THIS AMENDMENT #003 IS RAISED TO ANSWER QUESTIONS

REASON FOR AMENDMENT:

Canada is publishing herein responses to enquiries that it received pertaining to this solicitation subject to Period 1 - Initial Question Period as set out in accordance with article 3 - Enquiries - Request for Arrangements. Please note that Canada may respond to questions in a non-sequential order, but all questions submitted during Period 1 will be answered and industry will be notified when Canada is proceeding to Period 2 - Supplementary Question Period.

QUESTIONS AND ANSWERS

Question 16:

We have a question with respect to the above-referenced RFSA:

In regards to the Mandatory Technical Criteria for Stream 4 in Attachment B, there appears to be a discrepancy in criteria B2-MTS2 with respect to the number of project summaries that must be provided (see underlined text below). It is unclear if 3 or 5 projects are required. Can the Crown please clarify.

"Suppliers must submit five (5) Project Summaries for Real Property Services completed during the 5 years prior to the RFSA closing date. A minimum of 3 different Real Property Projects must be submitted."

Canada's Response to Question 16:

No, there is no discrepancy; Canada clarifies the distinction for the supplier as follows:

Please refer to page 47 of the RFSA, Attachment B – Supply Arrangement Technical Evaluation Criteria, Section 2 – Mandatory Technical Criteria for Stream 4, Definitions for the purposes of Section 2 of this Attachment B, for the differences between "Real Property Services" and "Real Property Projects".

A "Real Property Project" is a project involving strategic analysis, planning, acquisition, management, construction, renovation or disposal of real property. Real Property is land and buildings (including leases).

The "value of a Real Property Project" is the actual or anticipated amount to be spent (received) on land and buildings upon the completion of the Real Property Project."

The "Real Property Services" of a Real Property Project is a contractual agreement between the Supplier and an Outside Client under which the Supplier has provided Professional Services to the Outside Client and has fulfilled all of the Professional Services requirements with regards to the specific Stream 4 services being examined.

For the purposes of the following examples for clarification to Question 16:

Project Summary for Real Property Services (P-RPS)
Real Property Project (RPP)

EXAMPLE 1:

Supplier A provides the following five Project Summaries for Real Property Services:

P-RPS 01
P-RPS 02
P-RPS 03
P-RPS 04
P-RPS 05

The P-RPS 01 and P-RPS 03 were completed under RPP 01;
The P-RPS 02 was completed under RPP 02; and
The P-RPS 04 and P-RPS 05 were completed under RPP 03.

In this Example 1, five project summaries for Real Property Services were submitted and three different Real Property Projects were submitted. Supplier A therefore submitted five Project summaries for Real Property Services and three Real Property projects in accordance with B2-MTS2 as per page 48 of Attachment B Supply Arrangement Technical Evaluation Criteria.

EXAMPLE 2:

Supplier X provides the following five Project Summaries for Real Property Services:

P-RPS 01
P-RPS 02
P-RPS 03
P-RPS 04
P-RPS 05

The P-RPS 01, P-RPS 02 and P-RPS 03 were completed under RPP 01; and
The P-RPS 04 and P-RPS 05 were completed under RPP 02.

In this Example 2, five project summaries for Real Property Services were submitted however only two different Real Property Projects were submitted. Supplier X did submit five project summaries for Real Property Services but did not submit three different Real Property Projects and therefore was not in accordance with B2-MTS2 as per page 48 of Attachment B Supply Arrangement Technical Evaluation Criteria

Question 20

Could you provide the historical volume in terms of dollar value for the projects associated with:
Stream 3: Project Management Services;
Stream 4: Real Property Project Management Services."

Canada's response to question 20:

In accordance with the TSPS Volumetric which is provided in response to a supplier enquiry submitted under the RFSO/SA (E60ZN-13TSPS/B) solicitation, Canada is publishing the same information to be available to suppliers through the RFSA – Solutions

At present Canada relies on the data submitted by TSPS Suppliers through the Supplier Quarterly Report which will continue to be a reporting requirement in any resulting SO/SA as defined on page 29 and 40. (For the purposes of the RFSA – Solutions, this requirement is outlined on page 23).

The TSPS Supplier Quarterly Data Summary (as noted below) cover the period of April 1st 2012 to March 31st 2013, is being provided to respondents purely for information purposes. Although it represents the best information currently available to PWGSC, Canada does not guarantee that the data is complete or free from error.
