BID SOLICITATION

FOR

THE TASK-BASED INFORMATICS AND PROFESSIONAL SERVICES

FOR

SHARED TRAVEL SERVICES (STS) PROGRAM

PUBLIC WORKS AND GOVERNMENT SERVICES CANADA

Note to Bidders: *This is a Request for Proposal (RFP) for the supply of Task-Based Informatics and Professional Services (TBIPS) for the Shared Travel Services Program within Public Works and Government Services Canada under the current TBIPS Supply Arrangement (SA) method of supply. ONLY THE VALID TBIPS SA HOLDERS ARE ELIGIBLE TO COMPETE FOR THIS REQUIREMENT.*

REQUIREMENT

The Shared Travel Services Program (STS) within Public Works and Government Services Canada (PWGSC) requires professional services support using the professional services categories of Technology and Business Services within TBIPS.

Program wide technical support is essential to manage day-to-day operations of the current STS Program as well as to implement and transition to the new travel management solution. By leveraging the knowledge, skills, experience and expertise in the areas of computer application support, training, product management services, client services and account management, STS is committed to migrate towards modern management and administrative initiatives to better support its clients and to ensure that the services are managed with due diligence and prudence.

The complete Bid Solicitation package is located here as an inclusion and it should be downloaded in its entirety.

PART 1 - GENERAL INFORMATION

***Note to Bidders:** This is a Request for Proposal (RFP) for the supply of Task-Based Informatics and Professional Services (TBIPS) for Public Works and Government Services Canada (PWGSC), under the current TBIPS Supply Arrangement (SA) method of supply. ONLY THE VALID TBIPS SA HOLDERS ARE ELIGIBLE TO COMPETE FOR THIS REQUIREMENT.*

1.1 INTRODUCTION

This document states the terms and conditions that apply to the bid solicitation Number EN578-131966/A. It is divided into seven parts plus annexes and, if applicable, attachments as follows:

- Part 1** General Information: provides a general description of the requirement.
- Part 2** Bidder Instructions: provides the instructions, clauses and conditions applicable to the bid solicitation and states that the Bidder agrees to be bound by the clauses and conditions contained in all parts of the bid solicitation.
- Part 3** Bid Preparation Instructions: provides Bidders with instructions on how to prepare their bid.
- Part 4** Evaluation Procedures and Basis of Selection: indicates how the evaluation will be conducted, the evaluation criteria that must be addressed in the bid, if applicable, and the basis of selection.
- Part 5** Certifications: includes the certifications to be provided by the Bidder.
- Part 6** Security, Financial and Other Requirements: includes specific requirements that must be addressed by the Bidder.
- Part 7** Resulting Contract Clauses: includes the clauses and conditions that will apply to any resulting contract.

The Annexes include the Statement of Work (SOW), the Price Schedule and the Security Requirements Check List (SRCL).

1.2 SUMMARY

- (a) This bid solicitation is being issued to satisfy the requirement of Public Works and Government Services Canada (PWGSC), for Task-Based Informatics Professional Services (TBIPS) under the TBIPS Supply Arrangement (SA) method of supply.
- (b) This solicitation is for twelve (12) IT professionals, as indicated in Table A-1 Summary of Resource Requirements and Annex A - Statement of Work.
- (c) This solicitation will result in 12 winning bids and award of up to 12 contracts.
- (d) Bidders are not required to bid on all resources included in this solicitation.

- (e) Bidders must not submit the same named resource for more than one category and level contained in this solicitation.
- (f) Multiple bids from the same Bidder (or a bid from a Bidder and another bid from any of its affiliates) are not permitted in response to this bid solicitation. Each Bidder must submit only a single bid. For the purpose of this bid solicitation, individual members of a joint venture cannot participate in another bid, either by submitting a bid alone or by participating in another joint venture. If any Bidder submits more than one bid (or an affiliate also submits a bid), either on its own or as part of a joint venture, Canada will choose in its discretion which bid to consider.
- (g) Pursuant to section 01 of Standard Instructions 2003, Bidders must submit a complete list of names of all individuals who are currently directors of the Bidder. Furthermore, as determined by the Special Investigations Directorate, Departmental Oversight Branch, each individual named on the list may be requested to complete a Consent to a Criminal Record Verification form.
- (h) There is a security requirement associated with this requirement. For additional information, see Part 6 - Security, Financial and Other Requirements, and Part 7 - Resulting Contract Clauses. Bidders should consult the "Security Requirements for PWGSC Bid Solicitations - Instructions for Bidders", information found on the Departmental Standard Procurement Documents Website (<http://www.tpsgc-pwgsc.gc.ca/app-acq/lc-pl/lc-pl-eng.html>).
- (i) The requirement is subject to the provisions of the *World Trade Organization Agreement on Government Procurement* (WTO-AGP), the *North American Free Trade Agreement* (NAFTA), *Agreement on Internal Trade* (AIT), *Canada-Chile Free Trade Agreement* (CCFTA) and *Canada-Peru Free Trade Agreement* (CPFTA).

1.3 DESCRIPTION OF REQUIREMENT

- (a) The Shared Travel Services (STS) program, managed by Public Works and Government Services Canada (PWGSC) on behalf of the Government of Canada (GC), provides an end-to-end portfolio of corporate travel management services that include a travel card, a travel call center, an online booking tool and an expense management tool. Currently over 100 Client Departments use all or part the services under the brand "Travel AcXess Voyage" (TAV). On an annual basis, STS supports approximately \$1.6 billion worth of GC travel.
- (b) In parallel with managing the current travel services expiring in April 2014, STS launched re-procurement of the next-generation travel management services in 2010. It is anticipated that the implementation of the new solution will begin early 2013 and the new services will go live early 2014.
- (c) To manage day-to-day operations of the current TAV Services and to implement and transition to the next-generation travel management solution, STS requires resources (see Table A-1) to provide Program-Wide Technical Support by leveraging their knowledge, skills, experience and expertise in the areas of computer application support, training, product management services, client service and account management.

- (d) STS is committed to advancing modern management and administrative initiatives to better support its clients, and to ensure that the services are managed diligently and cost-effectively.

1.4 COMMUNICATION NOTIFICATION

As a courtesy, the Government of Canada requests that successful Bidders notify the Contracting Authority in advance of their intention to make public an announcement related to the award of a contract.

1.5 DEBRIEFINGS

After contract award, Bidders may request a debriefing on the results of the bid solicitation. Bidders should make the request to the Contracting Authority within 15 working days of receipt of notification that their bid was unsuccessful. The debriefing may be provided in writing, by telephone or in person.

Table A-1 Summary of Resource Requirements

Resource Type (Category)	Level	Qty	Requirements	Estimated Contract Award Date	Estimated Contract Period
A.17 Webmaster (Bilingual)	2	1	Appendix A to Annex A	1/Dec/2012	240 working days
B.1 Business Analyst – Design and Configuration Analyst	3	1	Appendix B to Annex A	1/Dec/2012	240 working days
B.1 Business Analyst (Bilingual) – Design and Configuration Analyst	3	1	Appendix C to Annex A	1/Dec/2012	240 working days

I.3 Database Analyst/IM Administrator	2	1	Appendix L to Annex A	1/Dec/2012	240 working days

PART 2 - BIDDER INSTRUCTIONS

2.1 STANDARD INSTRUCTIONS, CLAUSES AND CONDITIONS

- (a) All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the Standard Acquisition Clauses and Conditions Manual (<http://sacc.pwgsc.gc.ca/sacc/index-e.jsp>) issued by Public Works and Government Services Canada (PWGSC).
- (b) Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.
- (c) The 2003 (2012-07-11) Standard Instructions - Goods or Services – Competitive Requirements are incorporated by reference into and form part of the bid solicitation. If there is a conflict between the provisions of 2003 and this document, this document prevails.

The text under Subsection 4 of Section 01 – Code of Conduct and Certifications of 2003 referenced above is replaced by:

Bidders should provide, with their bid or promptly thereafter, a complete list of names of all individuals who are currently directors of the Bidder. If such a list has not been received by the time the evaluation of bids is completed, Canada will inform the Bidder of a time frame within which to provide the information. Failure to provide such a list within the required time frame will render the bid non-responsive. Bidders must always submit the list of directors before contract award.

Canada may, at any time, request that a Bidder provide properly completed and Signed Consent Forms ([Consent to a Criminal Record Verification form](#) - PWGSC-TPSGC 229) for any or all individuals named in the aforementioned list within a specified delay. Failure to provide such Consent Forms within the delay will result in the bid being declared non-responsive.

The text under Subsection 5 of Section 01 – Code of Conduct and Certifications of 2003 referenced above is replaced by:

The Bidder must diligently maintain the list up-to-date by informing Canada in writing of any change occurring during the validity period of the bid, and must also provide Canada, when requested, with the corresponding Consent Forms. The Bidder will also be required to diligently maintain the list and when requested, provide Consent Forms during the period of any contract arising from this bid solicitation.

- (d) Subsection 5.4 of Standard Instructions - Goods or Services - Competitive Requirements 2003 is amended as follows:
 - (i) Delete: sixty (60) days
 - (ii) Insert: 120 days

2.2 SUBMISSION OF BIDS

- (a) Unless otherwise specified in the solicitation document, bids must be submitted to the PWGCS Bid Receiving Unit to the attention of the Contracting Authority as identified in this solicitation, by the date and time indicated on page 1.
- (b) Due to the nature of the bid solicitation, bids transmitted by facsimile or electronic mail will not be accepted.
- (c) **Enquiries - Bid Solicitation**
 - (i) All enquiries must be submitted in writing to the Contracting Authority no later than three (3) calendar days before the bid closing date, unless otherwise specified in this RFP. Enquiries received after that time may not be answered.
 - (ii) Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by Bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a “proprietary” nature must be clearly marked “proprietary” at each relevant item. Items identified as proprietary will be treated as such, except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the questions or may request that the Bidder do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies to all Bidders. Enquiries not submitted in a form that can be distributed to all Bidders may not be answered by Canada.

2.3 APPLICABLE LAWS

- (a) Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.
- (b) A Bidder may, at its discretion, substitute the applicable laws of a Canadian province or territory of its choice without affecting the validity of its bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of its choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the Bidder.

***Note to Bidders:** Bidders are requested to indicate the Canadian province or territory they wish to apply to any resulting contract in their Bid Submission Form.*

PART 3 - BID PREPARATION INSTRUCTIONS

3.1 BID PREPARATION INSTRUCTIONS

(a) Unless the RFP specifies otherwise, Canada requests that Bidders provide their bid in separate sections as follows:

- (i) Section I: Technical Bid (4 paper copies and 4 electronic copies on CD or DVD)
- (ii) Section II: Financial Bid (1 paper copy and 1 electronic copy on CD or DVD)
- (iii) Section III: Certifications (1 paper copy)

Where a electronic copy is required, if there is a discrepancy between the wording of the electronic copy and the paper copy, the wording of the paper copy will have priority over the wording of the electronic copy. Prices must appear in the financial bid only. Prices must not be indicated in any other section of the bid.

(b) Canada requests that Bidders follow the format instructions described below in the preparation of their bid:

- (i) use 8.5 x 11 inch (216 mm x 279 mm) paper;
- (ii) use a numbering system that corresponds to the bid solicitation;
- (iii) include a title page at the front of each volume of the bid that includes the title, date, bid solicitation number, Bidder's name and address and contact information of its representative; and
- (iv) include a table of contents.

(c) **Green Procurement:** In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process. The Policy on Green Procurement which can be found at:

<http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html>

To assist Canada in reaching its objectives, bidders are encouraged to:

- (i) use paper containing fiber certified as originating from a sustainably-managed forest and/or containing minimum 30% recycled content; and
- (ii) use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duo tangs or binders.

(d) Multiple bids from the same bidder are not permitted in response to this bid solicitation. Each bidder must submit only a single bid. If any bidder submits more than one bid, Canada will choose in its discretion which bid to consider.

3.2 SECTION I: TECHNICAL BID

In their technical bid, Bidders must demonstrate their understanding of the requirements contained in the bid solicitation and explain how they will meet these requirements. Bidders must demonstrate their capability in a thorough, concise and clear manner for carrying out the work. The technical bid must address clearly and in sufficient depth the points that are subject to the evaluation criteria against which the bid will be evaluated. Simply repeating the statement contained in the bid solicitation is not sufficient. In order to facilitate the evaluation of the bid,

Canada requests that Bidders address and present topics in the order of the evaluation criteria under the same headings. To avoid duplication, Bidders may refer to different sections of their bids by identifying the specific paragraph and page number where the subject topic has already been addressed.

