The debriefing may be in writing, by telephone or in person.

PART 2 - BIDDER INSTRUCTIONS

1. Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the *Standard Acquisition Clauses and Conditions Manual* (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The 2003 (2012-11-19) Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

Subsection 5.4 of 2003, Standard Instructions - Goods or Services - Competitive Requirements, is amended as follows:

Delete: sixty (60) days

Insert: One hundred and twenty (120) calendar days

2. Submission of Bids

Bids must be submitted only to Public Works and Government Services Canada (PWGSC) Bid Receiving Unit by the date, time and place indicated below. Bids transmitted to PWGSC by electronic mail will not be accepted.

Department of Public Works and Government Services Canada

Care should be taken by bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the questions or may request that the Bidder do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies to all bidders. Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the bidders.

5. Basis for Canada's Ownership of Intellectual Property

Canada Border Services Agency has determined that any intellectual property arising from the performance of the Work under the Contract will vest in Canada, on the following grounds:

where the material developed or produced consists of material subject to copyright, with the exception of computer software and all documentation pertaining to that software.

PART 3 - BID PREPARATION INSTRUCTIONS

1. Bid Preparation Instructions

Canada requests that bidders provide their bid in separately bound sections as follows:

Section I: Technical Bid (four (4) hard copies)
 Section II: Financial Bid (one (1) hard copy)
 Section III: Certifications (one (1) hard copy)

Prices must appear in the financial bid only. No prices must be indicated in any other section of the bid.

Canada requests that bidders follow the format instructions described below in the preparation of their bid:

- (a) use 8.5 x 11 inch (216 mm x 279 mm) paper; and
- (b) use a numbering system that corresponds to the bid solicitation.

In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process Policy on Green Procurement

(<http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html>).

To assist Canada in reaching its objectives, bidders are encouraged to :

- 1) use paper containing fibre certified as originating from a sustainably-managed forest and/or containing minimum 30% recycled content; and
- 2) use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duotangs or binders.

Section I: Technical Bid

In their technical bid, bidders should demonstrate their understanding of the requirements contained in the bid solicitation and explain how they will meet these requirements. Bidders should demonstrate their capability and describe their approach in a thorough, concise and clear manner for carrying out the work.

The technical bid should address clearly and in sufficient depth the points that are subject to the evaluation criteria against which the bid will be evaluated. Simply repeating the statement contained in the bid solicitation is not sufficient. In order to facilitate the evaluation of the bid, Canada requests that bidders address and present topics in the order of the evaluation criteria under the same headings. To avoid duplication, bidders may refer to different sections of their bids by identifying the specific paragraph and page number where the subject topic has already been addressed.

Part 4, Evaluation Procedures, contains additional instructions that bidders should consider when preparing their technical bid.

Section II: Financial Bid

- 1.1 Bidders must submit their financial bid in Canadian funds and in accordance with the pricing schedule detailed in Attachment 1 to Part 3. The total amount of Goods and Services Tax (GST) or Harmonized Sales Tax (HST) must be shown separately, as applicable.
- 1.2 Bidders must submit their prices and rates, FOB destination; Canadian customs duties and excise taxes included, as applicable; and GST or HST excluded.

1.3 When preparing their financial bid, bidders should review the basis of payment in Annex B and clause 1.2, Financial Evaluation, of Part 4.

1.4 Bidders should include the following information in their financial bid:

1. Their legal name;
2. Their Procurement Business Number (PBN); and
3. The name of the contact person (including this person's mailing address, phone and facsimile numbers and email address) authorized by the Bidder to enter into communications with Canada with regards to:
 - a. their bid; and
 - b. any contract that may result from their bid.

Section III: Certifications

In Section III, Bidders should include the certifications required under Part 5.

ATTACHMENT 1 to PART 3 PRICING SCHEDULE

The Bidder should complete this pricing schedule (See Excel™ Workbook attached) and include it in its financial bid once completed.

The rates specified in the pricing schedule, when quoted by the Bidder, includes the total estimated cost of all travel and living expenses that may need to be incurred for:

- a. work described in Part 7, Resulting Contract Clauses, of the bid solicitation required to be performed within the National Capital Region (NCR). The NCR is defined in the *National Capital Act*, R.S.C. 1985, c. N-4, S.2. *The National Capital Act* is available on the Justice Website: <http://laws.justice.gc.ca/eng/acts/N-4/> ;
- b. travel between the successful bidder's place of business and the NCR; and
- c. the relocation of resources to satisfy the terms of any resulting contract. These expenses cannot be charged directly and separately from the professional fees to any contract that may result from the bid solicitation.

See attached Excel™ Workbook attached - pricing schedule.

2.1.2 Federal Contractors Program

Federal Contractors Program - \$200,000 or more

1. The Federal Contractors Program (FCP) requires that some suppliers, including a supplier who is a member of a joint venture, bidding for federal government contracts, valued at \$200,000 or more (including all applicable taxes), make a formal commitment to implement employment equity. This is a condition precedent to contract award. If the Bidder is subject to the FCP or, if the Bidder is a joint venture and if any of the members of the joint venture is subject to the FCP, evidence of the commitment made by the Bidder or by each member of the joint venture who is subject to the FCP must be provided by the Bidder before the award of any contract resulting from the bid solicitation.

