Part B: Questions and Answers

Question 1: ANSI/BIFMA X5.9 was updated on July 16th 2012. We are in the process of testing to these new standards but the time frame is in line with Canadian Government regulations which allows 9 months from the issuance of the new standard to complete the testing. Because there have been no changes to product or the ANSI/BIFMA X5.9-2004 standards the testing we do have is more than 5 years out. We request that the ANSI/BIFMA X5.9-2004 testing be acceptable, and that the requirement for testing to be no more than 5 years old be removed from the tender.

**Answer 1: Refer to Part A: Revisions, revisions #1, and #4.
Please refer to Part 5 - Certifications, section 2.3 Testing Certification, and Part 6 - Resulting Contract Clauses, section 8.0 Certifications.**

Question 2: Related to the Wardrobe cabinets - we often see an "approximate height" requested that allows for a +/- being acceptable, but we don't see this noted in the tender. We request that an overall height of 64" be acceptable.

Answer 2: Refer to Part A: Revisions, revisions #5 and #6.

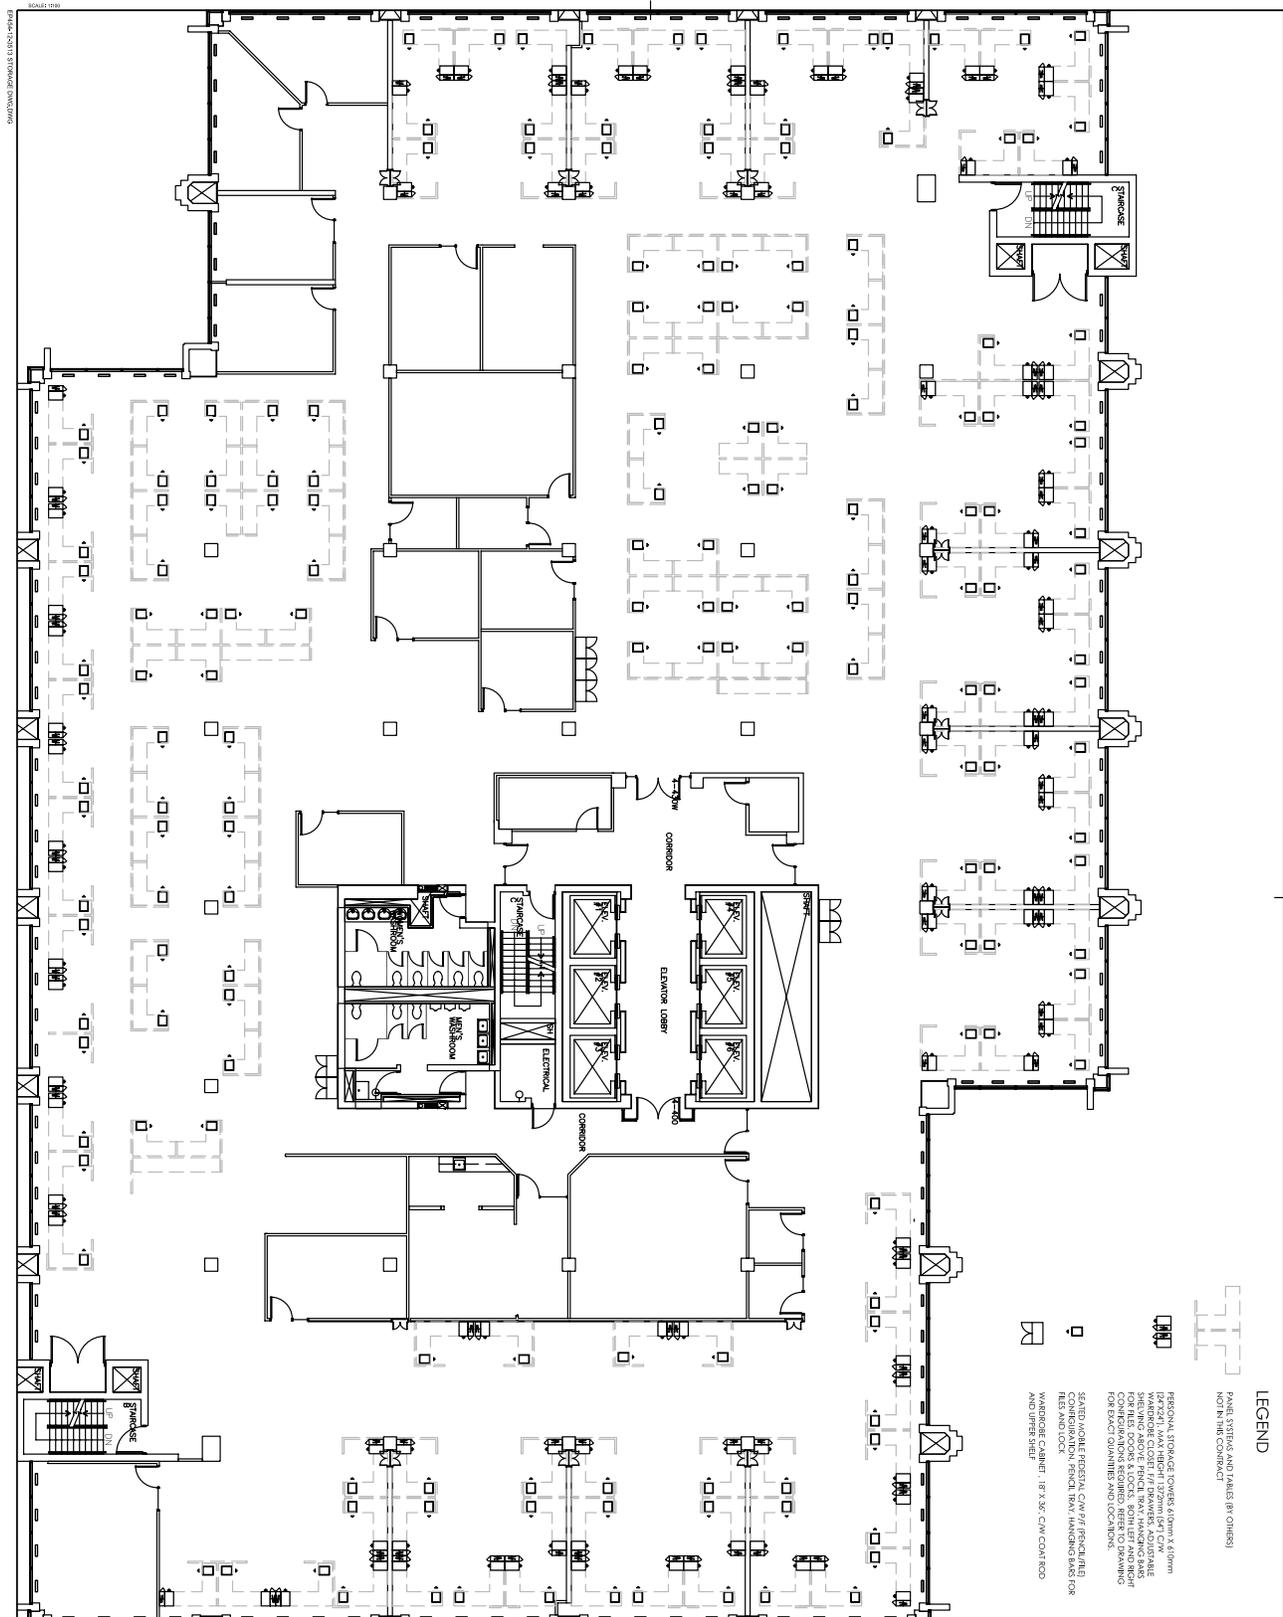

Question 3: Please confirm that March 21st, 2013 is a fixed date for delivery.

Answer 3: Yes, March 21st, 2013 is a fixed date for delivery.

Question 4: Please confirm that the delivery and installation can occur during regular working hours.

Answer 4: Yes, delivery and installation must occur during regular working hours. Please refer to section 7 in Annex A - Statement of Work for additional information.

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME.