The technical bid consists of the following:

- (a) **Bid Submission Form:** Unless specified otherwise in the RFP, Bidders are requested to include with their bids the Bid Submission Form (see *Attachment 3.2: TBIPS Bid Submission Form*). It provides a common form in which Bidders can provide information required for evaluation and contract award, such as a contact name, the Bidder's Procurement Business Number, the Bidder's status under the Federal Contractors Program for Employment Equity, etc. Using the form to provide this information is not mandatory, but it is recommended. If Canada determines that the information required by the Bid Submission Form is incomplete or requires correction, Canada will provide the Bidder with an opportunity to do so.
- (b) **Security, Financial & Other Requirements:** As required by Part 6 of the bid solicitation.
- (c) **Resumes for Proposed Resources:** Unless specified otherwise in the RFP, the technical bid must include resumes for the resources identified in the bid solicitation that demonstrate that each proposed individual meets the qualification requirements described (including any educational requirements, work experience requirements, and professional designation or membership requirements). With respect to resumes and resources:
 - (i) No more than one resume may be submitted per required category of personnel.
 - (ii) Proposed resources may be employees of the Bidder or employees of a subcontractor, or these individuals may be independent contractors to whom the Bidder would subcontract a portion of the Work (refer to Part 5, Certifications). For educational requirements for a particular degree, designation or certificate, the Contracting Authority will only consider educational programs that were successfully completed by the resource by the time of bid closing.
 - (iii) For requirements relating to professional designation or membership, the resource must have the required designation or membership by the time of bid closing and must continue, where applicable, to be a member in good standing of the profession's governing body throughout the evaluation and Contract Period.
 - (iv) For work experience, the Contracting Authority will not consider experience gained as part of an educational program, except for experience gained through a formal co-operative program at a post-secondary institution.
 - (v) For any requirements that specify a particular time period (e.g. 2 years) of work experience, the Contract Authority will disregard any information about experience if the individual's resume does not include the relevant dates for the experience claimed (i.e. the start date and end date).
 - (vi) For work experience to be considered by the Contracting Authority, the resume must not simply indicate the title of the individual's position, but must demonstrate that the resource has the required work experience by explaining the responsibilities and work performed by the individual while in that position. The

Bidder should provide complete details as to where, when (month and year), and how, through which activities/responsibilities, the stated qualifications/experience were obtained. In situations in which a proposed resource worked at the same time on more than one project, only one project will be counted toward any requirements that relate to the individual's length of experience.

- (d) **Customer Reference:** When requested by the Contracting Authority, the Bidder must provide customer references who can confirm the facts identified in the Bidder's proposal. For each customer reference, the Bidder must provide the name, telephone number and e-mail address (unless the individual does not have an e-mail address) for a contact person. If the named individual is unavailable when required during the evaluation period, the Bidder may provide the name and contact information of an alternative contact from the same customer. If there is a discrepancy between the information provided by the customer reference and the bid, the information provided by the customer reference will prevail and will be evaluated.

3.3 SECTION II: FINANCIAL BID

- (a) **Pricing:** Bidders must submit their financial bid in accordance with Attachment 3.1, Bidder's Pricing Table. The total amount of Goods and Services Tax or Harmonized Sales Tax must be shown separately, if applicable. All prices must be firm prices. The firm per diem rates must not exceed those rates set out in Annex "C", Schedule of Per Diem Rates, to Part A of the Bidder's Supply Arrangement.
- (b) **Variation in Professional Services Resource Rates from Year to Year:** The Bidder may propose different rates for Categories of Personnel for multi-year contracts, including per diem rates that are higher than the ceiling rate contained within Annex "C" to Part A of their Supply Arrangement. The Bidder's firm per diem rate must not exceed the established ceiling rate for the first year only of any resulting contract.
- (c) **All Costs to be Included:** The financial bid must include all costs for the requirement described in the bid solicitation for the entire Contract Period, including any option years. The identification of all necessary equipment, software, peripherals, cabling and components required to meet the requirements of the bid solicitation and the associated costs of these items is the sole responsibility of the Bidder.
- (d) **Blank Prices:** Bidders are requested to insert "\$0.00" for any item for which it does not intend to charge or for items that are already included in other prices set out in the tables. If the Bidder leaves any price blank, Canada will treat the price as "\$0.00" for evaluation purposes and may request that the Bidder confirm that the price is, in fact, \$0.00. No Bidder will be permitted to add or change a price as part of this confirmation. Any Bidder who does not confirm that the price for a blank item is \$0.00 will be declared non-responsive.

3.4 SECTION III: CERTIFICATIONS

Bidders must submit the certifications required under Part 5.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

4.1 EVALUATION PROCEDURES

- (a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria. There are several steps in the evaluation process, which are described below. Even though the evaluation and selection will be conducted in steps, the fact that Canada has proceeded to a later step does not mean that Canada has conclusively determined that the Bidder has successfully passed all the previous steps. Canada may conduct steps of the evaluation in parallel.
- (b) An evaluation team composed of representatives of PWGSC will evaluate the bids on behalf of Canada. Canada may hire any independent consultant, or use any Government resources, to evaluate any bid. Not all members of the evaluation team will necessarily participate in all aspects of the evaluation.
- (c) In addition to any other time periods established in the bid solicitation:
 - (i) **Requests for Clarifications:** If Canada seeks clarification or verification from the Bidder about its bid, the Bidder will have 2 working days (or a longer period if specified in writing by the Contracting Authority) to provide the necessary information to Canada. Failure to meet this deadline will result in the bid being declared non-responsive.
 - (ii) **Requests for Interviews:** If Canada wishes to interview the Bidder or if Canada wishes to interview any or all of the resources proposed by the Bidder to fulfill the requirements of the bid solicitation, the Bidder will have 2 working days (or a longer period if specified in writing by the Contracting Authority) following notice by the Contracting Authority to make any necessary arrangements (at the Bidder's sole cost) for the interview to take place at a location specified by Canada.

4.2 TECHNICAL EVALUATION:

- (a) **Mandatory Technical Criteria**
 - (i) Each bid will be reviewed for compliance with the mandatory requirements of the bid solicitation. All elements of the bid solicitation that are mandatory requirements are identified specifically with the words "must" or "mandatory".
 - (ii) Each bid will also be reviewed for compliance with the specific mandatory requirements for each resource type, as described in *Attachment 4.1: Evaluation Criteria for the Proposed Resource(s) - Mandatory and Rated Requirements*.
 - (iii) A Bid that does not comply with each and every mandatory requirement (including mandatory requirement for the proposed resource) will be considered non-responsive/non-compliant and be disqualified.
- (b) **Point-Rated Technical Criteria**
 - (i) Each proposed resource by the Bidder will be reviewed against its corresponding point-rated requirements and scored in accordance with the scoring scheme, as described in *Attachment 4.1: Evaluation Criteria for the Proposed Resource(s) - Mandatory and Rated Requirements*.

- (ii) A Bid for a resource category will be considered non-compliant and will be disqualified if it cannot obtain the required minimum score of **70%** for the specific resource category.
- (c) **Resource Qualifications:** The qualifications and experience of the proposed resource(s) will be assessed against the requirements set out in the bid solicitation. Canada may request proof of successful completion of formal training, as well as reference information. The Contracting Authority reserves the right to request references from a Bidder to conduct a reference check to verify the accuracy of the information provided. For each customer reference, the Bidder must provide within 3 business days of the request, the name, telephone number, and e-mail address (unless this individual does not have an e-mail address) for a contact person. The title of each person is requested but not required. If the named individual is unavailable when required during the evaluation period, the Bidder may provide the name and contact information of an alternate contact from the same customer.
- (d) **Reference Checks:** If reference checks are conducted by Canada, they will be conducted in writing by e-mail (unless the contact at the reference is only available by telephone). Canada will send the e-mail reference check requests to the contacts supplied by all of the Bidders on the same day. Canada will not award any points unless the response is received within 3 business days. Wherever information provided by a reference differs from the information supplied by the Bidder, the information supplied by the reference will be the information evaluated. Points will not be allocated if the reference customer is not a customer of the Bidder itself (for example, the customer cannot be the customer of an affiliate of the Bidder). Nor will points be allocated if the customer is itself an affiliate or other entity that does not deal at arm's length with the Bidder. Crown references will be accepted.
- (e) **Technically Responsive Proposal:** A technically responsive proposal is a proposal that meets the mandatory requirements and obtains the required minimum points specified in the bid solicitation for the criteria that are subject to point rating.

4.3 FINANCIAL EVALUATION

- (a) Unless otherwise specified in the RFP, the financial evaluation will be conducted using the Bidder's Proposed Price in *Attachment 3.1: Bidder's Pricing Table*, as completed by the Bidders. The Bidder must input the firm and all-inclusive per diem rates for the proposed resources, in accordance with the bid solicitation, which may include an initial contract period and option periods. For the first year period of any contract (from date of award) resulting from an RFP against this SA, the applicable firm per diem rates must not exceed those rates specified in Annex "C" - Schedule of Per Diem Rates of the SA Holder's Supply Arrangement for each relevant resource(s). Failure to abide with this condition will result in a proposal being considered non-responsive.

Only the Firm Per Diem Rates of proposals that are technically responsive will be considered.

(b) Mandatory Financial Criteria

(i) Formulas in Pricing Tables

If the pricing tables provided to Bidders include any formulae, Canada may re-input the prices provided by Bidders into a fresh table, if Canada believes that the formulae may no longer be functioning properly in the version submitted by a Bidder.

(ii) Substantiation of Professional Services Rates

In Canada's experience, bidders will from time to time propose rates at the time of bidding for one or more categories of resources that they later refuse to honor, on the basis that these rates do not allow them to recover their own costs and/or make a profit. When evaluating the rates for a professional services bid, Canada may, but will have no obligation to, require price support for any rates proposed (either for all or for a specific Resource Category). If Canada requests price support, it will be requested from all compliant bidders proposing a rate that is at least 20% lower than the median rate bid by all compliant bidders for the relevant Resource Category or Categories. Where Canada requests price support, the following information is required:

- 1) an invoice (referencing a contract serial number) that shows that the Bidder has recently provided and invoiced another customer (with whom the Bidder deals at arm's length) for services performed for that customer similar to the services that would be provided in the relevant Resource Category, where those services were provided in the National Capital Region for at least three months within the twelve months prior to the bid solicitation issuance date, and the fees charged were equal to or less than the rate offered to Canada;
- 2) in relation to the invoice in 1), a signed contract with, or a letter of reference signed by, the Bidder's client that includes at least 50% of the tasks listed in this solicitation's Statement of Work for the Resource Category being examined for an unreasonably low rate;
- 3) in respect of each referenced contract, a resume for the resource that performed under that contract that shows the resource would pass the Resource Category's mandatory requirements and achieve the required pass mark for the Resource Category's rated criteria; and
- 4) the name, telephone number and, if available, e-mail address of the invoiced client for each of the resources invoiced, so Canada can verify any facts presented for the affected categories.

Once Canada requests substantiation of the rates bid for any Resource Category, it is the sole responsibility of the Bidder to submit information (as described above and as otherwise may be requested by Canada) that will allow Canada to determine whether it can rely, with confidence, on the Bidder's ability to provide the required services at the rates bid. Where Canada determines that the information provided by the Bidder does not substantiate the unreasonably low rates, the proposal will be considered non-responsive and will receive no further consideration. Only the

Firm Per Diem Rates of proposals that are technically responsive will be considered.

4.4 BASIS OF SELECTION

- (a) Bid selection will be conducted respectively for each resource category.
- (b) A bid must comply with the requirements of the bid solicitation and meet all mandatory criteria and obtain a minimum of 70% of Total Assigned Points of the respective rated criteria to be declared responsive.
- (c) All responsive bids will be further evaluated and awarded the Financial Points according to *Bid Selection Methodology* as described in *Attachment 4.2*. The winning bid is the one obtaining the highest Point Total for the proposed resource.
- (d) If more than one Bidder is ranked first because of identical overall scores, then the Bidder obtaining the highest technical score will become the top-ranked Bidder.
- (e) Bidders should note that all contract awards are subject to Canada's internal approvals process, which includes a requirement to approve funding in the amount of any proposed contract. Despite the fact that the Bidder may have been recommended for contract award, a contract will only be awarded if internal approval is granted according to Canada's internal policies. If approval is not granted, no contract will be awarded.