Suppliers who have been declared ineligible contractors by Human Resources and Skills Development Canada (HRSDC) are no longer eligible to receive government contracts over the threshold for solicitation of bids as set out in the *Government Contracts Regulations*. Suppliers may be declared ineligible contractors either, as a result of a finding of non-compliance by HRSDC, or, following their voluntary withdrawal from the FCP for a reason other than the reduction of their workforce to less than 100 employees. Any bids from ineligible contractors, including a bid from a joint venture that has a member who is an ineligible contractor, will be declared non-responsive.

2. - d. () is subject to the FCP, has not been declared an ineligible contractor by HRSDC, and has a valid certificate number as follows: _____ .

Further information on the FCP is available on the HRSDC Web site.

ANNEX A STATEMENT OF WORK

Medical Services for the Canada Border Services Agency's (CBSA) Toronto Immigration Holding Centre

1. Background

Citizenship and Immigration Canada (CIC) is responsible for facilitating the arrival of people and their integration into Canada while protecting the health, safety and security of Canadians; maintaining Canada's humanitarian tradition by protecting refugees and people in need of protection; enhancing the value and promoting the rights and responsibilities of Canadian citizenship; and reaching out to all Canadians to foster an increased intercultural understanding.

The Canada Border Services Agency (CBSA) is responsible for providing integrated border services that support national security and public safety priorities and facilitate the free flow of persons and goods, including animals and plants, which meet all requirements under the program legislation. The CBSA's mission is to ensure the security and prosperity of Canada by managing the access of people and goods to and from Canada.

CIC and the CBSA share responsibility for the administration and enforcement of the *Immigration and Refugee Protection Act* (IRPA) and work collaboratively to achieve and balance the objectives of the immigration and refugee programs. The CBSA exercises the power of detention under IRPA. Two of IRPA's objectives are:

- protect the health and safety of Canadians and to maintain the security of Canadian society; and
- promote international justice and security by fostering respect for human rights and by denying access to Canadian territory to persons who are criminals or security risks.

The power to detain permanent residents and foreign nationals meets these objectives by:

- protecting Canadian society; and
- supporting the enforcement of IRPA.

The Interim Federal Health Program (IFHP), funded by CIC, is intended to provide temporary access to urgent and essential health care services to eligible detainees who lack financial means, including those detained under IRPA at the CBSA Immigration Holding Centers (IHCs).

The CBSA and CIC collaborate to meet the objectives of the IFHP in the CBSA IHCs and for detainees requiring health care services outside the facility. The provision of health care services for detainees at the Toronto and Laval IHCs is provided and managed through a contract issued by CBSA to healthcare workers in consultation with CIC and managed by CBSA.

The CBSA Toronto IHC includes on-site medical services and referrals for medical needs off-site. It is located at 385 Rexdale Blvd., in Rexdale (Greater Toronto Area). On average, the population at the facility is 80 – 110 individuals. Maximum occupation is 250 individuals.

The CBSA staff will not be requested to perform any medical function without receiving clear instructions and pre-measured dosages from the medical resource(s).

The Contractor must retain and maintain medical records at the IHC in accordance with the standards of the College of Physicians and Surgeons of Ontario, including transition to a new Contractor and eventual destruction of records.

A monthly invoice will be provided as required to the CBSA Chief of Operations requesting to replenish any item in the portable emergency kit and must be accompanied by a copy of the control, tracking and monitoring log identifying usage and supply level for the requested items. All prescription medications, OTC medications, and medical supplies utilized must be recorded on a control, tracking and monitoring log. For prescription medications prescribed to detainees, the pharmacy will request reimbursement directly from the Interim Federal Health Program (IFHP) claims administrator.

All other costs associated with stocking and maintaining medical office supplies and services for the day to day operation of the medical clinic at the IHC, as well as all other administrative duties required to carry out the specified tasks assigned to the medical resource(s) as identified under section 3.1, are the responsibility of the Contractor. Medical office supplies necessary to run the clinic include (but are not limited to); gloves, bandages, tongue depressors, paper to cover examining tables, blood pressure monitor, thermometer covers, disposal of hazardous medical waste, syringes, alcohol swabs cups for dispensing medications.

Occasionally, the Contractor may be requested to verify supplier invoices for services rendered outside the IHC, correct any discrepancies and return these invoices to the CBSA Chief of Operations for processing.

The Contractor must forward to the Contracting Authority within ten (10) days after the date of award of the Contract, a Certificate of Insurance evidencing the insurance coverage and confirming that the insurance policy complying with the requirements is in force.  - e. Cross Liability/Separation of Insureds: Without increasing the limit of liability, the policy must protect all insured parties to the full extent of coverage provided. Further, the policy must apply to each Insured in the same manner and to the same extent as if a separate policy had been issued to each.
 - f. Blanket Contractual Liability: The policy must, on a blanket basis or by specific reference to the Contract, extend to assumed liabilities with respect to contractual provisions.
