1. This Solicitation Amendment 001 is raised to:
  - a. provide answers to questions on this procurement;
  - b. amend the Solicitation to allow multiple contracts; and
  - c. extend the closing date from 02:00 pm on 08 January 2013 to 02:00 pm on 22 January 2013 Eastern Standard Time.
  
2. The following are answers provided in response to questions posed by potential bidders:
  - Q1. Section 1.3, Table 5 (Configuration E) of the Purchase Description in the subject solicitation states an engine HP of 500. The highest HP engine we offer with an automatic transmission is 455 HP. As we do not believe a 500 HP automatic transmission is available, we request a specification change to 455 HP for this configuration.
  
  - A1. Paragraph 1.3 - Table 5 - Configuration E is amended as follows: delete 500 hp minimum requirement and insert 455 hp.
  
  - Q2. Will PWGSC make multiple awards as a result of this solicitation, or will only one bidder be awarded a contract for all truck configurations?
  
  - A2. The TA agrees to revise the RFP to accommodate for multiple awards.
  
  - Q3. Solicitation W8476-134004/A is requesting five (5) different truck configurations. Configuration C specifies a 6x6 truck. Configuration A, B ,D and E specify trucks that are either a 4x2 or 6x4. We are interested in submitting a proposal for this Solicitation, however, Configuration C is not available to be supplied at this time by our Original Equipment Manufacturer (OEM).
  
  - A3. The RFP is amended to allow for multiple awards for two separate bundles as follows:
    - a) One bundle that includes vehicles under paragraph 1.3 - Tables 1 (Configuration A), 2 (Configuration B), 4 (Configuration D) & 5 (Configuration E); and
    - b) a separate requirement that includes vehicles under paragraph 1.3 - Table 3 (Configuration C)

3. The Request for Proposal is amended as follows:

INSERT: **3. Section II: Financial Bid**

Bidders must submit their prices in Annex "A" and Annex "B" - Pricing in accordance with the Basis of Payment described in **Part 6 - RESULTING CONTRACT CLAUSES, at Clause 6.1 Basis of Payment.**

### 3.1 Exchange Rate Fluctuation

3.1.1 Unless otherwise specified in the bid solicitation, bids must be in Canadian currency.

3.1.2 Bidders may request Canada to assume the risk for exchange rate fluctuation. This request must be specifically made at time of bidding.

3.1.3 The foreign currency component is defined as the element of the price that will be directly affected by exchange rate fluctuations. It could include the net price FOB foreign manufacturer's plant, costs associated with applicable duty, excise tax, Goods and Services Tax or Harmonized Sales Tax, if applicable, entry fees, transportation costs or delivery charges payable in a foreign currency, and any other charges associated with being the importer of record

- 3.1.4 The foreign value of the foreign currency component of the bid or negotiated price must be provided before contract award. Form PWGSC-TPSGC 9411, Claim for Exchange Rate Adjustments, may be used for this purpose. If milestone payments are proposed, it is recommended to indicate on the above form the foreign currency component associated with each milestone event.
- 3.1.5 All bids are evaluated in Canadian currency. Therefore, for evaluation purposes, the noon rate quoted by the Bank of Canada as being in effect on date of bid closing, or such other date as may be specified in the bid solicitation, will be applied as the initial conversion factor for the specified currency. (Column 3 of the above form will be completed by the Contracting Authority.)
- 3.1.6 Rates proposed by bidders will not be accepted for the purposes of this exchange rate adjustment provision.
- 3.1.7 If there are two (2) identical bids, and provided that the bid selected would still be considered the most advantageous to Canada, preference will be given to the Bidder who assumes all or part of the exchange rate adjustment risk over a bidder who does not assume any of this risk. Furthermore, preference will be given to the Bidder who assumes all of the exchange rate adjustment risk over a bidder who assumes only part of this risk.
- 3.1.8 Canada will pay the exchange rate adjustment amount in Canadian currency using the prevailing noon rate on the date of payment by Canada or, as applicable, in accordance with clause C3015C.