PART 5 - CERTIFICATIONS

Bidders must provide the required certifications to be awarded a contract. Canada will declare a bid non-responsive if the required certifications are not completed and submitted in accordance with the articles below.

Compliance with the certifications Bidders provide to Canada is subject to verification by Canada during the bid evaluation period (before award of a contract) and after award of a contract. The Contracting Authority will have the right to ask for additional information to verify Bidders' compliance with the certifications before award of a contract. The bid will be declared non-responsive if any certification made by the Bidder is untrue, whether made knowingly or unknowingly. Failure to comply with the certifications or to comply with the request of the Contracting Authority for additional information will also render the bid non-responsive.

Bidders must submit, **at bid closing**, the duly completed certification as part of their bid.

5.1 CODE OF CONDUCT CERTIFICATIONS – CERTIFICATIONS REQUIRED PRECEDENT TO CONTRACT AWARD

Bidders should provide, with their bids or promptly thereafter, a complete list of names of all individuals who are currently directors of the Bidder. If such a list has not been received by the time the evaluation of bids is completed, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Bidders must submit the list of directors before contract award, failure to provide such a list within the required time frame will render the bid non-responsive.

The Contracting Authority may, at any time, request that a Bidder provide properly completed and Signed Consent Forms (Consent to a Criminal Record Verification form - PWGSC-TPSGC 229) for any or all individuals named in the aforementioned list within a specified delay. Failure to provide such Consent Forms within the delay will result in the bid being declared non-responsive.

5.2 FEDERAL CONTRACTORS PROGRAM FOR EMPLOYMENT EQUITY – CERTIFICATION

- (a) The Federal Contractors Program for Employment Equity (FCP-EE) requires that some suppliers bidding for federal government contracts, valued at \$200,000 or more (including all applicable taxes), make a formal commitment to implement employment equity. This is a condition precedent to contract award. If the Bidder is subject to the FCP-EE, evidence of its commitment must be provided before the award of the Contract.
- (b) Suppliers who have been declared ineligible contractors by Human Resources and Social Development Canada (HRSDC) are no longer eligible to receive government contracts over the threshold for solicitation of bids as set out in the Government Contract Regulations. Suppliers may be declared ineligible contractors either as a result of a finding of non-compliance by HRSDC, or following their voluntary withdrawal from the FCP-EE for a reason other than the reduction of their workforce to fewer than 100 employees. Any bids from ineligible contractors will be declared non-responsive.
- (c) If the Bidder does not fall within the exceptions enumerated in (d) (i) or (ii) below, or does not have a valid certificate number confirming its adherence to the FCP-EE, the Bidder must fax (819-953-8768) a copy of the signed form LAB 1168, Certificate of Commitment to Implement Employment Equity to the Labour Branch of HRSDC, which is available for download at:

<http://www.servicecanada.gc.ca/cgi-bin/search/eforms/index.cgi?app=profile&form=lab1168&dept=sc?=e>

- (d) Each Bidder is requested to indicate in its bid whether it is:
- (i) not subject to FCP-EE, having a workforce of fewer than 100 permanent full or part-time employees in Canada;
 - (ii) not subject to FCP-EE, being a regulated employer under the Employment Equity Act, S.C. 1995, c. 44;
 - (iii) subject to the requirements of FCP-EE, because it has a workforce of 100 or more permanent full or part-time employees in Canada, but it has not previously obtained a certificate number from HRSD (because it has not bid before on requirements of \$200,000 or more), in which case a duly signed certificate of commitment is required from the Bidder; or
 - (iv) subject to FCP-EE, and has a valid certification number (i.e., has not been declared an ineligible contractor by HRSDC).
- (e) Further information on the FCP-EE is available on the HRSDC Website (<http://www.hrfdc.gc.ca/en/gateways/topics/wzp-gxr.shtml>).

Note to Bidders: *Bidders are requested to use the Bid Submission Form to provide information about their status under this program. For a joint venture Bidder, this information must be provided for each member of the joint venture.*

5.3 FORMER PUBLIC SERVANT CERTIFICATION

- (a) Contracts with former public servants (FPS) in receipt of a pension or of a lump sum payment must bear the closest public scrutiny and reflect fairness in spending public funds. In order to comply with Treasury Board policies and directives on contracts with FPS, Bidders must provide the information required below.
- (b) For the purposes of this clause,
- (i) "**Former public servant**" means a former member of a department as defined in the Financial Administration Act, R.S., 1985, c. F-11, a former member of the Canadian Armed Forces or a former member of the Royal Canadian Mounted Police and includes:
 - 1. an individual;
 - 2. an individual who has incorporated;
 - 3. a partnership made up of former public servants; or,
 - 4. a sole proprietorship or entity where the affected individual has a controlling or major interest in the entity.
 - (ii) "**Lump sum payment period**" means the period measured in weeks of salary, for which payment has been made to facilitate the transition to retirement or to other employment as a result of the implementation of various programs to reduce the Public Service.

- (iii) "**Pension**" means a pension payable pursuant to the Public Service Superannuation Act, R.S., 1985, c. P-36, as indexed pursuant to the Supplementary Retirement Benefits Act, R.S., 1985, c. S-24.
- (c) If any of the Bidder's proposed resource(s) is an FPS in receipt of a pension as defined above, the Bidder must provide the following information:
 - (i) name of former public servant; and
 - (ii) date of termination of employment or retirement from the Public Service.
- (d) If any of the Bidder's proposed resource(s) is an FPS who received a lump sum payment pursuant to the terms of a work force reduction program, the Bidder must provide the following information:
 - (i) name of former public servant;
 - (ii) conditions of the lump sum payment incentive;
 - (iii) date of termination of employment;
 - (iv) amount of lump sum payment;
 - (v) rate of pay on which lump sum payment is based;
 - (vi) period of lump sum payment including start date, end date and number of weeks; and
 - (vii) number and amount (professional fees) of other contracts subject to the restrictions of a work force reduction program.
- (e) For all contracts awarded during the lump sum payment period, the total amount of fee that may be paid to a FPS who received a lump sum payment is \$5,000, including the Goods and Services Tax or Harmonized Sales Tax.
- (f) By submitting a bid, the Bidder certifies that the information submitted by the Bidder in response to the above requirements is accurate and complete.

Note to Bidders: *Bidders are requested to provide the information required by this clause in their Bid Submission Form.*

5.4 STATUS AND AVAILABILITY OF RESOURCES

- (a) By submitting a bid, the Bidder certifies that, should it be awarded a contract as a result of the bid solicitation, every individual proposed in its bid will be available to perform the Work as required by Canada's representatives and at the time specified in the bid solicitation or agreed to with Canada's representatives.
- (b) If the Bidder has proposed any individual who is not an employee of the Bidder, by submitting a bid, the Bidder certifies that it has the permission from that individual or his/her employer to propose his/her services in relation to the Work to be performed and to submit his/her résumé to Canada. The Bidder must, upon request from the Contracting Authority, provide a written confirmation, signed by the individual, of the permission given to the Bidder and of his/her availability. Failure to comply with the request may result in the bid being declared non-responsive.

5.5 EDUCATION AND EXPERIENCE

- (a) The Bidder certifies that all the information provided in the résumés and supporting material submitted with its bid, particularly the information pertaining to education, achievements, experience and work history, has been verified by the Bidder to be true and accurate. Furthermore, the Bidder warrants that every individual proposed by the Bidder for the requirement is capable of performing the Work described in the resulting contract.

- (b) All of the resources proposed must meet the minimum experience requirements detailed in the Supply Arrangement for the category of personnel for which they are being proposed. The SA Holder acknowledges that the Department of Public Works and Government Services Canada reserves the right to verify this certification prior to contract award or during contract performance and that untrue statements may result in the proposal being declared non-responsive or any other action, which the Minister may consider appropriate.

PART 6 - SECURITY, FINANCIAL AND OTHER REQUIREMENTS

6.1 SECURITY REQUIREMENT

At the date of Bid Closing, the following conditions must be met:

- (a) The Bidder must hold a valid organization security clearance as indicated in Part 7 - Resulting Contract Clauses.
- (b) The Bidder's proposed individuals requiring access to classified or protected information, assets or sensitive work site(s) must each meet the security requirement as indicated in Part 7 - Resulting Contract Clauses.
- (c) The Bidder must provide the name of all individuals who will require access to classified or protected information, assets or sensitive work sites, including:
 - (i) Name of individual as it appears on security clearance application;
 - (ii) Level of security clearance obtained and expiry date; and
 - (iii) Security screening Certificate and Briefing Form file number.
- (d) In the case of a joint venture Bidder, each member of the joint venture must meet the security requirements.
- (e) Bidders must provide security information for each proposed resource in their TBIPS Bid Submission Form.

For additional information on security requirements, Bidders should consult the "Security Requirements for PWGSC Bid Solicitations - Instructions to Bidders" information found on the Departmental Standard Procurement Documents Website (<http://www.tpsgc-pwgsc.gc.ca/app-acq/lc-pl/lc-pl-eng.html>).

PART 7 - RESULTING CONTRACT CLAUSES

The following clauses apply to and form part of any contracts resulting from the bid solicitation.

7.1 REQUIREMENT

_____ (**the Contractor**) agrees to supply to the Identified User the professional services as described in the Contract, including the Statement of Work, in accordance with and at the prices set out in the Contract.

- (a) **Identified User(s):** Under the Contract, the **Identified User** is Public Works and Government Services Canada (PWGSC).
- (b) **Reorganization of Identified User:** The Contractor's obligation to perform the Work will not be affected by (and no additional fees will be payable as a result of) the renaming, reorganization, reconfiguration, or restructuring of any Identified User. The reorganization, reconfiguration and restructuring of the Identified User includes the privatization of the Identified User, its merger with another entity, or its dissolution, where that dissolution is followed by the creation of another entity or entities with mandates similar to the original Identified User.
- (c) **Defined Terms:** Words and expressions defined in the General Conditions or Supplemental General Conditions and used in the Contract have the meanings given to them in the General Conditions or Supplemental General Conditions. Any reference to "Client" is a reference to the Identified User.

7.2 STANDARD CLAUSES AND CONDITIONS

All clauses and conditions identified in the Contract by number, date and title are set out in the Standard Acquisition Clauses and Conditions Manual (<http://sacc.pwgsc.gc.ca/sacc/index-e.jsp>) issued by Public Works and Government Services Canada.

(a) **General Conditions:**

2035 (2012-07-16), General Conditions - Higher Complexity - Services, apply to and form part of the Contract.

The text under Subsection 4 of Section 41 – Code of Conduct and Certifications of 2035 referenced above is replaced by:

During the entire period of the Contract, the Contractor must diligently update, by written notice to the Contracting Authority, the list of names of all individuals who are directors of the Contractor whenever there is a change. As well, whenever requested by Canada, the Contractor must provide the corresponding Consent Forms.

(b) **Supplemental General Conditions:**

The following Supplemental General Conditions apply to and form part of the Contract:

- (i) 4006 (2010-08-16), Supplemental General Conditions - Contractor to Own Intellectual Property Rights in Foreground Information; and
- (ii) 4008 (2008-12-12), Supplemental General Conditions - Personal Information.

7.3 SECURITY REQUIREMENT

The Security Requirement Check List (SRCL), as set out under Annex C applies. (or use the detail terms below when required)

- (a) The Contractor must, at all times during the performance of the Contract, hold a valid Designated Organization Screening (DOS), issued by the Canadian and International Industrial Security Directorate (CIISD), Public Works and Government Services Canada (PWGSC).
- (b) The Contractor personnel requiring access to PROTECTED information, assets or sensitive work site(s) must EACH hold a valid RELIABILITY STATUS, granted or approved by CIISD/PWGSC.
- (c) The Contractor MUST NOT remove any PROTECTED information or assets from the identified work site(s), and the Contractor must ensure that its personnel are made aware of and comply with this restriction.
- (d) Subcontracts which contain security requirements are NOT to be awarded without the prior written permission of CIISD/PWGSC.
- (e) The Contractor must comply with the provisions of the:
 - 1. Security Requirements Check List EN578-055605, described in Annex C; and
 - 2. Industrial Security Manual (*Latest Edition*).

