This Solicitation Amendment Number 006 is raised to provide answers to questions on this Procurement:

- Q6. We had a drawing done by our engineer and a question came up: at item 4.1.2. (b) iii. An outrigger monitoring system shall(e) be provided to prevent operation of the crane without outriggers deployed.

This is what we have to offer. Could you confirm to me this will suit your application. This safety feature is provided by the manufacture of the crane. This is not something homemade with no parts support for future maintenance (parts & service) .

Crane main outrigger HPSC system
High performance stability control
Capacity limitation related to positioning of crane supports
Variable position of outrigger beams and stabilizers
(ground contact or no ground contact) are recorded at crane set-up.
Display of system setting at outrigger control valves,
Lifting capacities adjusted according to conditions set within Paltronic (overload system).

Could you confirm with your client if they looking for a stability system from the manufacturer of the crane or a homemade system will be acceptable (it will be probably cheaper for the installer but it will be hard to service along the life of the crane).

- A6. The stability system must be manufactured by the crane OEM.
- Q7. If the supplier does not have a Board of Directors, what information is required?
- A7. Some suppliers will not have a Board of Directors, as they are not corporate entities. They are sole proprietors, partnerships, or limited liability partnerships, etc. Although all are required to certify, which they do by submitting a bid, only suppliers who have a Board of Directors are required to submit consent forms.
- Q8. Must I obtain the list of directors for parent companies or affiliates?
- A8. No, only the bidder(s), offeror(s), or supplier(s) need to provide the list of directors and complete consent forms.
- Q9. Do consent forms have to be provided by all members of a joint venture bidding on a requirement?
- A9. As stated in the Standard Instructions, bidders who bid as a joint venture must indicate clearly that it is a joint venture. To comply with the Code of Conduct and Certification

provisions, each member of the joint venture that has a Board of Directors must provide its list of directors and completed consent forms.

Q10. Numerous contracts with the same supplier will be awarded. Do I need to follow the verification process before awarding each contract?

A10. Yes, the complete verification process needs to be followed for each requirement and all suppliers with Boards of Directors must provide a list of directors and consent forms each time.

ALL OTHER TERMS AND CONDITIONS OF THIS SOLICITATION REMAIN UNCHANGED.
