**THIS AMENDMENT NUMBER 005 IS RAISED TO RESPOND TO VENDOR'S QUESTIONS:****Q.1**

- a) For the ERP Technical Analyst Level 3 role, does M1 require 10 year of experience with each individual item listed? i.e. 10 years of experience with 'Installation and configuration of the PeopleSoft Internet Architecture and client/server infrastructure'; 10 years of experience with "Implementing technical and data conversion plans"; and 10 years of experience with "Conducting technical analysis". Or does M1 require 10 years of experience overall that includes at least some experience with each item?
- b) If 10 years of experience is required with each individual item listed, should this eliminate the need for R7, which is 5 years of experience configuring and/or setting-up PeopleSoft's Internet Architecture (PIA)?

**A.1**

- a) M1 does require 10 years of experience with each individual item listed not 10 years of experience overall that includes at least some experience with each item.
- b) Although similar to M1 R7 does not have time period restrictions, nor does it address installation, and addresses client/server infrastructure.

**ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED**