7.4 CONTRACT PERIOD

- (a) **Contract Period:** The “**Contract Period**” is the entire period of time during which the Contractor is obliged to perform the Work, which includes:
 - (i) The “Initial Contract Period”, which begins on the date the Contract is awarded and ends 240 working days later; and
 - (ii) The period, during which the Contract is extended, if Canada chooses to exercise any options set out in the Contract.
- (b) **Option to Extend the Contract:**
 - (i) The Contractor grants to Canada the irrevocable option to extend the term of the Contract by up to two additional option periods under the same terms and conditions: Option Period 1 for 240 working days and Option Period 2 for 240 working days. The Contractor agrees that, during the extended period of the Contract, it will be paid in accordance with the applicable provisions set out in the Basis of Payment.
 - (ii) Canada may exercise this option at any time by sending a written notice to the Contractor at least 14 calendar days before the expiry date of the Contract. The option may only be exercised by the Contracting Authority, and will be evidenced, for administrative purposes only, through a contract amendment.

7.5 AUTHORITIES

- (a) **Contracting Authority**

The Contracting Authority for the Contract is:

Name: Lorna Fulton
Title: Supply Specialist

Organization: Public Works and Government Services Canada (PWGSC)
Address: 219 Laurier Ave West
Ottawa ON K1A 0J6
Telephone: 613-952-0387
Facsimile: 613-952-0434
E-mail: lorna.fulton@tpsgc-pwgsc.gc.ca

The Contracting Authority is responsible for the management of the Contract and any changes to the Contract must be authorized in writing by the Contracting Authority. The Contractor must not perform work in excess of or outside the scope of the Contract based on verbal or written requests or instructions from anybody other than the Contracting Authority.

(b) **Project Authorities** *(to be confirmed at contract award)*

The Project Authorities are:

Name:
Title:
Organization:
Address:
Telephone:
Facsimile:
E-mail:

The Project Authority is the representative of the department or agency for whom the Work is being carried out under the Contract and is responsible for all matters concerning the technical content of the Work under the Contract. Technical matters may be discussed with the Project Authority; however, the Project Authority has no authority to authorize changes to the scope of the Work. Changes to the scope of the Work can only be made through a contract amendment issued by the Contracting Authority.

(c) **Contractor's Representative** *(to be confirmed at contract award)*

The representative for the Contractor is:

Name:
Title:
Address:
Telephone:
Facsimile:
E-mail:

7.6 PAYMENT

(a) **Basis of Payment**

(i) **Professional Services provided with a Fixed Time Rate to a Maximum Price:**
The Contractor will be paid the firm per diem rates for work performed in accordance with the Contract to a ceiling price (as set out in Annex B: Price

Schedule), HST extra. The ceiling price is subject to downward adjustment so as not to exceed the actual hours worked to perform the work when computed in accordance with the Basis of Payment.

(ii) Pre-Authorized Travel and Living Expenses: Canada will reimburse the Contractor for its pre-authorized travel and living expenses reasonably and properly incurred in the performance of the Work outside the National Capital Area, without any allowance for profit and/or administrative overhead, in accordance with the meal, private vehicle and incidental expenses provided in Appendices B, C and D of the Treasury Board Travel Directive, and with the other provisions of the directive referring to “travellers”, rather than those referring to “employees”. All travel must have the prior authorization of the Technical Authority. All payments are subject to government audit. The Contractor will be able to charge for the time spent travelling at the per diem rates set out in the Contract.

(iii) The Contractor will be paid only for the actual time worked (exclusive of any allowance for such items as leaves and breaks etc.).

A firm all-inclusive per diem rate will be paid for every Working Day worked by the Contractor’s resource where the work was performed for 7.5 hours.

Where the work was performed less than 7.5 hours by the Contractor’s resource on a Working Day, the Contractor will be paid for the actual hours worked. The hourly rate will be determined by dividing the per diem rate by 7.5 hours.

The Contractor will not be paid for the transit time of the Contractor’s resource to and from the work site.

Without prior written approval of the Project Authority, the Contractor will not be paid for any time worked by the Contractor’s resource above a 7.5 hour work day.

Working Day means Monday to Friday excluding Canada’s statutory holidays.

(iv) Competitive Award: The Contractor acknowledges that the Contract has been awarded as a result of a competitive process. No additional charges will be allowed to compensate for errors, oversights, misconceptions or underestimates made by the Contractor when bidding for the Contract.

(v) Professional Services Rates: In Canada's experience, Bidders from time to time propose rates at the time of bidding for one or more categories of resources that they later refuse to honour, on the basis that these rates do not allow them to recover their own costs and/or make a profit. This denies Canada of the benefit of the awarded contract. If the Contractor refuses, or is unable, to provide an individual with the qualifications described in the Contract within the time described in the Contract (or proposes instead to provide someone from an alternate category at a different rate), whether or not Canada terminates the Contract as a whole, Canada may impose sanctions or take other measures in accordance with the PWGSC Vendor Performance Policy (or equivalent) then in effect, which may include prohibiting the Contractor from bidding on future requirements that include any professional services, or rejecting the Contractor's other bids for professional services requirements on the basis that the Contractor's

performance on this or other contracts is sufficiently poor to jeopardize the successful completion of other requirements.

(vi) Purpose of Estimates: All estimated costs contained in the Contract are included solely for the administrative purposes of Canada and do not represent a commitment on the part of Canada to purchase services in these amounts. Any commitment to purchase specific amounts or values of services is described elsewhere in the Contract.

(b) Limitation of Expenditure

Canada will not pay the Contractor for any design changes, modifications or interpretations of the Work unless they have been approved, in writing, by the Contracting Authority before their incorporation into the Work.

(c) Method of Payment

Canada will pay the Contractor on a monthly basis for work performed during the month covered by the invoice in accordance with the payment provisions of the Contract if:

- (i) an accurate and complete invoice and any other documents required by the Contract have been submitted in accordance with the invoicing instructions provided in the Contract;
- (ii) all such documents have been verified by Canada; and
- (iii) the Work performed has been accepted by Canada.

(d) Time Verification

Time charged and the accuracy of the Contractor's time recording system is subject to verification by Canada, before or after payment is made to the Contractor. If verification is done after payment, the Contract must repay any overpayment, at Canada's request.

(e) No Responsibility to Pay for Work not performed due to Closure of Government Offices

Where the Contractor, its employees, subcontractors, or agents are providing services on government premises under the Contract and those premises are inaccessible because of the evacuation or closure of government offices, and as a result no work is performed, Canada is not responsible for paying the Contractor for work that otherwise would have been performed if there had been no evacuation or closure.

If, as a result of any strike or lock-out, the Contractor or its employees, subcontractors or agents cannot obtain access to government premises and, as a result, no work is performed, Canada is not responsible for paying the Contractor for work that otherwise would have been performed if the Contractor had been able to gain access to the premises.

7.7 INVOICING INSTRUCTIONS

- (a) The Contractor must submit invoices in accordance with the information required in the General Conditions.
- (b) The Contractor's invoice must include a separate line item for each subparagraph in the Basis of Payment provision.
- (c) By submitting invoices (other than for any items subject to an advance payment), the Contractor is certifying that the goods and services have been delivered and that all

charges are in accordance with the Basis of Payment provision of the Contract, including any charges for work performed by subcontractors.

- (d) The Contractor must provide the original of each invoice to the Technical Authority, and a copy to the Contracting Authority.

7.8 CERTIFICATIONS

Compliance with the certifications provided by the Contractor in its response to the RFP is a condition of the Contract and subject to verification by Canada during the entire Contract Period. If the Contractor does not comply with any certification or it is determined that any certification made by the Contractor in its bid is untrue, whether made knowingly or unknowingly, Canada has the right, under the default provision of the Contract, to terminate the Contract for default.

7.9 APPLICABLE LAWS

The Contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario, or as indicated in the Bidder's Supply Arrangement.

7.10 PRIORITY OF DOCUMENTS

If there is a discrepancy between the wordings of any documents that appear on the following list, the wording of the document that first appears on the list has priority over the wording of any document that appears later on the list:

- (a) These Articles of Agreement, including any individual SACC clauses incorporated by reference in these Articles of Agreement;
- (b) Supplemental general conditions, in the following order:
- (i) 4006 (2010-08-16), Supplemental General Conditions - Contractor to Own Intellectual Property Rights in Foreground Information;
 - (ii) 4008 (2008-12-12), Supplemental General Conditions - Personal Information; and
- (c) 2035 (2012-07-16) General Conditions – Higher Complexity – Services;
- (d) Statement of Work;
- (e) Price Schedule;
- (f) Security Requirements Check List;
- (g) Supply Arrangement Number EN578-055605/D (the “**Supply Arrangement**”);
- (h) The Contractor's bid dated _____ (*insert date of bid*), as amended _____ (*insert date(s) of amendment(s) if applicable*), not including any software publisher license terms and conditions that may be included in the bid, not including any provisions in the bid with respect to limitations on liability, and not including any terms and conditions incorporated by reference (including by way of a web link) in the bid.

7.11 FOREIGN NATIONALS (CANADIAN CONTRACTOR OR FOREIGN CONTRACTOR)

- (a) SACC Manual clause A2000C (2006-06-16) Foreign Nationals (Canadian Contractor); or
- (b) SACC Manual clause A2001C (2006-06-16) Foreign Nationals (Foreign Contractor);

Whichever is applicable (*to be determined in any resulting Contract*).

7.12 INSURANCE REQUIREMENTS

The Contractor is responsible for deciding if insurance coverage is necessary to fulfill its obligation under the Contract and to ensure compliance with any applicable law. Any insurance acquired or maintained by the Contractor is at its own expense and for its own benefit and protection. It does not release the Contractor from or reduce its liability under the Contract.

7.13 LIMITATION OF LIABILITY - INFORMATION MANAGEMENT/INFORMATION TECHNOLOGY

1. This section applies despite any other provision of the Contract and replaces the section of the general conditions entitled "Liability". Any reference in this section to damages caused by the Contractor also includes damages caused by its employees, as well as its subcontractors, agents, and representatives, and any of their employees. This section applies regardless of whether the claim is based in contract, tort, or another cause of action. The Contractor is not liable to Canada with respect to the performance of or failure to perform the Contract, except as described in this section and in any section of the Contract pre-establishing any liquidated damages. The Contractor is only liable for indirect, special or consequential damages to the extent described in this section, even if it has been made aware of the potential for those damages.
2. **First Party Liability:**
 - (a) The Contractor is fully liable for all damages to Canada, including indirect, special or consequential damages, caused by the Contractor's performance or failure to perform the Contract that relate to:
 - (i) Any infringement of intellectual property rights to the extent the Contractor breaches the section of the general conditions entitled "Intellectual Property Infringement and Royalties";
 - (ii) Physical injury, including death.
 - (b) The Contractor is liable for all direct damages caused by the Contractor's performance or failure to perform the Contract affecting real or tangible personal property owned, possessed, or occupied by Canada.
 - (c) Each of the Parties is liable for all direct damages resulting from its breach of confidentiality under the Contract. Each of the Parties is also liable for all indirect, special or consequential damages in respect of its unauthorized disclosure of the other Party's trade secrets (or trade secrets of a third party provided by one Party to another under the Contract) relating to information technology.
 - (d) The Contractor is liable for all direct damages relating to any encumbrance or claim relating to any portion of the Work for which Canada has made any payment. This does not apply to encumbrances or claims relating to intellectual property rights, which are addressed under (a) above.
 - (e) The Contractor is also liable for any other direct damages to Canada caused by the Contractor's performance or failure to perform the Contract that relates to:
 - (i) any breach of the warranty obligations under the Contract, up to the total amount paid by Canada (including any applicable taxes) for the goods and services affected by the breach of warranty; and

- (ii) any other direct damages, including all identifiable direct costs to Canada associated with re-procuring the Work from another party if the Contract is terminated by Canada either in whole or in part for default, up to an aggregate maximum for this subparagraph (ii) of the greater of **0.75** times the total estimated cost (meaning the dollar amount shown on the first page of the Contract in the block titled "Total Estimated Cost" or shown on each call-up, purchase order or other document used to order goods or services under this instrument), or **\$ 1,000,000.00**.

In any case, the total liability of the Contractor under paragraph (e) will not exceed the total estimated cost (as defined above) for the Contract or **\$ 1,000,000.00**, whichever is more.

- (f) If Canada's records or data are harmed as a result of the Contractor's negligence or wilful act, the Contractor's only liability is, at the Contractor's own expense, to restore Canada's records and data using the most recent back up kept by Canada. Canada is responsible for maintaining an adequate back up of its records and data.

