Amendment 002 is issued to answer supplier's questions, to amend the Financial Evaluation and to amend the Annex B, Basis of Payment.

Questions and Answers:

Q1. Regarding section 4 (page 16) of the RFSO, do these panels require two distinct national CRN's or can they be registered under one CRN as a "catalogue" type registration since both panels have the same design Code with the same design pressures?

A1: One catalogue CRN registration is required.

Q2. Regarding Annex B, Basis of Payment (page 19) of the RFSO, the form requires a lot price for one of each assembly per year. How does Environment Canada want the TSSA fees for registration taken into consideration?

Is it possible to add a new line to ANNEX B for registration of the assemblies completely separate from the fabrication scope of work?

A2: Annex B is revised to include the registration cost and the administrative fee for the registration.

At Part 4 Evaluation Procedures and Basis of Selection, Article 1.2 Financial Evaluation:

Delete: in its entirety.

Replace with:

"1.2 Financial Evaluation

1.2.1 Mandatory Financial Criteria

Offeror must submit its financial offer in accordance with Annex B, Basis of Payment.

1.2.2 Evaluation of Price

The price of the offer will be evaluated in Canadian dollars, the Goods and Services Tax or the Harmonized Sales Tax excluded, FOB destination, Canadian customs duties and excise taxes included.

1.2.3 The evaluated price will be the sum of the Offeror's proposed Firm Lot Price for the four standing offer years listed in Annex B, Basis of Payment, including the Firm Lot Price for the administrative service but not including the registration cost of one catalogue CRN.

Copies of the Drawings available in DXF and ai format upon request to the Standing Offer Authority:
Peggy Juan, peggy.juan@pwgsc.gc.ca, 905-615-2467."
