AMENDMENT #2

This document serves to amend the solicitation in response to the following.

1. Closing Date

Delete: August 20, 2012 2:00 p.m. ADT

Insert: August 24, 2012 2:00 p.m. ADT

2. Question #1:

As per "Annex D" page 17 of 20 , we understand if compliant competitive bids are received, then the RFP evaluation will be on the new equipment required as per "Annex C". Our question is If there are competitive bids and we win that portion, would there then be consideration given to our proposal using Annex D – Technical Phase 2? In other words, if we win the Annex C bid, obviously you will have an Annex D bid from us as well, would you evaluate one against the other?

Answer #1:

In response to your query, if we evaluate and are in a position to award a contract against competitive bids received against Annex C we will not consider any bids received against Annex D.