3. **Third Party Claims:**

- (a) Regardless of whether a third party makes its claim against Canada or the Contractor, each Party agrees that it is liable for any damages that it causes to any third party in connection with the Contract as set out in a settlement agreement or as finally determined by a court of competent jurisdiction, where the court determines that the Parties are jointly and severally liable or that one Party is solely and directly liable to the third party. The amount of the liability will be the amount set out in the settlement agreement or determined by the court to have been the Party's portion of the damages to the third party. No settlement agreement is binding on a Party unless its authorized representative has approved the agreement in writing.
- (b) If Canada is required, as a result of joint and several liability, to pay a third party in respect of damages caused by the Contractor, the Contractor must reimburse Canada by the amount finally determined by a court of competent jurisdiction to be the Contractor's portion of the damages to the third party. However, despite paragraph (a), with respect to special, indirect, and consequential damages of third parties covered by this section, the Contractor is only liable for reimbursing Canada for the Contractor's portion of those damages that Canada is required by a court to pay to a third party as a result of joint and several liability that relate to the infringement of a third party's intellectual property rights; physical injury of a third party, including death; damages affecting a third party's real or tangible personal property; liens or encumbrances on any portion of the Work; or breach of confidentiality.
- (c) The Parties are only liable to one another for damages to third parties to the extent described in this paragraph 3.

7.14 **JOINT VENTURE CONTRACTOR**

- (a) The Contractor confirms that the name of the joint venture is _____ and that it is comprised of the following members: *(all the joint venture members named in the Contractor's original bid will be listed.)*
- (b) Each joint venture member must be a valid SA Holder of the **Supply Arrangement**.

- (c) With respect to the relationship among the members of the joint venture Contractor, each member agrees, represents and warrants (*as applicable*) that:
- (i) _____ has been appointed as the “representative member” of the joint venture Contractor and has full authorities to act as agent for each member regarding all matters relating to the Contract;
 - (ii) by giving notice to the representative member, Canada will be considered to have given notice to all the members of the joint venture Contractor; and
 - (iii) all payments made by Canada to the representative member will act as a release by all the members.
- (d) All the members agree that Canada may terminate the Contract in its discretion if there is a dispute among the members that, in Canada’s opinion, affects the performance of the Work in any way.
- (e) All the members are jointly and severally or solidarily liable for the performance of the entire Contract.
- (f) The Contractor acknowledges that any change in the membership of the joint venture (i.e., a change in the number of members or the substitution of another legal entity for an existing member) constitutes an assignment and is subject to the assignment provisions of the General Conditions.
- (g) The Contractor acknowledges that all security and controlled goods requirements in the Contract, if any, apply to each member of the joint venture Contractor.

Note to Bidders: *This Article will be deleted if the bidder awarded the contract is not a joint venture. If the contractor is a joint venture, this clause will be completed with information provided in its bid.*

7.15 PROFESSIONAL SERVICES - GENERAL

- (a) The Contractor must provide professional services on request as specified in this Contract. Where in the Contract a specific individual is identified as required to perform the Work, the Contractor must make such person available to perform the work within 10 working days of the issuance of the Contract. Where such a specific individual is unavailable to perform the Work, Canada may elect to either (i) exercise its rights or remedies under the Contract or at law (including terminating the Contract for default), or (ii) Canada may require the Contractor to propose the replacement of the specific individual in accordance with the Article titled, “Replacement of Specific Individuals” in the General Conditions 2035. This obligation applies despite any changes that Canada may have made to any hardware, software or any other aspect of the Identified User’s operating environment.
- (b) If there must be a change in a resource performing work under the Contract (which must in any case comply with the requirements in the section of the General Conditions entitled “Replacement of Specific Individuals”), the Contractor must make the replacement available for work within 10 working days of the departure of the existing resource (or, if Canada has requested the replacement, within 15 working days of Canada’s notice of the requirement for a replacement).

- (c) All resources provided by the Contractor must meet the qualifications described in the Contract (including those relating to previous experience, professional designation, education, and language proficiency) and must be competent to provide the required services by any delivery dates described in the Contract. The resource must be approved by Canada prior to the replacement at the Work site.
- (d) The Contractor must monitor its employees to ensure satisfactory performance and that progress of the Work is maintained to Canada's satisfaction. A Contractor representative will meet with the Project and/or Technical Authority on a regular basis (as specified by Canada) to discuss the performance of its resources and to resolve any issues at hand.
- (e) If the Contractor fails to meet any of its obligations under this Article, or fails to deliver any deliverable or complete any task described in the Contract on time, in addition to any other rights or remedies available to Canada under the Contract or the law, Canada may notify the Contractor of the deficiency, in which case the Contractor must submit a written plan to the Technical Authority within 10 working days detailing the actions that the Contractor will undertake to remedy the deficiency. The Contractor must prepare and implement the plan at its own expense.

7.16 SAFEGUARDING ELECTRONIC MEDIA

- (a) Before using them on Canada's equipment or sending them to Canada, the Contractor must use a regularly updated product to scan electronically all electronic media used to perform the Work for computer viruses and other coding intended to cause malfunctions. The Contractor must notify Canada if any electronic media used for the Work are found to contain computer viruses or other coding intended to cause malfunctions.
- (b) If magnetically recorded information or documentation is damaged or lost while in the Contractor's care or at any time before it is delivered to Canada in accordance with the Contract, including accidental erasure, the Contractor must immediately replace it at its own expense.

7.17 REPRESENTATIONS AND WARRANTIES

The Contractor made statements regarding it and its proposed resources experience and expertise in its bid that resulted in the award of the Contract. The Contractor represents and warrants that all those statements are true and acknowledges that Canada relied on those statements in awarding the Contract. The Contractor also represents and warrants that it has, and all its resources and subcontractors that perform the Work have, and at all times during the Contract Period they will have, the skills, qualifications, expertise and experience necessary to perform and manage the Work in accordance with the Contract, and that the Contractor (and any resources or subcontractors it uses) has previously performed similar services for other customers.

7.18 ACCESS TO CANADA'S PROPERTY AND FACILITIES

Canada's property, facilities, equipment, documentation, and personnel are not automatically available to the Contractor. If the Contractor would like access to any of these, it is responsible for making a request to the Technical Authority. Unless expressly stated in the Contract, Canada has no obligation to provide any of these to the Contractor. If Canada chooses, in its discretion, to make its property, facilities, equipment, documentation or personnel available to the Contractor to

perform the Work, Canada may require an adjustment to the Basis of Payment and additional security requirements may apply.

7.19 GOVERNMENT PROPERTY

Canada agrees to supply the Contractor with items (the “**Government Property**”) required for the Contractor to perform the Work under the Contract. The section of the General Conditions entitled “*Government Property*” also applies to the use of the Government Property by the Contractor.

The section of the General Conditions entitled “*Government Property*” also applies to the use of the Government Property by the Contractor.

ANNEX A: STATEMENT OF WORK

**TASK-BASED INFORMATICS AND PROFESSIONAL SERVICES
FOR
PWGSC SHARED TRAVEL SERVICES PROGRAM –
PROGRAM-WIDE TECHNICAL SUPPORT REQUIREMENTS**

1 BACKGROUND

- a) The Shared Travel Services (STS) program, managed by Public Works and Government Services Canada (PWGSC) on behalf of the Government of Canada (GC), provides an end-to-end portfolio of corporate travel management services that include a travel card, a travel call center, an online booking tool and an expense management tool. Currently over 100 Client Departments use all or part the services under the brand "Travel AcXess Voyage" (TAV). On an annual basis, STS supports approximately \$1.6 billion worth of GC travel.
- b) In parallel with managing the current travel services expiring in April 2014, PWGSC launched re-procurement of the next-generation travel management services in 2010. It is anticipated that the implementation of the new solution will begin early 2013 and the new services will go live early 2014.

2 SCOPE OF WORK

- a) To manage day-to-day operations of the current TAV Services including problem management, system design, configuration and implementation, change management, financial management, vendor management, program management, account management, web management, client services, training and communications.
- b) To implement and transition to the next-generation travel management solution including exercising technical authorities to ensure the new solution will be implemented in accordance with technical requirements and contract provisions as well as to ensure a smooth roll-out of the new services to over 100 departments and agencies representing over 100,000 users.
- c) To transition from a project organizational structure to a steady-state program organization structure through STS Operational Transition Project (OTP). The OTP aims at reducing program management cost by replacing some existing consultants with FTEs while retaining core knowledges through a smooth and effective knowledge transfer.

3 PROGRAM-WIDE TECHNICAL SUPPORT REQUIREMENTS

- a) STS requires resources (see Table A-1) to provide program-wide technical support by leveraging their knowledge, skills, experience and expertise in the areas of computer application support, training, product management services, client service and account management.
- b) STS is committed to advancing modern management and administrative initiatives to better support its clients, and to ensure that the services are managed diligently and cost-effectively.

Table A-1 Summary of Resource Requirements

Resource Type (Category)	Level	Qty	Requirements	Estimated Contract Award Date	Estimated Contract Period
A.17 Webmaster (Bilingual)	2	1	Appendix A to Annex A	1/Dec/2012	240 working days
B.1 Business Analyst – Design and Configuration Analyst	3	1	Appendix B to Annex A	1/Dec/2012	240 working days
B.1 Business Analyst (Bilingual) – Design and Configuration Analyst	3	1	Appendix C to Annex A	1/Dec/2012	240 working days
B.1 Business Analyst	2	1	Appendix D to Annex A	8/Dec/2012	240 working days
B.10 Help Desk Specialist (Bilingual) – Client Service Agent	2	1	Appendix E to Annex A	2/Feb/2013	240 working days
B.11 Instructor, IT (Bilingual) – Trainer/Team Lead	3	1	Appendix F to Annex A	1/Dec/2012	240 working days
B.11 Instructor, IT (Bilingual) – Trainer/Regional Trainer	2	1	Appendix G to Annex A	1/Dec/2012	240 working days
B.11 Instructor, IT (Bilingual) – Trainer/Training Documentation Developer	2	1	Appendix H to Annex A	1/Dec/2012	240 working days
B.11 Instructor, IT (Bilingual) – Trainer/Transition Trainer	1	1	Appendix I to Annex A	2/Feb/2013	240 working days
B.11 Instructor, IT (Bilingual) – Trainer/Training Coordinator	1	1	Appendix J to Annex A	1/Dec/2012	240 working days
B.14 Technical Writer	3	1	Appendix K to Annex A	1/Dec/2012	240 working days
I.3 Database Analyst/IM Administrator	2	1	Appendix L to Annex A	1/Dec/2012	240 working days

APPENDIX A TO ANNEX A
A.17 WEBMASTER (LEVEL 2) - BILINGUAL

1. REQUIREMENT

The Shared Travel Services (STS) program has a requirement for one Bilingual A.17 Webmaster (Level 2). This resource will assist STS to maintain and update the current website in both official languages in accordance with the Government of Canada Common Look and Feel Policy. The resource will also be responsible to manage the integrity of information, update and provide strategic recommendations on the development and administration of the current and any future STS websites.

2. TASKS

Throughout the contract period, the resource must execute the following tasks:

- a) Develop STS intranet website pages using Adobe Dreamweaver, JavaScript, ASP/VBScript, ASP.net, XML, HTML, Adobe Photoshop CS4, Adobe In Design, Adobe Illustrator CS4 and Flash 8;
- b) Apply web standards for Common, Look and Feel (CLF) 2.0, Federal Identity Program (FIP), official languages and accessibility to the development of STS intranet website;
- c) Develop business scenarios and usability tests to verify and test implementation of the STS intranet websites including: analyzing test results; logging and managing the corrective actions and resolution of the faults for web-based applications and relational database applications; and modifying the design accordingly;
- d) Perform maintenance changes and updates to the STS intranet website;
- e) Perform uploads of English and French web content and written documentation, such as: communication documents, training material and user guides to the STS intranet website;
- f) Conduct quality assurance of French translation prior to uploading the content to the STS website;
- g) Develop and maintain procedures and processes and flow charts depicting navigation and basic content for the rigorous control of web content;
- h) Propose, plan and develop modifications or enhancements to the STS intranet website to meet specialized communication requirements;
- i) Review and organize the documentation posted on STS website and conduct quality control of the posted documents;
- j) Analyze, review and organize Travel Management System Portal feedbacks and provide status;
- k) Document the user acceptance testing result of the Travel Management application and verify the accuracy and completeness of upgrades performed by the Vendor;
- l) Gather user requirements and provide technical advice to the client regarding new website requirements and the interactive connectivity between web pages; create functional specifications for website(s) that will facilitate information that is shared by multiple groups within the STS Project Team;
- m) Create new website(s) using XHTML, XMS, ASP CSS, PHP, JavaScript, ASP/VB Script, ASP.net and/or HTML that will facilitate information shared by multiple groups within the STS Project Team. This includes documenting the functionality and assisting the initial training of end-users on the topic "Operation of the website"; and

- n) Provide technical support for Amex@work (an American Express internet-based travel data information database) reports, performance statistics etc.

