This amendment is to respond to proposed questions from the industry. Similar questions from different organizations have been consolidated into one question. Bidder are advised that they may propose any follow up questions or inquiries in accordance with Article 2.1.1 of the RFP.

**Q.1) Annex H, evaluation criteria, sections 1 and 2: In order to meet the mandatory requirements and the rated requirements and to allow Canada to benefit from the services of bidders who have world-class expertise, can projects carried out abroad be used to demonstrate the Bidder's experience (foreign or otherwise)?**

A.1 Yes. Canada will consider foreign experience provided in response to Annex H, Evaluation Criteria 1.1, 1.2, 2.1.1, 2.2.1 and 2.2.2. The experience will be assessed in keeping with the criteria as identified in this Solicitation. The Bidder must demonstrate how the Bidder's experience is relevant and of similar scope to the services described in this Solicitation. The Bidder is defined at Article 2.7 of the Solicitation. The intent of the Article 2.7 of this Solicitation is meant to ensure that the entity(s) responding to the solicitation as the "the Bidder" are the same entity(s) who are obligated and liable under contract for the delivery of the Work. Therefore, the experience of the Bidder will be considered in accordance with the specifics outlined in the criteria. Another entity's experience, such as that of a parent or subsidiary company will not be considered, except where such parent or subsidiary forms part of the "Bidder". For example, if the Bidder wishes to use the experience of a parent company then the parent company must be a member of the Bidder by way of a joint venture, or similar legal or contractual arrangement, in order to use their combined experience to satisfy the Evaluation Criteria.

**Q.2) Will there be a data room provided?**

A.2) Yes, the "data room" content is being provided on MERX as the Bidder Information Package. Please see Solicitation Amendment No. 003 documentation which is available on MERX entitled ATT 15.

**Q.3) Request an extension to the Solicitation closing date.**

A.3) Based on industry response, Canada will extend the Solicitation closing date to 20 November 2012.

Amend front page of the solicitation as follows:

Delete: Solicitation closes at 02:00 PM on 05 November 2012

Replace with: Solicitation closes at 02:00 PM on 20 November 2012

**Q.4) In accordance with Section 77.1 and Reg 287-01 of the Ontario Employment Standards Act (ESA), we request the following information for all proposed**

**employees in Ontario who are currently engaged in providing the Services at the Carling Campus (including applicable PWGSC employees and employees of applicable third party service providers):**

- 1. The employee's job classification or job description.**
- 2. The wage rate actually paid to the employee.**
- 3. A description of any benefits provided to the employee, including the cost of each benefit and the benefit period to which the cost relates.**
- 4. The number of hours that the employee works in a regular work day and in a regular work week.**
- 5. The date on which the provider hired the employee.**
- 6. Any period of employment attributed to the provider under section 10 of the Act.**
- 7. The number of weeks that the employee worked at the premises during the 26 weeks before the request date.**
- 8. A statement indicating whether either of the following subparagraphs applies to the employee:**
  - i. The employee's work, before the request date, included providing building services at the premises, but the employee did not perform his or her job duties primarily at those premises during the 13 weeks before the request date.**
  - ii. The employee's work included providing building services at the premises, but the employee was not actively at work immediately before the request date, and did not perform his or her job duties primarily at the premises during the most recent 13 weeks of active employment. O. Reg. 287/01, s. 3 (1).**

A.4) Canada has requested "employee" information in accordance with Article 2.25 of the RFP for the current service provider of Tunney's Pasture and Carling Campuses, SNC-Lavalin O&M and BLJC respectively. Bidders may contact the Contracting Authority for the service provider "employee" information. Canada does not warrant the accuracy or completeness of the information concerning the employees of the service providers. Please contact appropriate service provider directly should you have any further questions with respect to their employees.

There are no PWGSC employees affected by this solicitation and therefore PWGSC employee information will not be provided by Canada.

**Q.5) For services described in Section 2.3.14, Facilities Management Services of Annex B, Statement of Work, can PWGSC disclose the approximate volume of work**

---

**associated with the services to be performed as part of the third party tenant lease agreements at Carling campus?**

- A.5) Canada has provided tenant service information, and third party lease information within the Bidder Information Package provided under Solicitation Amendment No. 003. The information on volume of work is an estimate only, as exact tenant work volumes are not available. Information can be found within Bidder Information Package under the Historical Financial information for the Carling Campus, and the Active Space With Occupancy Information for the Carling Campus."
