AMENDMENT #001

The intent of this amendment is to answer questions from a potential bidder

Question #1: Would DND accept a Winter Insulated Overshoe that could be worn over existing military issued footwear? The NEOS Navigator 5 Overboot is designed for exactly the conditions described in your Annex A requirements however it is meant to be worn in conjunction with footwear on the inside. Since this NEOS overboot is designed to be worn with other footwear it is difficult to provide the overall temperature rating since this is also dependent on the footwear worn underneath. The NEOS Navigator 5 can be worn with or without snowshoes, is 15 inches tall (plus extendable 5" gaiter for added protection), 3.3 lbs and fits universally men and women with sizes XS to 3XL.

Answer #1: No.

Question #2: We have an excellent compliant product we are looking to propose as a solution but unfortunately our stock numbers do not match those of the quantity required. As this is a quick delivery turn-around, could you please advise if it is possible to deliver a set-amount by the delivery date and have the rest on backorder? Is it possible to bid on a portion of the contract deliverables?

Answer #2: Back orders are not acceptable
