**TITLE : EXTENSION OF CYBER INCIDENT RESPONSE TOOL  
AMENDMENT 004**

Included in the present amendment :

- Questions and answers 4.1, 4.2 and 4.3
- 

**Question 4.1 :**

Is there a current product in place that DND is looking to use as the starting point for the tool for responding to cyber incidents?

**Answer :** No.

---

**Question 4.2 :**

Has DND been working with a specific vendor or value added reseller as part of the process to attempt to identify a tool that would address the requirements listed for the tool for responding to cyber incidents?

**Answer :** The list of requirements was created by a team of scientists at DRDC Valcartier. DRDC has not been working with a specific vendor or value added reseller to identify a tool that would address these requirements.

---

**Question 4.3 :**

In section 3.2 – (b) (i) the RFP states “Résumés must demonstrate that each proposed individual meets the qualification requirements (including any educational requirements, work experience requirements, and professional designation or membership requirements) described in Section 4.2, Part 4, of this document.”. There does not seem to be a Section 4.2, Part 4 in the RFP. There are 3 mandatory requirements in Section 4.2 – (a) (ii) that cover information on the proposed individuals. Can you please clarify if there are any other information that must be provided for the proposed individuals?

**Answer :** There is a section 4.2 in Part 4 of the Request for Proposals (RFP). Technical criteria regarding proposed resources are found in Section 4.2 (a) (ii), criteria 11, 12 and 13. Note that Technical Bids must comply with 3.1 and 3.2 of the RFP.

---

**ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME.**
