**Bidders are reminded that all amendments must be taken into consideration and incorporated into your final response. Failure to do so may result in your bid being considered non-responsive.**

**Please amend the above referenced solicitation as follows:**

**Insert: (amended 19 NOV 12) 1. Standard Instructions, Clauses and Conditions**

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the *Standard Acquisition Clauses and Conditions Manual* (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada. Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The 2003 **(2012-11-19)** Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

**Insert: (amended 19 NOV 12) PART 5 - CERTIFICATIONS**

Bidders must provide the required certifications **and related documentation** to be awarded a contract.

Canada will declare a bid non-responsive if the required certifications **and related documentation** are not completed and submitted as requested.

Compliance with the certifications bidders provide to Canada is subject to verification by Canada during the bid evaluation period (before award of a contract) and after award of a contract. The Contracting Authority will have the right to ask for additional information to verify bidders' compliance with the certifications before award of a contract. The bid will be declared non-responsive if any certification made by the Bidder is untrue, whether made knowingly or unknowingly. Failure to comply with the certifications, **to provide the related documentation** or to comply with the request of the Contracting Authority for additional information will also render the bid non-responsive.

**Insert: (amended 19 NOV 12) 1. Mandatory Code of Conduct Certifications - Certifications Required Precedent to Contract Award**

**1.1 Code of Conduct and Certifications - Related documentation**

**1.1.1 By submitting a bid, the Bidder certifies, for himself and his affiliates, to be in compliance with the Code of Conduct and Certifications clause of the Standard instructions. The related documentation hereinafter mentioned will help Canada in confirming that the certifications are true. By submitting a bid, the Bidder certifies that it is aware, and that its affiliates are aware, that Canada may request additional information, certifications, consent forms and other evidentiary elements proving identity or eligibility. Canada may also verify the information provided by the Bidder, including the information relating to the acts or convictions specified herein, through independent research, use of any government resources or by contacting third parties. Canada will declare non-responsive any bid in respect of which the information requested is missing or inaccurate, or in respect of which the information contained in the certifications is found to be untrue, in any respect, by Canada. The Bidder and any of the Bidder's affiliates, will also be required to remain free and clear of any acts or convictions specified herein during the period of any contract arising from this bid solicitation.**

**Bidders who are incorporated, including those bidding as a joint venture, must provide with their bid or promptly thereafter a complete list of names of all individuals who are currently directors of the Bidder. Bidders bidding as sole proprietorship, including those bidding as a joint venture, must provide the name of the owner with their bid or promptly thereafter. Bidders bidding as societies, firms, partnerships or associations of persons do not need to provide lists of names. If the required names have not been received by the time the**

**evaluation of bids is completed, Canada will inform the Bidder of a time frame within which to provide the information. Failure to comply will render the bid non-responsive. Providing the required names is a mandatory requirement for contract award. Canada may, at any time, request that a Bidder provide properly completed and Signed Consent Forms (Consent to a Criminal Record Verification form- PWGSC-TPSGC 229) (<http://www.tpsgc-pwgsc.gc.ca/app-acq/forms/formulaires-forms-eng.html>) for any or all individuals aforementioned within the time specified. Failure to provide such Consent Forms within the time period provided will result in the bid being declared non-responsive.**

**Insert: (amended 19 NOV 12) 3. Standard Clauses and Conditions**

All clauses and conditions identified in the Contract by number, date and title are set out in the *Standard Acquisition Clauses* and *Conditions Manual* (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

**2035 (2012-11-19) General Conditions - Higher Complexity Services**

**Insert: (amended 19 NOV 12) 8.1 Compliance:** Compliance with the certifications **and related documentation** provided by the Contractor in its bid is a condition of the Contract and subject to verification by Canada during the term of the Contract. If the Contractor does not comply with any certification, **provide the related documentation or if it is determined** that any certification made by the Contractor in its bid is untrue, whether made knowingly or unknowingly, Canada has the right, pursuant to the default provision of the Contract, to terminate the Contract for Default.

**Insert: (amended 19 NOV 12) 11. PRIORITY OF DOCUMENTS:** If there is a discrepancy between the wording of any documents that appear on the list, the wording of the document that first appears on the list has priority over the wording of any document that subsequently appears on the list.

16. SUPERVISION: The Contractor shall provide competent supervision of the work at all times through a dedicated representative as follows:

Working Supervisor, on site during normal working hours as specified herein. **Working Supervisor must commit at least 20% of time to training, guidance, instruction and supervisory responsibilities.** The Supervisor must have delegated authority to make commitments on behalf of the Contractor. Authorized alternate, who in the absence of the Working Supervisor will have the same level of delegated authority.

The Working Supervisor and/or alternate must be able to communicate effectively in English, both written and oral to protect worker health and safety by complying to safety, security and WHIMS regulations.

The Working Supervisor or alternate will report to the Site Authority on a daily basis (timing by mutual agreement) to review schedules, for briefing on special projects and to resolve any areas of potential conflict.

