This Amendment number 004 is raised to respond to the following Vendor's questions:

QUESTION 1

1) To extend the range of reference projects which could be used and increase the number of suppliers that could respond to this requirement, we would ask that the Crown reduce the largest project reference specified in requirement M.1 to a value of \$3.0 million.

ANSWER 1

The RFP remains unchanged.

QUESTION 2

2) To improve the quality of team that could be proposed to meet this requirement, we would suggest that the Crown accept reference projects from companies which have an exclusive subcontractor agreement with the proponent in order to meet requirement M.1.

ANSWER 2

The RFP remains unchanged.

QUESTIONS 3

3) To clarify the requirements, is it correct that a development project can be used for reference M.1 if the development work was completed in Canada, even if the resultant software was developed for use outside of Canada?

ANSWER 3

Yes.

QUESTION 4

4) To increase competition for this requirement, we would ask the Crown to reduce the size of one of the reference projects to be \$1 million.

ANSWER 4

The RFP remains unchanged.

QUESTION 5

5) To increase competition for this requirement, we would ask the Crown to allow one of the reference projects to be based on .NET technology rather than J2EE. Many of the skills in managing and developing applications are similar between J2EE and .NET.

ANSWER 5

The RFP remains unchanged.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.
