This amendment (1) is raised to bring corrections and answer vendor questions.

1) Extend the end date of the solicitation to 2012-03-16

2) **At Annex "A" - Section 5.1 General - Pilote Site 1;**

Delete

The Contractor must allow 5 business days for testing, and if the tests reveal any problems, the Contractor must have corrected them by 1 March 2012.

Insert

The Contractor must allow 5 business days for testing, and if the tests reveal any problems, the Contractor must have corrected them by 30 April 2012.

3) **At Annex "A" - Section 5.1 General - Pilote Site 2 and 3;**

Delete

The Contractor must allow 5 business days for testing, and if the tests reveal any problems, the Contractor must have corrected them by 31 March 2012.

Insert

The Contractor must allow 5 business days for testing, and if the tests reveal any problems, the Contractor must have corrected them by 31 May 2012.

4) **At Annex "A" - Section 16 Deadline;**

Delete

16.1 Phase 1, 1 pilot site, must be completed and accepted by 1 March 2012. The Contractor must allow 5 business days for testing, and if the tests reveal any problems, the Contractor must correct them by that date.

16.2 Phase 2, 3 pilot sites, must be completed and accepted by 31 March 2012. The Contractor must allow 5 business days for testing, and if the tests reveal any problems, the Contractor must correct them by that date.

16.3 Phase 3, additional sites, must be completed and accepted by 1 September 2012. The Contractor must allow 2 business days per additional site (10 business days) for testing, and if the tests reveal any problems, the Contractor must correct them by that date.

Insert

16.1 Phase 1, 1 pilot site, must be completed and accepted by 30 April 2012. The Contractor must allow 5 business days for testing, and if the tests reveal any problems, the Contractor must correct them by that date.

16.2 Phase 2, 3 pilot sites, must be completed and accepted by

31 May 2012. The Contractor must allow 5 business days for testing, and if the tests reveal any problems, the Contractor must correct them by that date.

16.3 Phase 3, additional sites, must be completed and accepted by 30 August 2012. The Contractor must allow 2 business days per additional site (10 business days) for testing, and if the tests reveal any problems, the Contractor must correct them by that date.

5) At **Part 2, 1. Standard Instructions, Clauses and Conditions**, delete: **Section 8** of 2003, Standard Instructions - Goods or Services, is amended as follows:

Insert: Upon request by Canada, the bidder must send written confirmation of the bid within five (5) working days.

Questions and answers

Q1 Under Annex D, 1.1.A.5 - Archiving solution, please confirm if the proposed solution must include an archiving solution that is independent to camera recorder (main server)?

A1 It is not mandatory to have an external backup solution. The backup can be a DVD burner in the DVR (digital video recorder).

Q2 Under Annex D, 1.1.B.1 - Installing and configuring each of the 8 recorders (1 per site). Please clarify if the unit cost is for 1 recorder or for the 8 recorders

A2 Requested price is for the eight recorders (1 per site)

Q3 Part 2 Section 1 - Section 8 of 2003 refers to bid transmission by facsimile or electronic mail that will not be accepted for this RFP. Please can the Crown clarify what the "Insert:" amendment for "Section 8 of 2003 means or is meant by?"

A3 Please see point 4) of this amendment.

Q4 In Annex A, phase completion dates specified in Section 4-Scope do not entirely correspond to dates specified in Section 5.1-General and Section 16-Deadline. What are the valid dates for these sections?

A4 Please see points 1, 2 and 3 of this amendment.

Q5 I noted in your RFP that the solution must be compatible Windows server 2008 R2 and Windows 7. Does the solution have to be capable of recording video from one site's camera onto another site's storage? (NAS while using SMB version 2.1)

A5 No, there is no recording between site. The software to see and control cameras need to be able to run on PC with Windows XP and Windows 7. Currently the PCs have Windows XP. But those PC will be updated to Windows 7. DVR (recorders) need to be compatible with Windows Server 2008 R2 (or Linux) because DND will install the server patches on it. This is required to all servers running on the DND network..

Q6 Under Annex B - Technical Specifications, Point 7 - Architecture and compatibility
Please clarify the desired type of integration with Intergraph Public Safety.

A6 Integration will be make with Intergraph I-Sight.

All other terms and conditions remain unchanged.
