2. Summary

The Canadian Nuclear Safety Commission has a requirement for the supply of Print and/or Online Information Products as detailed in the Statement of Work in Annex A.

The Canadian Nuclear Safety Commission (CNSC) Library supports the mission of the Canadian Nuclear Safety Commission through the timely access to information. Through the use of technologies, partnerships and expertise of its staff, the CNSC Library provides comprehensive and cost effective services to its clients (about 840 CNSC employees and the public), while developing, maintaining and preserving information collections relevant to the regulation of the nuclear industry in Canada and the fulfillment of the CNSC's international obligations.

Pursuant to section 01 of Standard Instructions 2003, Bidders must submit a complete list of names of all individuals who are currently directors of the Bidder. Furthermore, as determined by the Special Investigations Directorate, Departmental Oversight Branch, each individual named on the list may be requested to complete a Consent to a Criminal Record Verification form and related documentation.

3. Debriefings

After contract award, Bidders may request a debriefing on the results of the bid solicitation. Bidders should make the request to the Contracting Authority within 15 working days of receipt of notification that their bid was unsuccessful. The debriefing may be provided in writing, by telephone or in person.

PART 2 - BIDDER INSTRUCTIONS

1. Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the *Standard Acquisition Clauses and Conditions Manual* (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The 2003 (2012-11-19) Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

Subsection 5.4 of 2003, Standard Instructions - Goods or Services - Competitive Requirements, is amended as follows:

Delete: sixty (60) days
Insert: one hundred eighty (180) days

Add Subsection 5.9 to 2003, Standard Instructions - Goods or Services - Competitive Requirements, Canada also reserves the following rights:

Although bids should be properly signed when submitted at bid closing, for this bid solicitation, if Canada determines that the Bidder has not signed the bid as required, Canada will provide the Bidder with an opportunity to submit a proper signature page. Bidders can sign their bids by copying the front page of this bid solicitation, signing it, and submitting it as part of their bid or by including a signature page in a prominent location in their bids.

2. Submission of Bids

Bids must be submitted only to Public Works and Government Services Canada (PWGSC) Bid Receiving Unit by the date, time and place indicated on page 1 of the bid solicitation. Bids sent directly to the Contracting Authority will not be considered.

Due to the nature of the bid solicitation, bids transmitted by facsimile to Public Works and Government Services Canada will not be accepted.

3. Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than ten (10) calendar days before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the questions or may request that the Bidder do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies

to all bidders. Enquiries not submitted in a form that can be distributed to all bidders may not be answered by Canada.

4. **Applicable Laws**

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in the province of Ontario.

Bidders may, at their own discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of its choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the Bidders.

5. **Withdrawal of Information Product with Third Party Terms and Conditions**

Bidder agrees that in the event the Client requests the supply of Online Information Products during the Contract period, that if a Publisher submits their own terms and conditions such as but not limited to; a License Agreement, by which the Client must sign in order to get access to the Online Information Product bought through the Contractor, the Contractor agrees that in such event, the Online Information Product(s) will be removed from any resulting contract and Canada will proceed to procure that Online Information Product directly with the Publisher. The Publisher is considered a Third Party with regards to the contract between Canada and the Contractor. Bidders who do not accept the terms of Canada's contract will be declared non-responsive.

PART 3 - BID PREPARATION INSTRUCTIONS

1. **Bid Preparation Instructions**

Canada requests that bidders provide their bid in two separately bound sections as follows:

SECTION I - FINANCIAL BID (1 hard copy)

Canada requests that bidders follow the format instructions described below in the preparation of their bid:

- (a) use 8.5 x 11 inch (216 mm x 279 mm) paper;

To assist Canada in reaching its objectives, bidders are encouraged to :

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

1. Evaluation Procedures

- (a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the bids.

1.1 Financial Evaluation

- 1.2.1 Mandatory Financial Criteria - Bidder must complete the Service Fee Schedule found in Annex C, Section C2.

Column A - 4 possible scenarios with respect to a portion of the requirement that may be procured as per Annex A - Statement of Work.	Column B - Subscriptions Acquisition, Subscriptions Management and Delivery of Subscriptions functions		
	Contractor's Firm "all-inclusive"* Service Fee, expressed as a %, GST/HST extra, if applicable.		
	Initial Period	Option Periods	
		Option Period #1	Option Period #2
	Apr 1, 2013 to Mar 31, 2014	Apr 1, 2014 to Mar 31, 2015	Apr 1, 2015 to Mar 31, 2016
Scenario 1 0% - 24.99% of the requirement	_____ %	_____ %	_____ %
Scenario 2 25% - 49.99% of the requirement	_____ %	_____ %	_____ %
Scenario 3 50% - 74.99% of the requirement	_____ %	_____ %	_____ %
Scenario 4 75% - 100% of the requirement	_____ %	_____ %	_____ %

In the Financial Bid, the Bidder must provide their firm "all-inclusive" service fee based on the 4 scenarios presented. For example, if the Client were to procure only 40% of the requirement listed in Annex A - Statement of Work, Appendix 1 - List of Titles, then Contractor's service fee for the Subscription Acquisition, Management and Delivery Services for Print Information Product Subscriptions will be: ____%. (Bidder to fill in the % in accordance with the ranges provided in the 4 scenarios in the table above).

