Solicitation Amendment Five is issued to publish a Question and an Answer.

Question 13:

Can you tell me how many 40' trailers can be loaded and made ready for shipment per week at the CFAD, Dundurn installation where the munitions are stored?

Answer 13:

1. Zero (0) 40ft trailers.
2. Dundurn only has road service.
 - A. Road Tpt to a Saskatchewan rail head (City -Saskatoon), then to eastern Canada's sea port (Becancour, QC), or
 - B. Road Tpt to sea port (Becancour, QC).
3. Dundurn can only handle 20 ft sea container loading (20ft TEU/20ft ISO) Para 3.6.7
4. Based on the total number of rds (12597) , sea container load limits and Dundurn's MHE and as stated in Para 3.6.7 requirements, 216 Rds per 20 ft sea container will be loaded. This means there is a requirement for 59 x 20 ft sea containers.

Number of trucks to move 59 sea containers could be 59 for single sea container shipment or 30 trucks to carry dual x 20 ft sea containers per shipment.

- A. It will take approx 3 weeks (Monday to Friday) to load and dunnage the 59 x 20 sea containers
- B. In addition the contractor Tpt Agent must provide all 20ft sea containers (TEU's/ISO) TCL certified prior to arrival in Dundurn. If repairs to the sea containers (TEU's/ISO) are required, there is only one certified repair person in Saskatoon and he is hard to contract on short noticed.

All other Terms and Conditions remain unchanged.
