Solicitation Amendment No. 002 is being issued to address the following:**A) Questions & Answers**

A) Questions & Answers

Q1. In regards to Solicitation K3D33-121331/A, specifically item 49 on page 35 of 49, what options are available if a company does not offer this valve in the requested configuration?

We have been informed that the -LH option conflicts with the angle patter option. Therefore, we are unable to quote that configuration due to technical restraints.

Subsequently, we would like to propose the following options:

- 1) SS-43GS4-A-LL (This is a locking lever angle valve. It does not have an all metal handle)
- 2) SS-43GS4-LH-SHD (This is a locking handle but does not come in the angle pattern).

Are one of these options acceptable as a substitute to your request?

A1. The options proposed affect an Engineering stamped drawing and therefore will have to get re-stamped once a solution is found. Either solution should have minimal impact on the cost of the bid.

If possible, please proceed as is in print. If the current part is not possible, please use the SS-43GS4-A-LL valve as a reference for the bid price.
