This amendment #05 is raised to answer questions from potential bidders.

Q12. Annex F page 6 Table F-4 Phase 1: Product Assessment of RATED Criteria. Section 3.3.3.3 Material Qualification. Material Qualification will form part of the RATED selection process as specified in the RFP. Do we need to provide test evidence (3rd party) for Chemical Resistance, Flammability Resistance, Water Absorption and Fungus Resistance?

A12. No. As per section 2.1 of Annex F, bidders are only required to provide test evidence for requirements listed in Table F.1 (this is Mandatory); all other testing will be conducted by DND in a Government Lab. Bidders can if they wish provide additional test evidence at their discretion, but it will NOT form part of the evaluation.

Q13. Weight Determination and Dimensions/Shape are also RATED. Do we need to provide test evidence (3rd party) for those criteria as well?

A13. No. Same as above. This will be conducted by DND in the metrology section of a Government Lab.

Q14. Section 4.4.2 PRODUCTION LOT SIZE: It is indicated that "No lot shall exceed 500 units during production". For the Bullet Resistant Plate (BRP) Operational Kit, which consists of two (2) BRP, does that translate into 500 kits (1000 plates) or 500 plates (250 kits)? In other words, does a unit correspond to a kit or a plate?

A14. The 500 units refers to plates.

All other terms and conditions remain the same.
