## Solicitation Amendment No. 3

### Questions and Answers Set No. 3

**Question No. 1:** This is an “as-and-when-requested” requirement with separate Task Authorizations issued at varying dates throughout the year for various lengths of contract. Most TBIPS of this nature require the bidding companies to provide 1-2 resumes to show compliance and with the requirement and their ability to resource the skill-set. In the interest of keeping this responses concise and relevant, would the Crown consider reducing the requirement for resumes to 2 or 3?

**Answer No. 1:** No.

**Question No. 2:** Due to the importance of the requirement for the 5 Enterprise Architects. Would the Department of National Defence entertain changing from a lowest compliant evaluation method to a point rated evaluation?

**Answer No. 2:** No.

**Question No. 3:** Since the contractor will be providing their own facilities for the majority of this contract. Will the the contractor also be required to utilize their own computers, software and any other tools required to complete the tasks and deliverables?

**Answer No. 3:** DND will provide the contractors with the tools and equipment for off-site work.

**Question No. 4:** Could you please confirm if the estimated number of days stipulated in Annex B is 200 days per year per resource (i.e., total of 1000 days per year)?

**Answer No. 4:** 200 days per resource.

**Question No. 5:** Section 7 – Work Location states that “The majority of this work will be performed from the Contractor’s own facilities within the National Capital Region”. Does this imply that all resources must be from the NCR?

**Answer No. 5:** No, resources do not have to be from the NCR.
