Solicitation Amendment #01

I. The following questions were posed by the industry:

Q1: We would like clarification and description or access to: T5 certification for both ends of cable with documentation provided.

R1: Please take enough off the beginning of the wire to do a break test and then again at the other end enough wire to do a break test and provide the T5 (break strength of cable) for both ends.

Q2: Did you want 1 or multiple cuts? How many cuts?

R1: The cable must be continuous with no splices as we intend to use full length of cable under high load conditions.

II. At Annex A:

Add:

- Please take enough off the beginning of the wire to do a break test and then again at the other end enough wire to do a break test and provide the T5 (break strength of cable) for both ends.

All other terms and conditions remain unchanged.
