RFP - Solicitation No. W8482-133224/B				
Attachment # 1 to RFP Amendment # 3				
RFP Questions and Answers				
Q #	RFP Reference		Bidder Question	Response
	Part (1 to 6)	Article		
5		Annex B, Article 1.2 & 3.1	It is our understanding that the SOIN Project is a highly integral, and highly technical, part of the OWS. Page 38 and 39 provide an elaborate description of the SOIN architecture. It is our understanding that the SOIN Project is nearing completion and has not yet been delivered to DND. To make the bidding process fair can the SOIN Project report be made available to all other competitors other than the current incumbent(s) of the SOIN Project? Otherwise, only one company will have an advantage with knowledge of the SOIN project details. If the SOIN Report is made available – more time will be needed to absorb the project details. An extension to the RFP Closing Date is requested.	SOIN is not part of the OWS system. SOIN-related data outputs are exported to OWS as shape files so it can produce an operational Ocean Feature Analysis (OFA) product. Knowledge of the SOIN project details is not deemed necessary to perform the tasks described in Annex B, Article 3.1, to the RFP.
