinet with 4-5 drawers is not needed in relation to the present requirement. Appendix 1 of Annex A will be amended accordingly.

Q2

On page 5, under "Parts," it states: "Delivery and unloading service, as well as taking inventory, must be provided by...." Question: What does "unloading" mean in this context?

A2

"Unloading" means that the contractor must deliver orders right up to the client's counter, confirm with the client that the delivered stock complies with the order and place the stock on the shelves (some clients may prefer to place orders received on the shelves themselves).

Q3

How many people will there be on the evaluation committee? Can we have their names?

A3

Three people (2 from DND and 1 from PWGSC). Canada does not disclose the names of the evaluation committee.

Q4

The requirement states: "The contractor will have a period of 30 days to complete the transition with the existing equipment." In our experience, 30 days will not be enough to transfer everything; 45 to 60 days would be more reasonable.

A4

The transition period is modified for forty five (45) days. The bidder should make plans to have the necessary staff to meet the deadline.
