AMENDMENT 001

Fixed-Wing Search and Rescue Aircraft Replacement Project

Introduction

The purpose of this amendment (**001**) is to continue to share information as part of the Industry Engagement Strategy in the context of the Fixed Wing Search and Rescue Aircraft Replacement (FWSAR) Project. By sharing additional information, the intent from the FWSAR Secretariat is to seek industry feedback to allow the Government of Canada to better understand what industry has to offer and to help the FWSAR project team progress the definition work.

Generic Information for Broadcast to Industry

As part of FWSAR industry engagement, one-on-one sessions were held in October 2012 with potential aircraft provider teams. During the course of these one-on-one sessions, questions were asked by, and information was shared with, certain teams that may not have been provided to all participants. As a result, the FWSAR Secretariat is releasing a document titled "Generic Information for Broadcast to Industry".

Copy of the document will be provided upon request to the FWSAR Secretariat at the e-mail address: ARSVF.FWSAR@tpsgc-pwgsc.gc.ca

FWSAR Video: "A Day in the Life of a FWSAR Crew"

As requested by Industry, the FWSAR PMO has produced an educational video that is intended to provide a better understanding of the current daily operations at a primary FWSAR unit in Canada. This 20-minute video, called "A Day in the Life of a FWSAR Crew" was filmed at 8 Wing Trenton, Ontario, utilizing a CC130H aircraft, which is the only aircraft available at the 8 Wing Trenton to perform fixed wing SAR operations. The video should be used in conjunction with other documentation provided to Industry to obtain a more comprehensive understanding of the fixed wing SAR operations in Canada.

Copy of the video will be provided upon request to the FWSAR Secretariat at the e-mail address: ARSVF.FWSAR@tpsgc-pwgsc.gc.ca
