## Solicitation Amendment

### Title Digital Cinema Projector

Solicitation Amendment No. **002**

This solicitation is hereby amended to provide the following questions and answers:

**Q1. Item #4: requesting on site visit within six (6) hours; DCI (Digital Cinema Initiative) which is the reference for Digital Cinema request a 24 hours on site for a Digital technician. Will a 24 hours on site visit turnaround time be acceptable?**

A1. A twenty-four (24) hours on-site turnaround time will be acceptable.

**Q2. Item #5: requesting a Digital Projector capable of 4K resolution for a screen size of 10M x 5M; projector request is overkill with the screen size. Please provide details on why such a resolution is required for this project.**

A2. The exhibitor specifically requested a 4K system as a requirement.

**Q3. Item #7: requesting a 4K capable server should not be required for this project. Please explain why a specification like this is requested.**

A3. Please see the answer to question 2 above.

**Q4. Item #9: please provide specifications on the Dolby 650; is it the unit equipped with an AES Audio input card (CAT 794)? Does the client prefers to use the Digital Audio input or analogue input? If the client prefers the analogue input, is the input currently populated with other audio signal device?**

A4. The unit is not equipped with a CAT 794. The client prefers to use digital audio.

**Q5. Item #12: warranty for a period of one (1) year is acceptable; there are no reference on a maintenance program in the RFP. Most digital cinema system requires a R&M program to be perform twice per year. This is a requirement for warranty purposes; please advise.**

A5. Twice yearly R&M is acceptable during the warranty period.

**Q6. Item #13: all projector and server comes with a standard 2 year warranty; there are no extended warranty for 5 years available on the market unless under a VPF program (Virtual Print Fee); will the client subscribe to a VPF program? If so, which one?**

A6. A two (2) year parts and labour warranty is acceptable. We are not subscribing to a Virtual Print Fee (VPF) program because we are not financing the cost of the upgrade but rather buying this system outright.

**Q7. Item #18: unit has to be 3D compatible; what 3D technology is the client selecting?**

A7. The Real D / Master Image 3D technology may be selected in the future. The client does not want a 3D system which incurs the time and cost overhead of washing and reusing glasses.

### **AND**

This solicitation is hereby amended to:

- (1) Reference: **Closing date appearing of page one of the solicitation document**  
**DELETE** the closing date of **February 23, 2012**; and  
**INSERT** the revised closing date of **February 27, 2012**.
- (2) Reference: **Page 14 of 18, Annex A, Requirement**  
**DELETE** Annex A, Requirement in its entirety; and  
**INSERT** Annex A, Requirement (**Revised February 21, 2012**) attached.

If your bid has already been forwarded and you wish to revise same, this revision should be sent either in a sealed envelope and mailed to the above address or by facsimile (506) 851-6759 and reach the undersigned before the appropriate closing date. The solicitation number and the closing date are to be shown on the outside of the sealed envelope or on the facsimile transmission.

All other terms and conditions of the solicitation document remain unchanged remain unchanged.

All enquiries concerning this amendment are to be forwarded to:

**ANNEX A****REQUIREMENT (Revised February 21, 2012)****Digital Cinema Projector**

**The complete specifications and/or descriptive literature should be submitted with the proposal but may be submitted afterwards. If the complete specifications and/or descriptive literature are not submitted as requested, the Contracting Authority will so inform the Bidder and provide the Bidder with a time frame within which to meet this requirement. Failure to comply with the request of the Contracting Authority and meet the requirement within that time period will render the bid non-responsive.**

**Background:**

The CFB Gagetown base theatre currently operates a 35 mm projector. The movie industry will stop producing film by the end of 2012, and none of the units at CFB Gagetown carry any training material on film. In addition, most of the exhibitors from whom the base theatre receives film have converted or are in the process of converting to digital projection.

**Objective:**

The objective of this SOW is to provide the technical requirements, criteria and conditions for the procurement and installation of one (1) digital cinema projector. The base theatre needs to replace its current 35 mm film projector with a digital cinema projector in order to continue to provide a benefit for training and operations as well as provide a quality of life benefit for the military, their families, and the communities surrounding CFB Gagetown.

**Principle Period of Maintenance (PPM):**

The principle period of maintenance will be 8 am until 5 pm Atlantic Time, Monday through Friday, excluding federal holidays.

**Deliverables:**

Contractor is to provide one (1) digital cinema projector as per the following mandatory requirements:

Item	Description	Met	Not Met
1	The Contractor must provide the services of a continuously manned Help Desk (customer support centre) during the PPM defined above.		
2	The Contractor must provide telephone access to the Help Desk via a toll-free number. The helpdesk must be manned by personnel trained in corrective support to resolve identifiable software and hardware trouble calls.		
3	The contractor must provide on-site support by an authorized technician for parts replacement within the specified time period of one (1) day.		
4	The contractor must detail escalation procedures that will be		

	followed in the event that the system cannot be repaired / replaced within twenty-four (24) hours of the contractor being on-site.		
5	The contractor must provide a digital cinema projector capable of 4K resolution, and otherwise appropriate for high image quality on a 5 metres high by 10 metres wide screen at a distance of 30 metres from the projector.		
6	The contractor must provide three (3) lamp bulbs appropriate for the digital cinema projector identified in item 5.		
7	The contractor must provide a digital cinema server capable of JPEG2000 4K playback, with at least 1 TB of storage, 48 frames per second or faster, and with all cabling and connection hardware for the digital cinema projector identified in item 5.		
8	The contractor must provide an uninterruptible power supply (UPS) which will carry the electrical load for two (2) hours for all hardware necessary for the digital cinema projector identified in item 5.		
9	The current sound system being used is a CP650 Dolby digital sound processor. If the contractor's digital cinema projector system cannot integrate with that sound system, then an upgrade or replacement sound system and its installation must be included in the bid.		
10	The contractor must provide any additional hardware and software, cabling, and connection hardware not specifically mentioned herein which is required for the receipt and exhibition of movies.		
11	The contractor must provide any component(s) necessary to display video content on CD's, DVD's, Blu-Ray discs, through USB connections, and other industry current digital video media. All media types capable of being used as inputs to the system must be listed in the bid.		
12	The contractor must provide a parts and labour warranty for a period of at least one (1) year from the date of installation of the system with twice yearly R&M. The contractor must provide all labour, material and travel costs for the restoration service.		
13	The contractor must provide a hardware parts warranty for a period of at least two (2) years from the date of installation of the system. The contractor must provide all material cost for the restoration service.		
14	The contractor must provide a software warranty for remedial maintenance and required upgrades for a period of at least ten (10) years from the date of installation of the system. Remedial maintenance is defined as repair of all defects, repair of damage due to computer viruses, and restoration of the system to a working state acceptable to the exhibitor.		
15	The contractor must provide virus protection for the system, and continue to provide updates for the virus protection for a period of at least ten (10) years from the date of installation of the system.		
16	The contractor must provide initial training on the operations of the system, along with all necessary manuals.		
17	The contractor must provide in the bid information on how the system is upgraded and maintained.		
18	The system provided by the contractor must be upgradeable with a