3. DELIVERABLES

Throughout the contract, the resource must execute the aforementioned tasks and complete the following deliverables in a timely and quality manner. All deliverables are subject to the review and approval of the Technical Authority.

- a) The resource must prepare and submit periodic program audits and recommendations on overall program health.
- b) The resource must prepare and submit ongoing senior management presentations, briefing notes and status reports, when requested by the Technical Authority.
- c) The resource must provide project deliverables related to the tasks identified in Section 2 above, on an “as and when requested” basis requested by the Technical Authority.
- d) The resource must develop and submit post engagement review report/lessons learned documents.
- e) The resource must conduct transfer of program relevant knowledge to the project team and client staff on an ongoing basis throughout the life of the project with final knowledge transfer to be completed no later than one month prior to the contract end date.
- f) The resource must develop and maintain the STS intranet website and any other assigned website.
- g) The resource must develop and submit business scenarios to verify and test the intranet website.
- h) The resource must prepare and submit changes and upgrades to the STS intranet website and any other website assigned.
- i) The resource must prepare and submit uploads of English and French web content and written documentation.
- j) The resource must prepare and submit procedures and processes for web content control.
- k) The resource must prepare and submit results of user acceptance testing of the Travel Management application.
- l) The resource must develop and submit user requirements for any new assigned websites.

APPENDIX B TO ANNEX A
B.1 BUSINESS ANALYST (LEVEL 3)
- DESIGN AND CONFIGURATION ANALYST

1. REQUIREMENT

The Shared Travel Services (STS) program has a requirement for one B.1 Business Analyst (Level 3) – Design and Configuration to support design, configuration, implementation and operation of travel management systems.

2. TASKS

Throughout the contract period, the resource must execute the following tasks:

- a) Provide strategic advice as it relates to analyzing, defining and documenting user business requirements and developing functional specifications;
- b) Provide recommendations on functional design; business procedure and rules; and system configurations to feed data between an enterprise level financial management system and an enterprise level travel management system;
- c) Facilitate design and development sessions;
- d) Review, define and analyze user requirements to assist in long-term strategic planning as well as the current daily operational processes of the STS expense management solution;
- e) Conduct gap analysis to determine the variance between the emerging business requirements and current application functionality and operational procedures currently in place and provide recommendation on steps to mitigate the risk associated with the impact of the gap(s);
- f) Review and provide recommendations to mitigate risks and resolve issues associated with the technical specification resulting from the user requirements;
- g) Provide support on business rules configuration regarding the operation of the training and staging server environments and/or the production server environment;
- h) Provide advice on the integration and the flow of data between modules of the STS Travel Management System;
- i) Provide analysis, advice and recommendations on re-engineering business procedures, processes and implementation of business rules and global system configurations to ensure compliance to TB Travel Policies and Directives and operational departments financial operations regarding the STS enterprise level Travel Management Solution.
- j) Conduct the Strengths, Weaknesses, Opportunities and Threats (SWOT) analysis from the business perspective to assess and determine the benefits of the user requirements in relation to the cost and time to implement the change to the STS Travel Management system and the impact on the business process and work flow.
- k) Conduct research and analysis on TB policies and directives that may impact the STS applications or the possible effect that the STS applications may impact on TB policies and directives. This task applies to both the current Travel Management Solution and the next generation of Travel Management Solution.
- l) Review the functional requirements for the next generation of travel management service together with the response from the winning bidder to identify potential problems and make recommendations on improvements to the new travel management initiative;

- m) Communicate with internal and external stakeholders to respond to comments and questions raised regarding the STS Travel Management Solution; and
- n) Assist the STS team to implement the new travel management system and improve the business process to increase effectiveness and reduce overall cost of travel within Government departments.

3. DELIVERABLES

Throughout the contract, the resource must execute the aforementioned tasks and complete the following deliverables in a timely and quality manner. All deliverables are subject to the review and approval of the Technical Authority.

- a) The resource must prepare and submit periodic program audits and recommendations on overall program health.
- b) The resource must prepare and submit ongoing senior management presentations, briefing notes and status reports.
- c) The resource must provide recommendations on business procedures, processes and rules.
- d) The resource must provide project deliverables related to the tasks identified in Section 2 above, on an “as and when requested” basis requested by the Technical Authority.
- e) The resource must develop and submit post engagement review report/lessons learned documents.
- f) The resource must conduct transfer of program relevant knowledge to the project team and client staff on an ongoing basis throughout the life of the project with final knowledge transfer to be completed no later than one month prior to the contract end date.

APPENDIX C TO ANNEX A
B.1 BUSINESS ANALYST (LEVEL 3) - BILINGUAL
- DESIGN AND CONFIGURATION ANALYST

1. REQUIREMENT

The Shared Travel Services (STS) program has a requirement for one Bilingual B.1 Business Analyst (Level 3) - Design and Configuration to support design, configuration, implementation and operation of travel management systems.

2. TASKS

Throughout the contract period, the resource must execute the following tasks:

- a) Provide advice, recommendations and support to departments during the implementation, transition and adoption process of the enterprise level Travel Management Solution;
- b) Consult with stakeholders to identify and document comprehensive business requirements and functional specifications; analyze and consolidate the information and make recommendations based on best business practices to be implemented;
- c) Advise and recommend options to resolve functional design issues associated with changes and/or improvements to the travel management solution; assess business changes/enhancements to the travel management application, and prioritize the implementation sequence based on criticality of the operation of the system;
- d) Conduct gap analysis to determine the variance between the emerging business requirements and current application functionality and operational procedures currently in place and recommend methods to mitigate risk and/or work around the impact of the gap(s);
- e) Research and analyze TB policies and directives that may impact on the STS solution applications or change and /or improvements the STS solution may impact on TB policies and directives. This task is applied to both the current Travel Management Solutions and the next generation of Travel Management Solutions;
- f) Review documents and provide advice on the resolution of current and/or emerging issues for consistency with the departments' implementation (e.g. configuration / business rules) and / or adoption strategy of the new Travel Management solution;
- g) Gather information and provide advice with regards to customer user acceptance activities on request for changes and releases of the Travel Management Solution;
- h) Provide recommendations on acceptance procedures, processes and criteria for the changes and improvements to the Travel Management Solution;
- i) Review and provide comments on the verification/test strategies, plans, business scenarios and subsequent verification results conducted by the Service Provider to check for non-conformity with and deficiencies to the requirements specification;
- j) Research, identify and promote best practices and procedures for booking travel on-line, processing expense claims and technical requirements for bulk processing "tombstone" data into an enterprise level management system;
- k) Analyze, evaluate and identify risks in relation to business requirements, document the findings and provide recommendations to mitigate the identified risks;

- l) Facilitate the quality assurance of the design and development activities to ensure the business requirements are adhered to and the verification/testing of the business improvements is conducted and the results are documented;
- m) Perform the Strengths, Weaknesses, Opportunities and Threats (SWOT) analysis from the business perspective to assess and determine the benefits of the user requirements in relation to the cost and time to implement the change to the STS Travel Management system and the impact on the business process and work flow;
- n) Review the functional requirements for the new of travel management service together with the response from the winning bidder to identify potential problems and make recommends on improvements to the new travel management initiative;
- o) Assist the STS team to implement the new travel management system and improve the business process to increase effectiveness and reduce overall cost of travel within Government departments; and
- p) Advise STS team regarding user acceptance of changes and system enhancement releases to the production environment.

3. DELIVERABLES

Throughout the contract, the resource must execute the aforementioned tasks and complete the following deliverables in a timely and quality manner. All deliverables are subject to the review and approval of the Technical Authority.

- a) The resource must submit periodic program audits and recommendations on overall program health.
- b) The resource must prepare and submit ongoing senior management presentations, briefing notes and status reports.
- c) The resource must provide recommendations on business procedures, processes and rules.
- d) The resource must submit any other project deliverables related to the tasks identified in Section 2 above, on an “as and when requested” basis requested by the Technical Authority.
- e) The resource must develop and submit post engagement review report/lessons learned documents.
- f) The resource must conduct transfer of program relevant knowledge to the project team and client staff on an ongoing basis throughout the life of the project with final knowledge transfer to be completed no later than one month prior to the contract end date.
- g) The resource must provide a detailed gap analysis and risk mitigation strategy.
- h) The resource must generate a report documenting any non-conformance or deficiencies in the requirement specification.

APPENDIX D TO ANNEX A
B.1 BUSINESS ANALYST (LEVEL 2)

1. REQUIREMENT

The Shared Travel Services (STS) program has a requirement for one B.1 Business Analyst (Level 2). This resource will monitor the contractor's performance, analyse proposed changes to the travel management service tools to ensure that the changes address business requirements and enhance the overall performance of the service. The resource will also be responsible of identifying any potential issues and providing recommendations on mitigation strategies.

2. TASKS

Throughout the contract period, the resource must execute the following tasks:

- a) Provide analysis, advice and recommendations on re-engineering business procedures, processes and implementation of business rules and global system configurations to ensure compliance to TB Travel Policies and Directives and operational departments financial operations regarding the STS enterprise level Travel Management Solution;
- b) Provide strategic advice as it relates to analyzing, defining and documenting user requirements and developing functional specifications;
- c) Perform the Strengths, Weaknesses, Opportunities and Threats (SWOT) analysis from the business perspective to assess and determine the benefits of the user requirements in relation to the cost and time to implement the change to the STS Travel Management system and the impact on the business process and work flow;
- d) Research and analysis on TB policies and directives that may impact the STS applications or the STS applications my impact on TB policies and directives. This task applied to both the current Travel Management Solution and the next generation of Travel Management Solution;
- e) Review, define and analyze user requirements to assist in long-term strategic planning as well as the current daily operational processes of the STS expense management solution;
- f) Conduct gap analysis to determine the variance between the emerging business requirements and current application functionality and operational procedures currently in place and make recommendation to mitigate the risk and/or work around the impact of the gap(s);
- g) Review and provide recommendations to mitigate risks and resolve issues associated with the technical specification resulting from the user requirements;
- h) Provide advice and expertise on the integration and the flow of data between modules of the STS Travel Management Solution;
- i) Communicate with internal and external stakeholders to respond to comments and questions on the STS Travel Management Solution;
- j) Monitor the performance of the Travel Management Solution provider and develop recommendations to resolve issues and advise on Contract enforcement;
- k) Develop best practices and procedures for booking travel on-line or through a call center;
- l) Co-ordinate and facilitate consultations regarding the Travel Management Service with stakeholders including clients, central agencies and the travel service provider; and
- m) Assist the STS team to implement the new travel management system and improve the business process to increase effectiveness and reduce overall cost of travel within Government Departments.

3. DELIVERABLES

Throughout the contract, the resource must execute the aforementioned tasks and complete the following deliverables in a timely and quality manner. All deliverables are subject to the review and approval of the Technical Authority.

- a) The proposed resource must prepare and submit periodic program audits and recommendations on overall program health.
- b) The proposed resource must prepare and submit ongoing senior management presentations, briefing notes and status reports.
- c) The proposed resource must provide any other project deliverables related to the tasks identified in Section 2 above, on an “as and when requested” basis requested by the Technical Authority.
- d) The proposed resource must develop and submit post engagement review report/lessons learned documents.
- e) The proposed resource must conduct transfer of program relevant knowledge to the project team and client staff on an ongoing basis throughout the life of the project with final knowledge transfer to be completed no later than one month prior to the contract end date.
- f) The resource must provide a detailed gap analysis and risk mitigation strategy.
- g) The resource must generate a report documenting any non-conformance or deficiencies in the requirement specification.

APPENDIX E TO ANNEX A
B.10 HELP DESK SPECIALIST (LEVEL 2) - BILINGUAL
- CLIENT SERVICE AGENT

1. REQUIREMENT

The Shared Travel Services (STS) program has a requirement for one Bilingual B.10 Help Desk Specialist (Level 2). This resource will be responsible for responding to inquiries and complaints from the client departments. This resource will also distribute key reports and communication materials to the client departments and manage the client contact list.

