This solicitation amendment 001 is issued to Modify the solicitation Section 3:

Modification to the solicitation - Section 3

1. Delete: 3.3 Section II: Management Bid

Replace with:

3.3 Section II: Management Bid

The Management Bid consists of the following:

- (a) **Corporate Profile:** The Bidder is requested to provide a corporate profile, which should include an overview of the Bidder and any subcontractors, and/or authorized agents of the Bidder that would be involved in the performance of the Work on the Bidder's behalf. The Bidder is requested to provide a brief description of its size, corporate structure, years in business, business activities, major customers, number of employees and their geographic presence. This information is requested for information purposes only and will not be evaluated.
- (b) **Required Bidders Experience:** The Bidder must demonstrate that they have a minimum of 4 years experience, within the last 15 years, in implementing ATIP Case Management systems or solutions for use in large organization (large organization in this context refers to the size of the ATI unit and volume of work of 30+ employees and 500,000 pages processed per year).
- (c) **Description of Experience with Previous Similar Projects:** The bid must include a description of 2 different previous similar projects that the Bidder has completed and where successfully implemented by the bid closing date (if the bid includes descriptions of more than this number of projects, Canada will decide in its discretion which ones to evaluate). For this requirement:
 - (i) The description of each similar project must, at a minimum, include:
 - Project Name;
 - Project Description;
 - Client Organization;
 - Client Contact Name;
 - Client Contact Position;
 - Duration of the Project (YYYY-MM to YYYY-MM); and
 - Phone Number and Email of Client Contact.
 - (ii) A project will be considered "similar" to the Work to be performed under the resulting contract if a project has been successfully implemented in large organization (size of the ATI unit of 30+ employees) and the volume of work of 500,000 pages processed per year.

-
- (iii) The project must have been completed by the Bidder itself (and does not include the experience of any proposed subcontractor or any affiliate of the Bidder). However, several entities may combine their experience by submitting a bid as a joint venture; in that case, the bid can describe the previous experience of one or more joint venture members to meet the experience requirement - that is, one similar project could be described for one joint venture member and another different project could be described for another joint venture member, as long as the total number of projects is met (if two members of the joint venture worked on the same project, it will only be counted once).