The Site Authority unless requested to do so by the Contractor, or unless necessary to maintain order and discipline, shall not interfere With Contractor's staff in the performance of their duties and shall deal only with the Contractor or designated representative.

36. AREAS OF VARIATION: The details listed for the buildings below are in addition to the daily cleaning checklist list herein and are to be included in the monthly price for that building. The extra floor and carpet work are tentatively scheduled for the dates mentioned below, however they may change. Due to occupancy it may have to be during after duty hours or weekends depending on the building occupant. If a floor surface calls for a scrub and refinish but is a glazed tile and requires a machine scrub instead, it is understood that the machine scrubbing would be completed at no additional cost to the crown. The same is in regards to a floor calling for a machine scrubbing that actually requires a scrub and refinish. When a hard floor is being serviced, and the area is too tight for the machine to fit into, (around a toilet for example), the floor is to be scrubbed using a hand tool.

**Clarifications of ALL DND Janitorial original solicitations from the bidders conference meeting 02 NOV 2012 that impact content or direction.**

### **Criminal records checks**

As per the solicitation document referencing the Code of Conduct, additional information may be requested to perform criminal records checks.

### **CISD security clearances**

- As per the original solicitation there are directions on proceeding with clearances through CISD
- At bid close...Under the mandatory evaluation criteria vendors must identify that they are committed and will have all resources cleared to access the site
- At contract award...Vendors must be in a viable position to meet that mandatory requirement prior to start of contract.
- Length of security clearances were considered by advertising and releasing this document earlier than normal and allowing for some additional time after bid closing and prior to contract award. It is the responsibility of the vendors to ensure they obtain the required clearances promptly.
- Concerns about the length and complexities of processing in regards to business infrastructures and the employee bases currently utilized are understood, however the CISD security clearance remains mandatory and must be met. How vendors decide to meet that obligation is a business decision and cannot be directed by PWGSC.

f) Costs associated with all security clearances are the responsibility of the vendor.

### **Financial Security**

The financial security required will be 10/TEN percent of the contract price and will be based on the 3 firm year value.

### **Rooms and Measurements**

The amendment will, where applicable, identify corrected measurements and types of rooms.

### **Bathrooms**

The bathroom flooring area is included in the overall hard floor measurements. The bathroom numbers indicated in the building refer to the number of stalls applicable.

### **Access Hours**

The amendment has removed all references to variable and identified applicable scheduling.

### **Staffing Levels**

Mandatory staffing levels, where stated, are applicable and will not be changed. These requirements are based on DND historical information, current and future forecasts as well as the flexibility to ensure best service to their internal client base. Part of the consideration also included the security clearance element for the contract. As the requirements apply to a consistent number of individuals there should be less disruption for the vendor having to adjust for continually fluctuating staff levels.

### **Supervisor Commitments to Training.**

The amendment contains the wording identified at the bidders conference.

### **Police Records Check/ Vulnerable Sector Screening (PRC/VSS)**

As per the solicitation, the PRC/VSS is a mandatory separate security check that must be done on all employees. Costs associated with all security clearances are the responsibility of the vendor.

### **Penalty: Failure to Rectify**

Section 25.3 will continue to apply during the life of the contract. However, as the incidents regarding the rectification of service issues are extremely rare this should continue to be the case as long as vendors adhere to the content and intent of the contract.

---

## Biological Residue

Vendors must be prepared to provide, on request, janitorial services for biological cleanup within the reasonable context of the individual request.

## Evaluation Criteria

- a) Your response to the Mandatory Criteria for Security Clearance is for your committed intent to meet the clearance requirement.
- b) Written references can come from a variety of sources, including current DND clients, but must be from two separate customers .
- c) The two written references are also to be within the previous experience time frame of within the last five years.
- d) Mandatory Green Products apply to products only as stated. Equipment is not included except as stated. Hepa Filters on Vacuums are required
- e) Evaluation and acceptance will be conducted in stages from making sure your bid arrives at the right time and place through the mandatory requirements of the solicitation and evaluation criteria both mandatory and rated.
- g) As identified in the solicitation Contractor selection will be based on the assessed "Best Value" to the Crown as determined by the highest overall total score as calculated by a ratio of 70% for the Technical/Management portion and 30% for the Price Component portion. Neither the qualifying bidder which scores the highest volume of rated points, nor the one which contains the lowest aggregate cost, will necessarily be awarded a Contract.

## Financial Criteria

- a) Any relevant differences in terms of pricing may be clarified during the evaluation process but the submission content cannot be changed.
- b) How vendors determine their applicable business costs related to this requirement and what they submit in relation to the rates charges is a business decision and cannot be directed by PWGSC.

## All DND Janitorials

All other changes specific to each Janitorial requirement will be identified in the amendment.

## Further Questions

As identified in the solicitation All enquiries must be submitted **in writing** to the Contracting Authority **no later than ten (10) calendar days before the bid closing date**. Enquiries received after that time may not be answered