2. TASKS

Throughout the contract period, the resource must execute the following tasks:

- a) Deliver customer service to STS existing clients departments to maintain the account information;
- b) Respond to and escalate incoming calls from clients, internal and external stakeholders to the appropriate subject matter expert (SME);
- c) Respond and escalate all electronic messages received under the NCR Client Service email box to appropriate SME;
- d) Document and track incoming issues (phone/email) and track the status of the resolution to the issue;
- e) Remain current with STS Service offering and associated policies and procedures (including Portal, On-Line Booking Tool (OBT), Expense Management Tool (EMT), Government Travel Card and Treasury Board's Travel Directive);
- f) Manage and update numerous contact lists on a regular and as required basis;
- g) Create and send pre-established reports to internal and external clients (departments) in a timely manner;
- h) Send communication releases to designated clients and stakeholders in a timely manner;
- i) Provide quality assurance on translated documents for the Client Services Team;
- j) Compile feedback from messages received on portal and distribute the information to SMEs in a timely manner;
- k) Provide basic administrative duties for the Client Services Team;
- l) Perform other client services related duties as directed by the Client Services Manager; and
- m) Make recommendations to management for improving internal and external processes and procedures.

3. DELIVERABLES

Throughout the contract, the resource must execute the aforementioned tasks and complete the following deliverables in a timely and quality manner. All deliverables are subject to the review and approval of the Technical Authority.

- a) The resource must prepare and submit periodic program audits and recommendations on overall program health.
- b) The resource must prepare and submit ongoing senior management presentations, briefing notes and status reports.

- c) The resource must provide any other project deliverables related to the tasks identified in Section 2 above, on an “as and when requested” basis requested by the Technical Authority.
- d) The resource must develop and submit post engagement review report/lessons learned documents.
- e) The resource must conduct transfer of program relevant knowledge to the project team and client staff on an ongoing basis throughout the life of the project with final knowledge transfer to be completed no later than one month prior to the contract end date.
- f) The resource must prepare and submit updated client department account information list consisting of point of contact name(s), addresses, location, email address, etc.
- g) The resource must prepare and submit an updated issues and status log related to the STS travel management solution.
- h) The resource must create and distribute pre-determined reports internally to STS team member and to external client departments.

APPENDIX F TO ANNEX A
B.11 INSTRUCTOR, IT (LEVEL 3) - BILINGUAL
- TRAINER/TEAM LEAD

1. REQUIREMENT

The Shared Travel Services (STS) program has a requirement for one Bilingual B.11 Instructor, IT (Level 3) – Trainer/Team Lead. The resource will manage four (4) training consultants. The resource will plan, organize and coordinate the work effort of the Regional Trainer, Training Documentation Developer, Transition Trainer and Training Coordinator. In addition the resource will assess client departments' training requirements, coordinate the training with other STS team members and deliver training courses. The resource is required to work in both official languages (English and French).

2. TASKS

Throughout the contract period, the resource must execute the following tasks:

- a) Lead and coordinate the activities of the STS Training Team;
- b) Assess and document the relevant characteristics of a target audience for the purpose of tailoring training material and the type of training to be provided;
- c) Prepare end-users for implementation of courseware materials;
- d) Provide training courses (traditional and virtual classroom);
- e) Communicate effectively by visual, oral, and written form with individuals, small groups, and in front of large audiences;
- f) Lead and coordinate the activities of the STS Training Team;
- g) Develop STS training strategy in support of transition to new travel services supplier;
- h) Develop STS training plans in consultation with STS management;
- i) Coordinate the development and implementation of STS Client Services and Training Support organizations;
- j) Liaise with STS clients on managing business issues and concerns;
- k) Provide support and interact with other functional groups within the STS organization;
- l) Provide training expertise and direction to users in the area of the STS on-line booking and the expense management application;
- m) Provide advice and training to users in response to identified difficulties related to the applications or business process on the use of the STS on-line booking and the expense management application;
- n) Provide the response in resolving application support issues as they related to the compliance of the Treasury Board travel directive;
- o) Emulate or reproduce application problems encountered by users and provide advice and training on corrective actions;
- p) Assess training challenges and complexities with diverse mix of departmental and regional users;
- q) Verify the accuracy and completeness of work performed by the service provider in updating training guides and quick reference manuals;

- r) Develop and maintain an update strategy to ensure existing training documentation and courses remain current with system upgrades and policy changes;
- s) Design and develop training session material in both French and English for a web-based travel and expense management application; and
- t) Adapt training delivery to suit users and user groups with specific requirements.

3. DELIVERABLES

Throughout the contract, the resource must execute the aforementioned tasks and complete the following deliverables in a timely and quality manner. All deliverables are subject to the review and approval of the Technical Authority.

- a) The resource must prepare and submit periodic program audits and recommendations on overall program health.
- b) The resource must prepare and submit ongoing senior management presentations, briefing notes and status reports.
- c) The resource must provide any other project deliverables related to the tasks identified in Section 2 above, on an “as and when requested” basis requested by the Technical Authority.
- d) The resource must develop and submit post engagement review report/lessons learned documents.
- e) The resource must conduct transfer of program relevant knowledge to the project team and client staff on an ongoing basis throughout the life of the project with final knowledge transfer to be completed no later than one month prior to the contract end date.
- f) The resource must ensure all product release information is captured in the training material.

APPENDIX G TO ANNEX A
B.11 INSTRUCTOR, IT (LEVEL 2) - BILINGUAL
- TRAINER/REGIONAL TRAINER

1. REQUIREMENT

The Shared Travel Services (STS) program has a requirement for one Bilingual B.11 Instructor, IT (Level 2). The Trainer/Regional Trainer will travel to government departments across the nation and conduct training on the use of the on-line booking and the expense management application and provide advice and recommendations to improve departmental specific training material and operational procedures. Training and support will be conducted in both official languages (English and French).

2. TASKS

Throughout the contract period, the resource must execute the following tasks:

- a) Provide training expertise and direction to users in the area of the STS on-line booking and the expense management application;
- b) Travel to various Canadian government departments across the nation to support clients;
- c) Provide business process support to users as part of the training in the area of the STS on-line booking and the expense management application;
- d) Provide advice and training to users in response to identified difficulties related to the applications or business process on the use of the STS on-line booking and the expense management application;
- e) Provide the response in resolving application support issues regarding the compliance of the Treasury Board travel directive;
- f) Emulate or reproduce application problems encountered by users and provide advice and training on corrective actions;
- g) Provide recommendations to client regarding the improvements on the training plans and material to address identified difficulties and problems encountered by the users;
- h) Assess training challenges and complexities with diverse mix of departmental and regional users;
- i) Adapt training delivery to suit users and user groups with specific needs; and
- j) Deliver classroom and web-based training to various Government departments nationally.

3. DELIVERABLES

Throughout the contract, the resource must execute the aforementioned tasks and complete the following deliverables in a timely and quality manner. All deliverables are subject to the review and approval of the Technical Authority.

- a) The resource must prepare and submit periodic program audits and recommendations on overall program health.
- b) The resource must prepare and submit ongoing senior management presentations, briefing notes and status reports.
- c) The resource must provide any other project deliverables related to the tasks identified in Section 2 above, on an “as and when requested” basis requested by the Technical Authority.
- d) The resource must develop and submit post engagement review report/lessons learned documents.

- e) The resource must conduct transfer of program relevant knowledge to the project team and client staff on an ongoing basis throughout the life of the project with final knowledge transfer to be completed no later than one month prior to the contract end date.
- f) The resource must develop and submit a response to resolve application support issues.
- g) The resource must develop and submit training application improvement plans and material.
- h) The resource must ensure all product release information is captured in the training material, as requested by the Training Team Lead.
- i) The resource must submit instructor evaluation sheets after a training session.
- j) The resource must deliver classroom and web-based training to various Government departments nationally.

APPENDIX H TO ANNEX A
B.11 INSTRUCTOR, IT (LEVEL 2) - BILINGUAL
- TRAINER/TRAINING DOCUMENTATION DEVELOPER

1. REQUIREMENT

The Shared Travel Services (STS) program has a requirement for one Bilingual B.11 Instructor, IT (Level 2). The Trainer/Training Documentation Developer will develop training material consisting of simulations, lessons, user guides, e-learning course and simulations etc. In addition the resource will provide direction to users on the STS on-line booking and the expense management application, provide business process support and conduct classroom and virtual environment training.

2. TASKS

Throughout the contract period, the resource must execute the following tasks:

- a) Lead the development and update of all training materials;
- b) Develop and update e-learning courses and simulations to support automated travel booking and expense management solution.
- c) Provide recommendations to client regarding the improvements on the training plans and material to address identified difficulties and problems encountered by the users;
- d) Emulate or reproduce application problems encountered by users and provide advice and training on corrective actions;
- e) Provide training expertise and direction to users in the area of the STS on-line booking and the expense management application;
- f) Deliver training in both classroom and virtual environments;
- g) Provide business process support to users in the area of the STS on-line booking and the expense management application;
- h) Provide advice and training to users in response to identified difficulties related to the applications or business process on the use of the STS on-line booking and the expense management application;
- i) Provide a response in resolving application support issues as they related to the compliance of the Treasury Board travel directive;
- j) Assess training challenges and complexities with diverse mix of departmental and regional users; and
- k) Adapt training delivery to suit users and user groups with specific requirements.

3. DELIVERABLES

Throughout the contract, the resource must execute the aforementioned tasks and complete the following deliverables in a timely and quality manner. All deliverables are subject to the review and approval of the Technical Authority.

- a) The resource must prepare and submit periodic program audits and recommendations on overall program health.
- b) The resource must prepare and submit ongoing senior management presentations, briefing notes and status reports.

- c) The resource must provide any other project deliverables related to the tasks identified in Section 2 above, on an “as and when requested” basis requested by the Technical Authority.
- d) The resource must develop and submit post engagement review report/lessons learned documents.
- e) The resource must conduct transfer of program relevant knowledge to the project team and client staff on an ongoing basis throughout the life of the project with final knowledge transfer to be completed no later than one month prior to the contract end date.
- f) The resource must prepare and submit new and updated training material.
- g) The resource must develop and submit training application improvement plans and material.
- h) The resource must ensure all product release information is captured in the training material, as requested by the Training Team Lead.
- i) The resource must submit instructor evaluation sheets after a training session.
- j) The resource must deliver classroom and web-based training to various Government departments nationally.

APPENDIX I TO ANNEX A
B.11 INSTRUCTOR, IT (LEVEL 1) - BILINGUAL
- TRAINER/TRANSITION TRAINER

1. REQUIREMENT

The Shared Travel Services (STS) program has a requirement for one Bilingual B.11 Instructor, IT (Level 1). The Trainer/Transition Trainer will provide training on the utilization of the current STS travel solution consisting of the on-line booking and the expense management application and develop a training strategy to transition clients to the new travel solution.

2. TASKS

Throughout the contract period, the resource must execute the following tasks:

- a) Provide training expertise and direction to users in the area of the STS on-line booking and the expense management application;
- b) Deliver training in both classroom and virtual environments;
- c) Develop and implement training strategy for transitioning STS Clients from current travel solution to future travel solution;
- d) Conduct transition training in support of STS clients;
- e) Lead and assist with the development of training materials (simulations, lessons, user guides etc.);
- f) Provide business process support to users in the area of the STS on-line booking and the expense management application;
- g) Provide recommendations to client regarding the improvements on the training plans and material to address identified difficulties and problems encountered by the users;
- h) Provide a response in resolving application support issues as they related to the compliance of the Treasury Board travel directive;
- i) Emulate or reproduce application problems encountered by users and provide advice and training on corrective actions;
- j) Recommend improvements to client developed application training plans and material to address identified difficulties and problems encountered by the users;
- k) Assess training challenges and complexities with diverse mix of departmental and regional users; and
- l) Adapt training delivery to suit users and user groups with specific requirements.

3. DELIVERABLES

Throughout the contract, the resource must execute the aforementioned tasks and complete the following deliverables in a timely and quality manner. All deliverables are subject to the review and approval of the Technical Authority.

- a) The resource must prepare and submit periodic program audits and recommendations on overall program health.
- b) The resource must prepare and submit ongoing senior management presentations, briefing notes and status reports.

- c) The resource must provide any other project deliverables related to the tasks identified in Section 2 above, on an “as and when requested” basis requested by the Technical Authority.
- d) The resource must develop and submit post engagement review report/lessons learned documents.
- e) The resource must conduct transfer of program relevant knowledge to the project team and client staff on an ongoing basis throughout the life of the project with final knowledge transfer to be completed no later than one month prior to the contract end date. Submit instructor evaluation sheets after a training session.
- f) The resource must deliver training to various Government departments nationally, when requested by the Training Team Lead.
- g) The resource must develop and submit a training strategy for transitioning STS Clients.
- h) The resource must develop and submit transition training evaluations.