The Financial Bid will be evaluated in accordance with Annex C.

2. Basis of Selection

2.1 To be declared responsive, a bid must:

- (a) comply with all the requirements of the bid solicitation; and
- (b) provide with Bid completed tables as detailed in Annex B, Section B.5.

2.2 Bids not meeting a) or b) above will be declared non-responsive.

2.3 The responsive bid with the lowest combined Bid Service Fee for Senerio 4 (Initial Period plus Option Periods) will be recommended for award of a contract. In the event of identical Bid Service Fees, the same selection process will be conducted for Scenerio 3, then if needed Scenerio 2 and then if needed Scenerio 1 until the lowest Bid Service Fee is determined. If there are still identical bids after the selection process noted above, the successful bidder will be chosen using the Treasury Board Contracting Policy on identical bids.

<http://buyandsell.gc.ca/policy-and-guidelines/supply-manual/section/5/65>

PART 5 - CERTIFICATIONS

Bidders must provide the required certifications and related documentation to be awarded a contract. Canada will declare a bid non-responsive if the required certifications and related documentation are not completed and submitted as requested.

Compliance with the certifications bidders provide to Canada is subject to verification by Canada during the bid evaluation period (before award of a contract) and after award of a contract. The Contracting Authority will have the right to ask for additional information to verify bidders' compliance with the certifications before award of a contract. The bid will be declared non-responsive if any certification made by the Bidder is untrue, whether made knowingly or unknowingly. Failure to comply with the certifications, provide the related documentation or to comply with the request of the Contracting Authority for additional information will also render the bid non-responsive.

1. Mandatory - Certifications Required Precedent to Contract Award

1.1 Code of Conduct and Certifications - Related documentation

By submitting a bid, the Bidder certifies as per section 01 of Standard Instructions 2003, for himself and his affiliates, to be in compliance with the Code of Conduct and Certifications clause of the Standard instructions. The related documentation therein required will help Canada in confirming that the certifications are true.

2. Additional Certifications Precedent to Contract Award

The certifications listed below should be completed and submitted with the bid, but may be submitted afterwards. If any of these required certifications is not completed and submitted as requested, the Contracting Authority will so inform the Bidder and provide the Bidder with a time frame within which to meet the requirement. Failure to comply with the request of the Contracting Authority and meet the requirement within that time period will render the bid non-responsive.

2.1 Price Certification

The Bidder certifies that the price proposed is not in excess of the lowest price charged anyone else, including the Bidder's most favoured customer, for the like quality and quantity of the goods, services or both.

2.2 Federal Contractors Program for Employment Equity - Certification

1. The Federal Contractors Program (FCP) requires that some suppliers, including a supplier who is a member of a joint venture, bidding for federal government contracts, valued at \$200,000 or more (including all applicable taxes), make a formal commitment to implement employment equity. This is a condition precedent to contract award. If the Bidder, or, if the Bidder is a joint venture and if any member of the joint venture, is subject to the FCP, evidence of its commitment must be provided before the award of the Contract.

Suppliers who have been declared ineligible contractors by Human Resources and Skills Development Canada (HRSDC) are no longer eligible to receive government contracts over the threshold for solicitation of bids as set out in the Government Contracts Regulations. Suppliers may be declared ineligible contractors either as a result of a finding of non-compliance by HRSDC, or following their voluntary withdrawal from the FCP for a reason other than the reduction of their workforce to less than 100 employees. Any bids from ineligible contractors, including a bid

from a joint venture that has a member who is an ineligible contractor, will be declared non-responsive.

2. If the Bidder does not fall within the exceptions enumerated in 3.(a) or (b) below, or does not have a valid certificate number confirming its adherence to the FCP, the Bidder must fax (819-953-8768) a copy of the signed form LAB 1168, Certificate of Commitment to Implement Employment Equity, to the Labour Branch of HRSDC.

3. The Bidder, or, if the Bidder is a joint venture the member of the joint venture, certifies its status with the FCP, as follows:

The Bidder or the member of the joint venture

a.() is not subject to the FCP, having a workforce of less than 100 full-time or part-time permanent employees, and/or temporary employees having worked 12 weeks or more in Canada;

b.() is not subject to the FCP, being a regulated employer under the Employment Equity Act, S.C. 1995, c. 44;

d.() is subject to the FCP, and has a valid certificate number as follows: _____ (e.g. has not been declared an ineligible contractor by HRSDC).

Further information on the FCP is available on the HRSDC Web site.
