Please find following Amendment 001.

All other terms and conditions remain unchanged.

This Amendment 001 is raised to provide clarifications and responses to questions received, and also to update the terms and conditions used in the Invitation to Tender document.

Q1.) Wondering if securing the provincial Water Act Section 9 works in and about a stream is the contractors responsibility.

A1.) No this is being secured by PWGSC.

Q2.) Also wondering who PWC evaluates the contractors' submission regarding the environmental protection plan quality.

A2.) No, there will be no evaluation of the contractor's submission as the bids are evaluated on price only. The contractor will however be required to prepare an environmental protection plan that is acceptable to PWGSC and BC MOE.