APPENDIX J TO ANNEX A
B.11 INSTRUCTOR, IT (LEVEL 1) – BILINGUAL
- TRAINER / TRAINING COORDINATOR

1. REQUIREMENT

The Shared Travel Services (STS) program has a requirement for one Bilingual B.11 Instructor, IT (Level 1). The Trainer/Training Coordinator will coordinate all training sessions, register clients and manage all course-related correspondence. In addition the resource will conduct training in both classroom and virtual environment.

2. TASKS

Throughout the contract period, the resource must execute the following tasks:

- a) Provide training expertise and direction to users in the area of the STS on-line booking and the expense management application;
- b) Deliver training in both classroom and virtual environments;
- c) Assist with development of training materials (simulations, lessons, user guides etc.);
- d) Provide business process support to users as part of the training provided to users in the area of the STS on-line booking and the expense management application. Act as central contact for all training coordination activities;
- e) Coordinate training sessions including: scheduling dates and facilities; confirming facilitator and participants; preparing training-related collateral; notifying security for participant access; providing accurate and up-to-date information to webmaster; performing course follow-ups, etc;
- f) Register clients for training sessions and managing all course-related correspondence;
- g) Maintain and update the Microsoft Access training database; including registration process, confirmations, schedules, inputting participant satisfaction survey data etc;
- h) Perform document and file management including e-filing;
- i) Adhere to established training coordination processes and procedures to ensure timely, professional service;
- j) Recommend improvements to processes/procedures to improve efficiencies and reduce waste; and
- k) Generate and update training database usage reports in Excel formats and submit the reports to management for review and analysis.

3. DELIVERABLES

Throughout the contract, the resource must execute the aforementioned tasks and complete the following deliverables in a timely and quality manner. All deliverables are subject to the review and approval of the Technical Authority.

- a) The resource must prepare and submit periodic program audits and recommendations on overall program health.
- b) The resource must prepare and submit ongoing senior management presentations, briefing notes and status reports.

- c) The resource must provide any other project deliverables related to the tasks identified in Section 2 above, on an “as and when requested” basis requested by the Technical Authority.
- d) The resource must develop and submit post engagement review report/lessons learned documents.
- e) The resource must conduct transfer of program relevant knowledge to the project team and client staff on an ongoing basis throughout the life of the project with final knowledge transfer to be completed no later than one month prior to the contract end date. And submit the instructor evaluation sheets after a training session.
- f) The resource must submit instructor evaluation sheets after a training session.
- g) The resource must deliver training to various Government departments nationally, when requested by the Training Team Lead.
- h) The resource must prepare and submit a training schedule for both the online booking tool and the expense management tool.
- i) The resource must develop and submit the registration form for training sessions.
- j) The resource must prepare and submit updated training usage reports.
- k) The resource must develop and submit recommendations for process and procedure improvements.

APPENDIX K TO ANNEX A
B.14 TECHNICAL WRITER (LEVEL 3)

1. REQUIREMENT

The Shared Travel Services (STS) program has a requirement for one B.14 Technical Writer (Level 3). This resource will be responsible for developing the STS program website content as well as to provide support to the development of other STS related documentation.

2. TASKS

Throughout the contract period, the resource must execute the following tasks:

- a) Gather information concerning the features and functions of the STS travel management service provided by the STS subject matter experts to ensure the accuracy of any technical writings;
- b) Assess the target audience (i.e. Senior Full-time Travel Officer (SFTO), travelers, travel arrangers, etc.) that is to receive specific documentation and recommend an approach to accurately present the information;
- c) Prepare illustrations and diagrams for user manuals, help text, web content, etc;
- d) Ensure documentation submitted meets the pre-established documentation standards and make recommendations for corrective action;
- e) Develop a table of contents and write or edit the content of materials for presentation to Government of Canada (GC) departmental Senior Full Time Travel Officers (SFTOs) and Executives. This includes presentations, backgrounds, briefs/documents, and correspondence to executives across the public sector;
- f) Develop strategies and plans and executing tactics to support the communication of information to stakeholder external to the STS Program;
- g) Develop and edit content and style for the STS Intranet site;
- h) Attend meetings with subject matter experts as required for all service offerings;
- i) Prepare briefing notes, speaking points, presentations and leave-behind material;
- j) Develop and edit content of STS travel brochures and bulletins;
- k) Assist in the preparation of materials for meetings with ADMs, Director Generals and Directors; and
- l) Liaise with Client Services to ensure change management and other strategic messaging is represented and consistent with all STS product offering.

3. DELIVERABLES

Throughout the contract, the resource must execute the aforementioned tasks and complete the following deliverables in a timely and quality manner. All deliverables are subject to the review and approval of the Technical Authority.

- a) The resource must prepare and submit periodic program audits and recommendations on overall program health.
- b) The resource must prepare and submit ongoing senior management presentations, briefing notes and status reports.

- c) The resource must provide any other project deliverables related to the tasks identified in Section 2 above, on an “as and when requested” basis requested by the Technical Authority.
- d) The resource must develop and submit post engagement review report/lessons learned documents.
- e) The resource must conduct transfer of program relevant knowledge to the project team and client staff on an ongoing basis throughout the life of the project with final knowledge transfer to be completed no later than one month prior to the contract end date. Submit instructor evaluation sheets after a training session.
- f) The resource must prepare and submit assessments on target audience and provide recommendation on the best approach to present information accurately.
- g) The resource must prepare and submit presentations and information material for presentation to GC department Senior Full-time Travel Officer (SFTO) on an “as and when requested” basis requested by the Technical Authority.
- h) The resource must prepare and submit strategies and plans to support communication with external stakeholders to the STS Program.
- i) The resource must prepare and submit briefing notes, speaking points, presentations, web text and leave-behind material, on an “as and when requested” basis requested by the Technical Authority.
- j) The resource must prepare and submit the STS travel brochures and bulletins, on an “as and when requested” basis requested by the Technical Authority.

APPENDIX L TO ANNEX A

I.3 DATABASE ANALYST / IM ADMINISTRATOR (LEVEL 2)

1. REQUIREMENT

The Shared Travel Services (STS) program has a requirement for one Database Analyst / IM Administrator (Level 2). This resource will create, update and maintain multiple databases to support the STS operation.

2. TASKS

Throughout the contract period, the resource must execute the following tasks:

- a) Develop a work plan that describes the activities, timelines and responsibilities of individual assignments as requested by the Technical Authority;
- b) Maintain the tables, forms, queries, macros, and reports for the Problem Ticket database and the Change Request (CR) database using MS Access 2007, which is shared by multiple groups in an organization to facilitate the work;
- c) Gather and document the functional requirements from STS stakeholders on changes to the Problem Ticket and Change Request database; update, modify and test the changes to the tables, forms, queries, macros and reports in the database, using MS Access 2007. This includes documenting the design changes to the database;
- d) Define the data conversion strategy; import and export data from and to the Problem Ticket database on a regular (typically daily) from the Vendor such as Microsoft Excel, text, and XML files;
- e) Convert existing reports in an MS Access and/or MS Excel environment into fully automated, web-based versions using SQL Server, SSIS, SSRS, Visual Basic and VBA;
- f) Review and assess the current configuration of existing MS Access 2000 databases for the document library, project management center and account management and make recommendations for streamlining and improving the existing database structures and reporting capabilities;
- g) Gather and document the functional requirements from the STS stakeholders to upgrade the functionality and the application from MS Access 2000 to MS Access 2007 for the existing document library, project management center and account management functions;
- h) Modify, upgrade from MS Access 2000 to MS Access 2007, or re-build (if necessary), implement user security features, test and document the existing database tables, forms, queries, macros and reporting capabilities for the document library, project management center and account management functions based on the approved recommendations;
- i) Maintain the tables, forms, queries, macros, reports and security features for the document library, project management center and account management databases based upon user requirement, which is shared by multiple groups in an organization to facilitate the work, using MS Access 2007;
- j) Gather and document the user information requirements and functional requirements from the STS stakeholders for a Vendor Software Release Management function. Once the requirements are approved the consultant will define the new database structure and generate a new database with the client by creating tables, form, queries, macros, security features and reports, using MS Access 2007, to facilitate work that is shared by multiple groups within the STS Project Team, This includes documenting the functionality and initial training of end-users on the operation of the database;

- k) Develop backup procedures and execute the backup procedure on a regular basis for all operational and project management office databases; and
- l) Provide direct support and on-going training to the STS end-users on all MS Access databases.

3. DELIVERABLES

Throughout the contract, the resource must execute the aforementioned tasks and complete the following deliverables in a timely and quality manner. All deliverables are subject to the review and approval of the Technical Authority.

- a) The resource must prepare and submit periodic program audits and recommendations on overall program health.
- b) The resource must prepare and submit ongoing senior management presentations, briefing notes and status reports.
- c) The resource must provide any other project deliverables related to the tasks identified in Section 2 above, on an “as and when requested” basis requested by the Technical Authority.
- d) The resource must develop and submit post engagement review report/lessons learned documents.
- e) The resource must conduct transfer of program relevant knowledge to the project team and client staff on an ongoing basis throughout the life of the project with final knowledge transfer to be completed no later than one month prior to the contract end date. And submit the instructor evaluation sheets after a training session.
- f) The resource must prepare and submit a work plan that describes the activities, timelines and responsibilities for individual assignments.
- g) The resource must prepare and submit converted reports in an MS Access and MS Excel environment into fully automated, web-based versions using SQL Server, SSIS, SSRS, Visual Basic and VBA.
- h) The resource must develop and submit recommendations to streamline and improve the existing MS Access databases.
- i) The resource must provide functional requirements for the upgrade of the Document Library, Project Management Center and the Account Management databases.
- j) The resource must prepare and submit functional/operational requirements for the Vendor Software Release Management capability.

ANNEX B: PRICE SCHEDULE

**FOR
THE TASK-BASED INFORMATICS AND PROFESSIONAL SERVICES
FOR
PWGSC SHARED TRAVEL SERVICES PROGRAM**

***Note to Bidders:** Price Schedule will be developed based on inputs of Bidder's Pricing Table from the winning bid. Price Schedule will then be provided with any resulting Contract.*

Total Points assigned: 280 points		Total Points obtained:	
<i>Note: To be deemed responsive, the resource must obtain minimum of 196 points (70%).</i>			

ATTACHMENT 4.2

BID SELECTION METHODOLOGY

1. INTRODUCTION

- a) The bid selection will be conducted respectively for each resource category. There will be 12 winning bids as a result of this bid selection process.
- b) For each resource category, the “*Highest Compliant Combined Rating of Technical Merit and Price*” method will be used in its respective bid selection. In this method:
 - (i) The technical score for each resource is weighted at 70% of the total point score and is pro-rated against the maximum possible score assigned to each resource category.
 - (ii) The pricing score for each resource is weighted at 30% of the total point score and the rating is done by giving a full mark of 30 points to the lowest priced compliant proposal with other proposals being given a pro-rated points based on how much higher their pricing is.
 - (iii) The winning bid is the one obtaining the highest Point Total, which is the summation of the technical score and pricing score.
 - (iv) In case there are multiple bids obtaining the same Point Total, the bid with the highest technical score wins.

2. EXAMPLE

The following Table illustrates an example where the selection of the Bid for the resource category A is determined by 70/30 ratio of the technical and pricing score, respectively. The maximum rated points in this example is 30. The lowest priced technically compliant proposal is allocated the maximum points of 30 and other price proposals are protated accordingly.

Example of Bid Selection			
Highest Combined Rating of Technical Merit (70%) and Price (30%)			
Bidder	Bidder 1	Bidder 2	Bidder 3
The Rated Points Obtained by Resource Category A	27	25	24
Proposed Price for Resource Category A	\$60,000	\$55,000	\$50,000
Calculation	Technical Score	Pricing Score	Point Total
Bidder 1	$27 \times 70 / 30 = 63.0$	$50 \times 30 / 60 = 25.0$	88.0
Bidder 2	$25 \times 70 / 30 = 58.3$	$50 \times 30 / 55 = 27.3$	85.6
Bidder 3	$24 \times 70 / 30 = 56.0$	$50 \times 30 / 50 = 30.0$	86.0
Winning Bidder for Resource Category A	Bidder 1
