Amendment #002 is raised to address the following questions:

- Q1 In the agreement it states that as long as 90% of the prices are filled in then it will be considered complete, is that accurate? Is this to allow for things like items not carried by the offeror at the time of the bid offer?
- A1 A minimum of 90% of line items for each product list must be submitted. This is to allow for items not stocked or unavailable. In the case where you do not currently stock a requested item, however would stock the item, if your firm were to be issued the Standing Offer, then please provide a price for those items. In the case where you do not currently stock a requested item, however could obtain it as a special order item, then please do not provide a price, instead note the line item and provide information regarding the length of time it would take to receive the item. In the case where you are unable to provide a requested item under any circumstances, then please leave those line items blank.
- Q2 Is it okay to change the approximate quantities for one amount in the spreadsheet to suit the desired quantity in the size we have available?
- A2 Yes, please adjust the approximate quantity value to reflect the offered format.
- Q3 In the frozen meats section item # 4 on the list, the inside round roast. It states the requested format is 2x11 kg and the approx. quantity for 1 year is 100 and the unit of issue is kg, so I read that as 100 kg's would be the one year amount not 100 roasts correct?
- A3 Line item #5 Beef Inside Round, 1/4" AA, Requested Format of 2 x 11 kg, Approximate Quantities for One Year of 100 and price per kg. This means that we estimated (for evaluation purposes only) that we would order approximately 100 kg., of Inside Round per year, and that a typical requested format would be 2 roasts with an approximate weight of 11 kg each.

All other terms and conditions remain unchanged.
